Refunding Issue - Book- Entry Only

This Official Statement has been prepared by the Division of Bond Finance to provide information about the 2013B Bonds. Selected information is presented on this cover page for the convenience of the reader. *To make an informed decision, a prospective investor should read this Official Statement in its entirety.* Unless otherwise indicated, capitalized terms have the meanings given in Appendices E and F.

\$206,035,000
STATE OF FLORIDA
Department of Transportation
Turnpike Revenue Refunding Bonds, Series 2013B

Dated: Date of Delivery

Due: July 1, as shown on the inside cover

Bond Ratings

AA- Fitch Ratings
Aa3 Moody's Investors Service
AA- Standard & Poor's Ratings Services

Tax Status

In the opinion of Bond Counsel, interest on the 2013B Bonds is excluded from gross income for federal income tax purposes. Such interest is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, however, such interest is taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax imposed on corporations. The 2013B Bonds and the income thereon are not subject to taxation under the laws of the State of Florida, except estate taxes and taxes under Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations as defined therein. See "TAX MATTERS".

Redemption

The 2013B Bonds will not be subject to redemption prior to maturity.

Security

The 2013B Bonds are payable from Net Revenues of the Turnpike System, a reserve account and certain other funds held under the Resolution. **The 2013B Bonds are not a general obligation or indebtedness of the State of Florida, and the full faith and credit of the State of Florida is not pledged to payment of the 2013B Bonds.**

Lien Priority

The lien of the 2013B Bonds on the Net Revenues is the first lien on such revenues and will be on a parity with the Outstanding Bonds previously issued to finance or refinance capital improvements to the Turnpike System. The aggregate principal amount of Bonds which will be outstanding subsequent to the issuance of the 2013B Bonds is \$2,743,780,000, excluding the Refunded Bonds.

Additional Bonds

Additional bonds payable on a parity with the 2013B Bonds and the Outstanding Bonds may be issued if historical and projected Net Revenues are at least 120% of debt service. This description of the requirements for the issuance of Additional Bonds is only a summary of the complete requirements. See "ADDITIONAL BONDS- Additional Parity Bonds" herein for more complete information.

Purpose

Proceeds of the 2013B Bonds are being used to refund all of the outstanding State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2003A, and to pay costs of issuance.

Interest Payment Dates

July 1 and January 1, commencing January 1, 2014.

Record Dates

December 15 and June 15.

Form/Denomination

The 2013B Bonds will initially be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). Individual purchases will be made in book-entry form only through Direct Participants (defined herein) in denominations of \$1,000 and integral multiples thereof. Purchasers of the 2013B Bonds will not receive physical delivery of the 2013B Bonds.

Closing/Settlement

The 2013B Bonds will be available for delivery through the facilities of DTC in New York, New York on August 22, 2013.

**Bond Registrar/
Paying Agent**

U.S. Bank Trust National Association, New York, New York.

INTRODUCTION

This Official Statement sets forth information relating to the sale and issuance of the \$206,035,000 State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2013B (the “2013B Bonds”), dated the date of delivery thereof, by the Division of Bond Finance of the State Board of Administration of Florida (the “Division of Bond Finance”).

Proceeds of the 2013B Bonds will be used to refund all of the outstanding State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2003A, and to pay costs of issuance. The refunding is being effectuated to achieve debt service savings due to lower interest rates. See “THE REFUNDING PROGRAM” below for more detailed information.

The 2013B Bonds will be solely payable from the Net Revenues of the Turnpike System (the “System”). The lien of the 2013B Bonds on the Net Revenues is on a parity with certain Turnpike Revenue Bonds issued since 2003. The aggregate principal amount of Bonds which will be outstanding subsequent to the issuance of the 2013B Bonds is \$2,743,780,000, excluding the Refunded Bonds. **The 2013B Bonds are not secured by the full faith and credit of the State of Florida.**

This Official Statement speaks only as of its date, and the information contained herein is subject to change. Any statements made in this Official Statement which involve opinions or estimates, whether or not expressly stated, are set forth as such and not as representations of fact. No representation is made that any of the opinions or estimates will be realized. To make an informed decision, a full review should be made of the entire Official Statement. The descriptions of the 2013B Bonds and the documents authorizing and securing the same do not purport to be comprehensive or definitive. All references to and descriptions of such documents are qualified by reference to the actual documents. Copies of such documents may be obtained from the Division of Bond Finance.

End of Introduction

AUTHORITY FOR THE ISSUANCE OF THE 2013B BONDS

General Legal Authority

The 2013B Bonds are being issued by the Division of Bond Finance on behalf of the Florida Department of Transportation (the "Department" or "FDOT") pursuant to Article VII, Section 11(d) of the Florida Constitution, the State Bond Act, the Florida Turnpike Enterprise Law (Sections 338.22 - 338.241, Florida Statutes), and other applicable provisions of law. Article VII, Section 11(d), of the Florida Constitution provides that revenue bonds payable solely from funds derived directly from sources other than State tax revenues may be issued by the State of Florida or its agencies, without a vote of the electors, to finance or refinance capital projects. Sections 215.59(2) and 215.79, Florida Statutes, authorize the issuance of revenue bonds and the refunding of such bonds by the Division of Bond Finance pursuant to Article VII, Section 11(d), of the Florida Constitution.

Division of Bond Finance

The Division of Bond Finance, a public body corporate created pursuant to the State Bond Act, is authorized to issue bonds on behalf of the State or its agencies. The Governing Board of the Division of Bond Finance (the "Governing Board") is composed of the Governor, as Chairman, and the Cabinet of the State of Florida, consisting of the Attorney General as Secretary, the Chief Financial Officer as Treasurer and the Commissioner of Agriculture. The Director of the Division of Bond Finance may serve as an assistant secretary of the Governing Board.

State Board of Administration of Florida

The State Board of Administration of Florida (the "Board of Administration") was created under Article IV, Section 4, of the Constitution of the State of Florida, as revised in 1968 and subsequently amended, and succeeds to all the power, control and authority of the state board of administration established pursuant to Article IX, Section 16, of the Constitution of the State of Florida of 1885. It will continue as a body at least for the life of Article XII, Section 9(c) of the Florida Constitution. The Board of Administration is composed of the Governor, as Chairman, the Chief Financial Officer and the Attorney General. Under the State Bond Act, the Board of Administration determines the fiscal sufficiency of all bonds proposed to be issued by the State of Florida or its agencies. The Board of Administration also acts as the fiscal agent of the Department in administering the Revenue Fund, the Sinking Fund, and the Rebate Fund.

Department of Transportation

The Department operates under the Florida Transportation Code, which includes the Florida Turnpike Enterprise Law. The head of the Department is the Secretary of Transportation, nominated by the Florida Transportation Commission, appointed by the Governor and confirmed by the State Senate. Ananth Prasad was appointed as Secretary of Transportation by Governor Rick Scott in April 2011, and has worked for the Department for 20 years.

The Department is a decentralized agency, with a Central Office, seven District Offices, the Turnpike Enterprise and the Rail Enterprise. Each of the District Secretaries and the Executive Director of the Turnpike Enterprise sit on the Executive Board of the Department. The Florida Turnpike Enterprise Law authorizes the Department to acquire, construct, maintain and operate the System.

Florida Turnpike Enterprise

Some of the original portions of the System were constructed and managed by the Florida State Turnpike Authority created in 1953. In 1969, the Department succeeded to all the powers, properties and assets of the Florida State Turnpike Authority. In 1994, the Turnpike District, one of eight Department District Offices, was created to manage the System.

Chapter 2002-20, Laws of Florida, reorganized the Turnpike District into the Florida Turnpike Enterprise (the "Enterprise"). The legislation provided the System with autonomy and flexibility to pursue innovations and best practices found in the private sector and to apply those to the System, which remains an asset of the Department. The management team remained unchanged, but with a refocused mission and vision.

In addition to providing additional flexibility in project delivery and enhanced revenue opportunities, Chapter 2002-20, Laws of Florida, authorized the incorporation of the Department's Office of Toll Operations into the Enterprise. The Enterprise collects Tolls for the System as well as five Department owned facilities and two Department operated facilities.

The System operates as an Enterprise within the Department. The Enterprise is organized into eight functional program areas as follows:

<u>Program Area</u>	<u>Office</u>
Finance, Business Development & Concession Management, and Customer Toll Operations	Chief Financial Officer and Deputy Executive Director
Production and Planning	Director of Transportation Development
Highway Operations, Construction, and Maintenance	Director of Transportation Operations
Communications and Marketing	Director of Communications and Marketing
Administration	Director of Administration
Toll Systems	Director of Toll Systems
Government Coordination	Government Affairs Liaison
Loss Prevention	Director of Loss Prevention

Administrative Approval

The Department has, by resolution, requested the Division of Bond Finance to issue the 2013B Bonds. The Governing Board authorized the issuance and sale of the 2013B Bonds by resolution adopted on October 25, 1988, as amended and restated on May 17, 2005, and as supplemented by a resolution adopted on March 19, 2013 (collectively, the "Resolution"). The Board of Administration approved the fiscal sufficiency of the 2013B Bonds by a resolution adopted on March 19, 2013.

Validation of the 2013B Bonds

The 2013B Bonds are not required to be validated.

DESCRIPTION OF THE 2013B BONDS

The 2013B Bonds and the interest payable thereon are obligations of the Department, secured by and payable solely from a first lien pledge of the Net Revenues of the System on a parity with the previously issued 2003A through 2013A Bonds.

The 2013B Bonds are being issued as fully registered bonds in the denomination of \$1,000 or integral multiples thereof. The 2013B Bonds are payable from the Net Revenues as described herein. The 2013B Bonds will be dated the date of delivery thereof and will mature as set forth on the inside front cover. Interest is payable on January 1, 2014, for the period from the date of delivery thereof, to January 1, 2014, and semiannually thereafter on January 1 and July 1 of each year, until maturity.

The 2013B Bonds will initially be issued exclusively in "book-entry" form. Ownership of one 2013B Bond for each maturity (as set forth on the inside front cover), each in the aggregate principal amount of such maturity, will be initially registered in the name of "Cede & Co." as registered owner and nominee for The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the 2013B Bonds. Individual purchases of the 2013B Bonds will be made in book-entry form only, and the purchasers will not receive physical delivery of the 2013B Bonds or any certificate representing their beneficial ownership interest in the 2013B Bonds. See Appendix I, "Provisions for Book-Entry Only System or Registered Bonds" for a description of DTC, certain

responsibilities of DTC, the Department and the Bond Registrar/Paying Agent, and the provisions for registration and registration for transfer of the 2013B Bonds if the book-entry only system of registration is discontinued.

REDEMPTION PROVISIONS

The 2013B Bonds will not be subject to redemption prior to maturity.

THE REFUNDING PROGRAM

The proceeds derived from the sale of the 2013B Bonds, together with other legally available moneys, will be used to refund the State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2003A, maturing in the years 2014 through 2022, in the outstanding principal amount of \$234,550,000 (the “Refunded Bonds”). This refunding is being effectuated to achieve debt service savings.

Simultaneously with the delivery of the 2013B Bonds, the Department will cause to be deposited a portion of the proceeds of the 2013B Bonds, along with other legally available moneys, into an irrevocable escrow account (the “Escrow Deposit Trust Fund”) under an Escrow Deposit Agreement to be entered into among the Department, the Division of Bond Finance and the Board of Administration (the “Escrow Agent”). The Escrow Agent will hold those moneys uninvested.

The proceeds of the 2013B Bonds, and the cash on deposit in the Escrow Deposit Trust Fund will be sufficient to pay the principal of, interest on, and redemption premium, on the Refunded Bonds on the redemption date. The Refunded Bonds will be called for redemption (by separate redemption notice) on August 23, 2013, at a redemption price equal to the principal amount thereof with interest due thereon through the redemption date, plus a redemption premium. No funds held in escrow will be available to pay debt service on the 2013B Bonds.

Sources and Uses of Funds

Sources:

Par Amount of 2013B Bonds	\$206,035,000
Plus: Premium Bid	26,148,949
Available Sinking Fund Moneys	<u>6,862,583</u>
Total Sources	<u>\$239,046,532</u>

Uses:

Deposit to the Escrow Deposit Trust Fund	\$238,533,486
Underwriter’s Discount	156,525
Costs of Issuance	<u>356,521</u>
Total Uses	<u>\$239,046,532</u>

Application of the 2013B Bond Proceeds

Upon receipt of the proceeds of the 2013B Bonds, the Department of Transportation will transfer and apply such proceeds as follows:

- (A) The accrued interest on the 2013B Bonds will be transferred to the Board of Administration and deposited in the Sinking Fund created by the Resolution.
- (B) The amount necessary to pay all costs and expenses of the Division of Bond Finance in connection with the preparation, sale and issuance of the 2013B Bonds, including a reasonable charge for the services of the Division of Bond Finance, will be transferred to the Division of Bond Finance to be deposited in the Bond Fee Trust Fund and the Arbitrage Compliance Trust Fund pursuant to written instructions at the delivery of the 2013B Bonds, unless such amount will be provided from another legally available source.

- (C) All remaining proceeds will be transferred to the Board of Administration for deposit into a trust fund, to be known as the "State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2013B Escrow Deposit Trust Fund." After the redemption of the Refunded Bonds, any excess proceeds not used for such purpose will be transferred to the Sinking Fund and shall be used for any purpose for which moneys may be legally used from such fund (including the payment of debt service).

SECURITY FOR THE 2013B BONDS

Pledge of Revenues

The 2013B Bonds will be secured by a pledge of and a first lien on, and will be payable solely from, the Net Revenues of the Turnpike System on a parity with the previously issued 2003A through 2013A Bonds (the "Outstanding Bonds") and any Additional Bonds hereafter issued on a parity therewith pursuant to the Resolution. See "ADDITIONAL BONDS" below. The aggregate principal amount of Bonds which will be outstanding subsequent to the issuance of the 2013B Bonds is \$2,743,780,000, excluding the Refunded Bonds. The 2013B Bonds are also secured by a subaccount in the Debt Service Reserve Account which also secures the Outstanding Bonds.

The Resolution, which was originally adopted in 1988, defines Net Revenues as the Revenues derived from the operation of the System after deducting the Cost of Operation and Cost of Maintenance. Pursuant to legislation adopted in 1997, the Department covenanted on August 21, 1997, to pay all costs of operation and maintenance of the Turnpike System from the State Transportation Trust Fund ("STTF"), in effect making 100% of the Turnpike System Gross Revenues available for debt service. The costs of operation and maintenance paid from the STTF are to be reimbursed from the Turnpike General Reserve Fund only after provision has been made for payment of debt service and other amounts required with respect to Turnpike Revenue Bonds. See "FLOW OF FUNDS - Payment of Costs of Operation and Maintenance from State Transportation Trust Fund," "FLOW OF FUNDS - Application of Revenues," and "TOLLS - Toll Covenant" below.

The 2013B Bonds are "revenue bonds" within the meaning of Article VII, Section 11(d), of the Florida Constitution, and are payable solely from funds derived directly from sources other than State tax revenues. **The 2013B Bonds do not constitute a general obligation or indebtedness of the State of Florida or any of its agencies or political subdivisions and will not be a debt of the State of Florida or of any agency or political subdivision thereof, and the full faith and credit of the State is not pledged to the payment of the principal of, premium, if any, or interest on the 2013B Bonds. The issuance of the 2013B Bonds does not, directly or indirectly or contingently, obligate the State of Florida to use State funds, other than the Net Revenues, to levy or to pledge any form of taxation whatsoever or to make any appropriation for payment of the principal of, premium, if any, or interest on the 2013B Bonds.**

Debt Service Reserve Account

Generally - The Division of Bond Finance may establish multiple subaccounts in the Debt Service Reserve Account for one or more Series of Bonds, each of which is available to cure deficiencies in the Sinking Fund only with respect to the Series of Bonds for which such subaccount is established. The Debt Service Reserve Requirement for each subaccount in the Debt Service Reserve Account is the lowest of:

- (i) 125% of the average Annual Debt Service Requirement for the then current and succeeding fiscal years;
- (ii) Maximum Annual Debt Service;
- (iii) 10% of the aggregate of the original proceeds received from the initial sale of all Outstanding Bonds; or
- (iv) the maximum debt service reserve permitted with respect to Tax-Exempt obligations under the U.S. Internal Revenue Code, as amended,

with respect to the Bonds for which such subaccount has been funded. The Resolution provides that one or more Reserve Account Credit Facilities may be deposited in the Debt Service Reserve Account in lieu of funding it with cash.

Moneys in the Debt Service Reserve Account may be used only for deposit into the Interest Account, Principal Account and Bond Amortization Account when the other moneys available for such purpose are insufficient therefor.

The 2013B Bonds - The 2013B Bonds will be secured by the subaccount in the Debt Service Reserve Account that also secures the 2004A through 2013A Bonds (the "Subaccount"). The Subaccount is funded by cash in the amount of \$187,725,289, which represents 125% of the average Annual Debt Service Requirement for the current and succeeding fiscal years on the Outstanding Bonds and which includes the 2013B Bonds incremental Debt Service Reserve Requirement.

The Subaccount is also funded by debt service surety bonds totaling \$173,807,394 issued by: Ambac Assurance Corporation ("Ambac") in the amount of \$77,501,575; MBIA Insurance Corporation ("MBIA") in the amount of \$58,983,344; Assured Guaranty Municipal Corp. ("AG Muni", formerly Financial Security Assurance, Inc.) in the amount of \$24,574,400; and Financial Guaranty Insurance Company ("FGIC") in the amount of \$12,748,075. As a result of downgrades of these insurers, the Turnpike was required to provide additional reserve funding. The Subaccount is now fully funded with cash.

See "MISCELLANEOUS - Bond Ratings" below for a discussion of potential and actual rating agency actions with respect to various insurance companies, including Ambac, MBIA, AG Muni and FGIC.

If more than one Reserve Account Credit Facility is deposited into a subaccount in the Debt Service Reserve Account, the Resolution provides that drawings thereunder will be made on a pro rata basis, calculated by reference to the maximum amounts available thereunder. If a disbursement is made under a Reserve Account Credit Facility, the Department is obligated to either reinstate such instrument immediately following such disbursement to the amount required to be maintained in the Debt Service Reserve Account or to deposit into the applicable subaccount in the Debt Service Reserve Account funds in the amount of the disbursement made under the surety bonds, or a combination of such alternatives as will equal the amount required to be maintained.

Outstanding Parity Bonds

The Division of Bond Finance has issued several series of Department of Transportation Turnpike Revenue and Revenue Refunding Bonds which will be outstanding in the aggregate principal amount of \$2,743,780,000, excluding the Refunded Bonds, subsequent to the issuance of the 2013B Bonds and are payable from the Net Revenues. The 2013B Bonds are secured by a lien on the Net Revenues on a parity with the Outstanding Bonds. See "ADDITIONAL BONDS" below.

ADDITIONAL BONDS

Additional Parity Bonds

The Division of Bond Finance may issue Additional Bonds payable from Net Revenues on a parity with the Outstanding Bonds and the 2013B Bonds, for the purpose of financing the cost of construction or acquisition of Turnpike Projects, or for the purpose of refunding Bonds, but only under the following terms, limitations and conditions:

(a) The Board of Administration must approve the fiscal sufficiency of the Additional Bonds prior to the sale thereof;

(b) Sufficient Revenues will have been collected and transferred to the Board of Administration to make all prior and current payments under the Resolution, and neither the Division of Bond Finance nor the Department will be in default thereunder;

(c) All principal of and interest on Bonds which became due on or prior to the date of delivery of the Additional Bonds must be paid;

(d) A certificate must be filed with the Board of Administration and the Division of Bond Finance signed by an Authorized Officer of the Department setting forth the amount of Net Revenues collected during the immediately preceding fiscal year or any 12 consecutive months selected by the Department out of the 15 months immediately preceding the date of such certificate;

(e) A certificate must be filed with the Board of Administration and the Division of Bond Finance by the Traffic Engineer stating the estimate of the amount of Net Revenues to be collected during the current fiscal year and each fiscal year thereafter, to and including the third complete fiscal year after the Consulting Engineer's estimated date for completion and placing in operation of the Turnpike Projects to be financed by the proposed Additional Bonds, taking into account any revisions to be effective during such period of the Tolls and other income in connection with the operation of the Florida Turnpike;

(f) Determinations must be made by both the Board of Administration and the Division of Bond Finance that:

(1) the amount shown by the certificate described in paragraph (d) are not less than 120% of the amount of the Annual Debt Service Requirement for the current fiscal year on account of all Bonds then Outstanding;

(2) the amount shown by the certificate described in paragraph (e) for the current fiscal year and for each fiscal year to and including the first complete fiscal year after the Consulting Engineer's estimated date for completion and placing in operation of the Turnpike Projects to be financed by the proposed Additional Bonds are not less than 120% of the Annual Debt Service Requirement for each such fiscal year on account of all Bonds then Outstanding and the proposed Additional Bonds; and

(3) the amount shown by the certificate described in paragraph (e) for each of the three complete fiscal years after the Consulting Engineer's estimated date for completion and placing in operation of the Turnpike Projects to be financed by the proposed Additional Bonds are not less than 120% of the Maximum Annual Debt Service for each such fiscal year on account of all Bonds then Outstanding and the proposed Additional Bonds.

The debt service requirement of Bonds to be refunded and defeased from the proceeds of the proposed Additional Bonds is not to be taken into account in making such determinations. Refunding bonds issued for a net debt service savings in each fiscal year are exempt from the provisions of (d), (e) and (f) above.

After the issuance of the 2013B Bonds, \$566,885,000 Turnpike Revenue Bonds will remain authorized, validated and unissued.

Turnpike Debt Management Policy

The Department has established debt management guidelines for the System designed to assure a sound financial decision making process and affirm the future financial viability of the System. The guidelines provide that the Department will borrow only to fund capital requirements, not operating and maintenance costs, and that the final maturity of bonds issued to finance Turnpike improvements may not exceed the useful lives of such improvements. The guidelines also call for the Department to adjust its capital plans in order to maintain annual debt coverage ratios of at least 1.5 times Net Revenue or 2.0 times Gross Revenue, and to periodically prepare cash forecasts and financial plans. In calculating debt coverage ratios for this purpose, the Department has taken federal subsidies for Build America Bonds into account.

Junior Lien Obligations

The Division of Bond Finance and Department covenant that until the Bonds are defeased, they will not issue any other obligations, except Additional Bonds, nor voluntarily create or cause to be created any other debt, lien, pledge, assignment, encumbrance or other charge, having priority to or being on a parity with the lien of the Registered Owners of the Bonds upon the Net Revenues. Any such other obligations secured by the Net Revenues, other than the Bonds and Additional Bonds, will contain an express statement that such obligations are junior, inferior, and subordinate to the Bonds theretofore or thereafter issued, as to lien on and source and security for payment from the Net Revenues. The Resolution authorizes the Division of Bond Finance to issue junior lien bonds which will ascend to parity status with the Bonds upon compliance with the requirements for Additional Bonds set forth above.

The Department has also covenanted not to issue any obligations, or create, cause or permit to be created, any debt, lien, pledge, assignment, encumbrance, or any charge upon any of the properties of the System except as otherwise provided in the Resolution.

Subordinated Debt. The System periodically incurs debt due to the Department. The lien of this debt on the net revenues of the System is junior and subordinate to that of the Bonds. The subordinated debt is made up of loans and advances made by the Department to the System for the purpose of advancing improvement and expansion projects with repayments deferred until projects have been incorporated into the System operations. The Department has made loans to the Turnpike System from the State Infrastructure Bank ("SIB"), the Toll Facilities Revolving Trust Fund ("TFRTF") and the STTF. Various STTF loans were made to subsidize Operation and Maintenance (O&M) expenses on expansion projects.

At February 28, 2013, subordinated debt was outstanding in the amount of \$148.9 million. The following table shows the scheduled repayment of subordinated debt.

Scheduled Subordinated Debt Repayments as of February 28, 2013

Turnpike System
(In Thousands)

	<u>FY 2013</u>	<u>FY 2014</u>	<u>FY 2015</u>	<u>FY 2016</u>	<u>FY 2017 and thereafter</u>	<u>Total</u>

Planned Near-Term Bond Issues

The Department has established a policy of cash management allowing bond issuance to be based on cash flow requirements over the construction period of the capital improvements undertaken by the Enterprise. The System's current year and Five Year Work Plan calls for capital projects totaling \$2.8 billion, \$1.0 billion of which will be funded with additional bonds. In Fiscal Year 2007, the System's legislative bond cap under Section 338.2275, Florida Statutes, was increased to \$10.0 billion. Bond issuance is expected to occur annually as needed to fund the continuation of projects under construction and start new projects.

Fiscal Year 2014 (Fall 2013): A bond issue of approximately \$282 million will be required to fund the widening of the Homestead Extension of Florida's Turnpike ("HEFT") from milepost 11 to milepost 20 in Miami-Dade County, the construction of the Toll 23 expansion project in Clay and Duval counties, and to continue to fund those projects funded by prior bond issues that have not been completed.

Fiscal Year 2014 (Spring 2014): A bond issue of approximately \$329 million will be required to fund widening of the HEFT from milepost 20 to 24 in Miami-Dade County, canal barrier protection on the Mainline from milepost 298 to milepost 309 in Sumter County, and to continue to fund those projects funded by prior bond issues that have not been completed.

Fiscal Year 2015: A bond issue of approximately \$203 million will be required to fund canal barrier protection on the Mainline from milepost 181 to milepost 189 in Okeechobee County, and to continue to fund those projects funded by prior bond issues that have not been completed.

Fiscal Year 2016: A bond issue of approximately \$87 million will be required to fund canal barrier protection on the Mainline from milepost 249 to 274 in Orange County, and to continue to fund those projects funded by prior bond issues that have not been completed.

Fiscal Year 2017: A bond issue of approximately \$85 million will be required to fund the widening of the HEFT from milepost 24 to milepost 26 in Miami-Dade County, improvements to the Golden Glades interchange on the Mainline in Miami-Dade County, and to continue to fund those projects funded by prior bond issues that have not been completed.

FLOW OF FUNDS

The Resolution establishes: (i) the “Revenue Fund”, (ii) the “Operation and Maintenance Fund” or “O&M Fund” (and the “Cost of Operation Account” and the “Cost of Maintenance Account” therein), (iii) the “Sinking Fund” (consisting of the “Interest Account,” the “Principal Account,” the “Bond Amortization Account,” the “Debt Service Reserve Account” and the “Bond Redemption Account”), (iv) the “Renewal and Replacement Fund” or “R&R Fund,” (v) the “Operation and Maintenance Reserve Fund” or the “O&M Reserve Fund,” (vi) the “General Reserve Fund” and (vii) the “Rebate Fund.” All Revenues are deposited daily into a special account in one or more depositories (the “Collection Account”). At least weekly the Department transfers all moneys in the Collection Account to the Board of Administration for deposit into the Revenue Fund.

Except for the O&M Fund and the O&M Reserve Fund, such funds and accounts constitute trust funds for the purposes provided in the Resolution, and the Registered Owners of the Bonds have a lien on all moneys in such funds and accounts until applied as provided therein. See “MISCELLANEOUS - Investment of Funds” below.

Payment of Costs of Operation and Maintenance from State Transportation Trust Fund

Although the Resolution requires that moneys in the Revenue Fund first be applied to pay the Costs of Operation and Maintenance, the Department has covenanted (the “Covenant”) to pay such Costs of Operation and Maintenance from the State Transportation Trust Fund (“STTF”). By its terms, the Covenant (i) is a contract enforceable by the Registered Owners, (ii) is not subject to repeal, impairment or amendment which would materially and adversely affect the rights of Registered Owners, and (iii) may be amended only upon compliance with the procedures for amending the Resolution.

The Covenant requires that the STTF be reimbursed from moneys available in the General Reserve Fund, the last fund in the flow of funds. If such moneys are insufficient to reimburse the STTF, the Department must take actions (including deferring projects and increasing Tolls) to increase available revenues. If such actions would adversely impact the security of the Registered Owners or the integrity of the Turnpike System, the reimbursement obligation would become a debt of the Turnpike System to the STTF, payable from the General Reserve Fund. The terms of the Covenant were approved as part of validation proceedings with respect to previously authorized Turnpike Revenue Bonds. The full text of the Covenant is reproduced herein as Appendix D.

The STTF is funded by various transportation-related taxes, fees, fines and surcharges, including motor fuel taxes and motor vehicle license taxes, (collectively, the “State Tax Component”), as well as federal aid, interest earnings and miscellaneous revenues. By law, a minimum of 15% of STTF receipts are reserved for public transportation projects. STTF receipts are available to pay the costs of operation and maintenance on the Turnpike System only after payment of debt service and making loan repayments on certain non-Turnpike bond programs and costs of operation and maintenance on certain expressway systems (collectively, the “Prior Lien Obligations”). The list and amounts of Prior Lien Obligations are subject to revision, but may never become so extensive as to impair the ability of the Department to pay the Costs of Operation and Maintenance from the STTF pursuant to the Covenant.

The following table shows the STTF funds available to meet the Covenant. The management of the System has prepared the prospective financial information set forth below (i.e. Fiscal Years 2013-2018) to present the STTF funds available to meet the Covenant. The accompanying prospective financial information was not prepared with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants with respect to prospective financial information, but, in the view of the System's management, was prepared on a reasonable basis, reflects the best currently available estimates and judgments, and presents, to the best of management's knowledge and belief, the expected course of action and the expected future financial performance of the System. However, this information is not fact and should not be relied upon as being necessarily indicative of future results, and readers of this Official Statement for the Series 2013B Bonds are cautioned not to place undue reliance on the prospective financial information.

Neither the System's independent auditors, nor any other independent accountants have compiled, examined or performed any procedures with respect to the projected financial information contained in these tables, nor have they expressed any opinion or form of assurance on such information or its achievability, and assume no responsibility for, and disclaim any association with the projected financial information.

Turnpike Operations and Maintenance Coverage from STTF
(In Millions)

Fiscal Year Ended June 30	State Receipts Available¹	Prior Lien Obligations²	Available for Turnpike Operations & Maintenance	Turnpike Operations & Maintenance³	Turnpike Operations & Maintenance Coverage
2008	\$2,474.1	\$146.7	\$2,327.4	\$189.9	12.26x
2009	2,441.1	159.2	2,281.9	190.6	11.97
2010	2,405.1	180.0	2,225.1	172.4	12.91
2011	2,439.1	180.7	2,258.4	180.1	12.54
2012	2,487.6	204.4	2,283.2	173.7	13.14
2013	2,607.0	204.4	2,402.6	178.8	13.44

2018	3,424.2	317.7	3,106.5	183.8	16.90

¹ Amounts for Fiscal Years 2008 through 2012 are actual. Projections of State Receipts Available for Fiscal Years 2013 through 2018 are based on the August 2012 Revenue Estimating Conference estimates of State Transportation Trust Fund Revenue, adjusted by the Department to reflect (i) the statutory percentage reserved for public transportation projects, and (ii) exempt revenues, and (iii) the Department's share of documentary stamps, and (iv) interest earnings and miscellaneous revenues from the Department's Work Program Finance Plan which is based on the August 2012 Revenue Estimating Conference estimates of the State Transportation Trust Fund Revenue.

² Prior Lien Obligations include Right-of-Way Acquisition and Bridge Construction Bond Program debt service, State Infrastructure Bank repayments pledged for debt service, Availability Payments for the I-595 and Miami Tunnel projects, Authority Operations and Maintenance loans, renewal and replacement loans under Lease-Purchase Agreements, Transportation Infrastructure Finance and Innovation Act of 1998 loan repayment, and Turnpike Enterprise Toll Facilities Revolving Trust Fund and Operations and Maintenance loans. Projections of Prior Lien Obligations are based on the Department's Work Program Finance Plan which is based on the August 2012 Revenue Estimating Conference estimates of the State Transportation Trust Fund.

³ Amounts for Fiscal Years 2008 through 2012 are actual. Projections for Fiscal Years 2013 through 2018 are from Appendix A - "Traffic and Earnings Letter". Turnpike Operations and Maintenance includes business development and marketing expense.

Source: State of Florida Department of Transportation.

Application of Revenues

The Resolution provides that on the 15th day of each month, Revenues are first deposited in the O&M Fund in amounts equal to 1/12th of the Cost of Operation and 1/12th of the Cost of Maintenance. By July 2012, the Department had made sufficient deposits in the Cost of Operation and Cost of Maintenance Accounts equal to 1/12th of the budgeted Cost of Operation and 1/12th of the budgeted Cost of Maintenance for Fiscal Year 2013, respectively. Because the Costs of Operation and Maintenance are to be paid from the STTF, the moneys on deposit in the O&M Fund will not need to be drawn down and no Revenues will be deposited therein.

On the 15th day of each month, to the extent necessary, Revenues are deposited (i) first, into the Interest Account in the Sinking Fund, in an amount equal to 1/6th of the interest payable on the Bonds on the next Interest Payment Date; and (ii) next, to the Principal Account in the Sinking Fund in an amount equal to 1/12th of the principal amount of Serial Bonds maturing on the next annual maturity date, and into the Bond Amortization Account in such amounts as may be required for the payment of Term Bonds. Any deficiencies in the Interest Account, the Principal Account and the Bond Amortization Account will be restored from the first Net Revenues available to the Department.

After funding the accounts in the Sinking Fund, Revenues are deposited into each subaccount in the Debt Service Reserve Account to the extent necessary to maintain an amount equal to the Debt Service Reserve Requirement established for the Bonds.

Thereafter, Revenues are deposited in the Renewal and Replacement Fund to the extent necessary to pay 1/12th of the amount certified by the Consulting Engineer for the current fiscal year as being necessary for the purposes of the Renewal and Replacement Fund. The Department may withdraw and transfer to any other fund any excess amount certified by the Consulting Engineer as not being necessary for the purposes of the Renewal and Replacement Fund. Moneys in the Renewal and Replacement Fund are used to pay the cost of replacement or renewal of capital assets or facilities of the Turnpike System, or extraordinary repairs of the Turnpike System, excluding non-Toll roads other than Feeder Roads. The moneys in the Renewal and Replacement Fund may be deposited into the Interest Account, Principal Account and Bond Amortization Account only when the moneys in the Revenue Fund and the Debt Service Reserve Account are insufficient therefor.

Revenues are next deposited into the O&M Reserve Fund to the extent necessary to maintain an amount on deposit in the O&M Reserve Fund at least equal to 1/8th of the sum of the Cost of Operation and the Cost of Maintenance for the current fiscal year as set forth in the Annual Budget of the Department. Any moneys in the O&M Reserve Fund in excess of the amount required to be maintained therein may be transferred at the direction of the Department to the General Reserve Fund.

The balance of any moneys remaining in the Revenue Fund not needed for the foregoing payments are deposited in the General Reserve Fund and applied by the Department for any lawful purpose; provided, however, that no such deposit may be made unless all payments described above, including any deficiencies for prior payments, have been made in full to the date of such deposits.

TOLLS

Toll Covenant

The Department has covenanted in the Resolution to fix, establish and collect Tolls for the use of the Turnpike (except non-Toll roads) at such rates, and revise such Tolls from time to time whenever necessary so that the Revenues will be sufficient in each fiscal year to pay at least 100% of the Cost of Maintenance and Cost of Operation, and so that the Net Revenues will be sufficient in each fiscal year to pay at least 120% of the Annual Debt Service Requirement for the Bonds and at least 100% of all other payments required by the Resolution. Excess Revenues collected in any fiscal year will not be taken into account as a credit against the foregoing requirements for any subsequent fiscal year.

The Department will be without power to reduce Toll rates or remove Tolls from all or a portion of the System except in the manner provided in the Resolution, until all the Bonds and interest thereon have been fully paid and discharged, or such payment has been fully provided for. Any such Toll reduction or removal would require a survey and recommendation of the Traffic Engineers, who must certify that in their opinion the amount of Tolls to be produced after such rate reduction or Toll removal in each fiscal year thereafter will continue to be sufficient to comply with the Toll rate covenants above. For purposes of the Resolution, conversion from one system of Toll

collection (such as a ticket system) to another system of Toll collection (such as a barrier/ramp system) is not considered a removal of Tolls.

On or before each February 1, the Department must (i) review the financial condition of the System and the Bonds in order to estimate whether the Revenues for the following fiscal year will be sufficient to comply with the Toll covenants; (ii) make a determination with respect thereto by resolution; (iii) file with the Board of Administration certified copies of such resolutions, together with a certificate of an Authorized Officer of the Department setting forth a reasonably detailed statement of the actual and estimated Revenues and other pertinent information for the year for which such determination was made. If the Department determines that the Revenues for the following fiscal year may not be sufficient, it will forthwith cause the Traffic Engineers to make a study and to recommend a schedule of Tolls which will provide Revenues sufficient to comply with the Toll requirements in the following fiscal year and to restore any deficiency at the earliest practicable time, but not later than the next July 1.

Failure to comply with the Toll covenant set forth above will not constitute a default under the Resolution if there is not a failure to pay principal and interest on the Bonds when due and (i) the Department complies with the provisions of the preceding paragraph; or (ii) the Traffic Engineers certify that a Toll schedule which will comply with such Toll covenant is impracticable at that time, and the Department establishes a schedule of Tolls recommended by the Traffic Engineers to comply as nearly as practicable with such Toll covenant.

Toll Collection and Rate Adjustments

Both the Resolution and State law require the Department to fix, adjust, charge and collect Tolls on the System sufficient to pay the costs of the System. The Department follows the public notice requirements set forth in the State of Florida Administrative Procedures Act (the "APA") when fixing or adjusting Toll rates. The APA process results in the public notice occurring close to the time the Toll rate is implemented for existing projects. For new projects, the Department is required by law to publish and adopt a proposed Toll rate during the planning and project development phase.

The System uses several methods of Toll collection and typically collects a higher Toll rate per mile on expansion projects than on the Mainline. A barrier/ramp (coin) system is used on all of the existing System, other than the segment of the Mainline between Boynton Beach and Kissimmee. This 155-mile section utilizes a ticket system. An electronic Toll collection program has been implemented statewide which uses a transponder/account system, known as SunPass[®]. Additionally, Tolls are collected on the HEFT through TOLL-BY-PLATE, an alternative toll collection system whereby a vehicle's license plate is captured by a camera for customer identification.

The System has entered into a Toll revenue collection contract with a private contractor which runs through February 28, 2015.

Historical Revenue

Total Toll and concession revenues for the System are summarized in the table below. As indicated in the table, total revenues increased from approximately \$459 million in Fiscal Year 2003 to approximately \$675 million in Fiscal Year 2007. In Fiscal Years 2008 and 2009, revenues declined to approximately \$646 million and \$601 million, respectively, due to the impact of the recent economic downturn. In Fiscal Years 2010, 2011, and 2012, revenues increased to approximately \$607 million, \$608 million, and \$616 million, respectively. The annual compounded growth rate from 2003 to 2012 was approximately 3 percent.

During the early 1990's, almost all of the System revenues were collected on the Mainline. However, with the diversification of the System through the opening of expansion projects, the Mainline now accounts for approximately 72 percent of Toll revenues. As expansion projects continue to be added and their respective revenues ramp-up, the System anticipates that expansion project revenues, as a percentage of the total revenues collected, will continue to gradually increase.

* Revenue on these expansion projects is reflected based on the project's opening.

** The decrease in Fiscal Years 2008 and 2009 revenue is due to a decline in Florida's economic conditions.

Source: Turnpike System Fiscal Year 2012 Traffic and Earnings Report.

In May 2001, the Department successfully completed the final phase of the statewide implementation of SunPass®. SunPass® is the electronic toll collection ("ETC") system operated by the Enterprise and is used on the five Department-owned and two Department-operated toll facilities within the Enterprise. SunPass® transponders are interoperable with other ETC systems in the State including the Orlando-Orange County Expressway Authority's E-Pass ETC system. SunPass® is also accepted along the 33-mile roadway of the Miami-Dade Expressway Authority and the 15-mile Selmon Crosstown Expressway operated by the Tampa Hillsborough Expressway Authority. Additionally, SunPass® is a convenient method to pay electronically for parking at a growing number of major international airports in Florida. SunPass® is currently accepted at Orlando, Tampa, Palm Beach, Miami and Fort Lauderdale International Airports. SunPass® customers can travel non-stop through Turnpike Toll plazas. Tolls are registered automatically, through the use of a transponder, after an account has been established with sufficient advance payment.

The following table provides a summary of ETC revenues for the System since ETC inception. As indicated in the table, SunPass® revenues grew to 73 percent of the total System Toll revenue in Fiscal Year 2012. In Fiscal Year 2006, the Department successfully completed the SunPass® Challenge program that was initiated in December 2002. Under this program, the Department increased the number of SunPass®-only lanes, added new capacity at select toll plazas, made several infrastructure enhancements, and improved the violation enforcement system. The result has been a significant increase in SunPass® participation. Today, the Department is implementing the next generation of ETC technology, known as Open Road Tolling ("ORT") and converting certain System facilities to All-Electronic Tolling ("AET"). Under ORT, conventional toll plazas are replaced with modern toll gantries that allow customers to drive and pay tolls at highway speed. ORT allows ETC customers (i.e. those with SunPass® and interoperable transponders) to pay tolls electronically at highway speeds while maintaining cash toll collection in select outside lanes for the benefit of customers who do not have SunPass®. On February 19, 2011, the Homestead Extension portion of the Mainline was the first facility to be converted to AET. Cash toll payments are no longer accepted on the facility. Customers must now pay their tolls electronically using a SunPass transponder or the TOLL-BY-PLATE program, which is based on the identification of the registered owner of the vehicle after a license plate image is captured in the lane. TOLL-BY-PLATE customers have the option to establish a video account with prepaid tolls, or pay upon receiving a monthly invoice reflecting the TOLL-BY-PLATE rates, which are comparable to cash toll rates. TOLL-BY-PLATE customers without a prepaid balance are assessed a flat administrative charge of \$2.50 on their monthly invoice to recover the cost of administering this payment option. Efforts are underway to convert other facilities to AET. They include the Southern Coin System (partially in Fiscal Year 2014 and remaining section in Fiscal Year 2015), Sawgrass Expressway in Fiscal Year 2014, Veterans Expressway and Suncoast Parkway in Fiscal Year 2015 and Ticket System in Fiscal Year 2019.

Toll Rate Increases

After the opening of Florida's Turnpike in 1957, the first Toll increase occurred in 1979 and remained unchanged for nearly a decade. Under legislative direction to equalize Toll rates and in part to fund System improvements and expansion programs, the Department implemented Toll increases in 1989, 1991, 1993 and 1995 on various portions of the Turnpike Mainline. The combined impact of these Toll adjustments doubled the average Toll per-mile from \$0.03 to \$0.06. During this period, traffic continued to increase correspondingly with Florida's increase in population, employment, commerce and tourism.

On March 7, 2004, Tolls were increased on the Mainline, Sawgrass Expressway, Seminole Expressway, Veterans Expressway and Southern Connector Extension. This Toll rate increase was for cash customers only, at 25 percent rounded to the quarter. The Toll for SunPass® customers remained the same, effectively giving these customers a discount of 25 percent or more and contributing to an increase in SunPass® participation levels. For example, the two-axle Toll at the Golden Glades barrier plaza increased from \$0.75 to \$1.00, representing the 25 percent increase rounded to the quarter (i.e., effectively a 33 percent increase). Conversely, SunPass® customers at this location continue to pay a \$0.75 Toll. However, some ramp Tolls did not increase due to "per-mile constraints". For example, customers entering the HEFT from SR 836 do not pay a Toll initially, but pay \$0.25 if they exit one mile south (i.e., \$0.25 per-mile) at US 41. As such, Tolls collected at this ramp were already significantly higher than the average rate of approximately \$0.07 per-mile for cash customers, and therefore, were not increased. The recently opened Polk Parkway and Suncoast Parkway expansion projects were not programmed with a Toll rate increase in order to allow traffic to ramp-up on these facilities. In addition to the March 2004 Toll rate increase for cash customers, a 10 percent SunPass® frequent-user discount was discontinued. The March 2004 Toll increase had a minimal impact on traffic since cash customers could convert to SunPass® and avoid the increased Toll.

The 2007 Legislature amended Section 338.165, Florida Statutes, to require the Turnpike and other FDOT-owned toll facilities to index toll rates on existing toll facilities to the annual Consumer Price Index ("CPI") or similar inflation indicator effective as of July 1, 2007. Toll rate adjustments for inflation may be made no more frequently than once a year and must be made no less frequently than once every five years as necessary to accommodate cash toll rate schedules. Toll rates may be increased beyond these limits as directed by bond documents, covenants, or governing body authorization or pursuant to Department administrative rule.

Pursuant to this requirement, as of June 24, 2012, the cash toll rates increased to reflect the change in CPI for the previous five year period, and were adjusted to the next quarter for collection efficiency. TOLL-BY-PLATE toll rates, where offered, are the same as cash rates, while the SunPass® rates are \$0.25 less than the cash rates. On the Ticket System, the cash toll rates were indexed by 11.7% and adjusted to the next dime, while the SunPass® toll

rates were adjusted to be 25% less than the cash rates. For subsequent years, SunPass® and TOLL-BY PLATE rates are to be adjusted annually based on the year-over-year change in CPI and rounded to the penny, while cash rates will be adjusted every five years and rounded to the quarter. Accordingly, on July 1, 2013, SunPass® and TOLL-BY-PLATE toll rates were adjusted up by 2.1% and rounded to the penny.

The toll rate increase implemented systemwide on June 24, 2012 resulted in a slight decline in overall traffic (approximately 4%) over the six-month period following the toll rate increase. Cash customers on some Turnpike facilities switched to SunPass® to obtain lower toll rates. Additionally, some traffic rebounding is anticipated beyond the six-month period following the toll increase that will most likely lessen the impact even further.

THE TURNPIKE SYSTEM

Existing Turnpike System

The Turnpike System consists of several components. The principal one, the 320-mile Mainline, extends in a north-south direction from I-75 at Wildwood in Sumter County to Florida City in southern Miami-Dade County, with an east-west segment intersecting at Orlando in Orange County. The Mainline consists of five different sub-components: the HEFT, the Southern Coin System, the Ticket System, the Northern Coin System and the Beachline West Expressway.

In addition to the Mainline, the System operates the 18-mile Seminole Expressway in Seminole County, the 15-mile Veterans Expressway in Hillsborough County, the 6-mile Southern Connector Extension in Orange and Osceola Counties, the 25-mile Polk Parkway in Polk County, the 42-mile Suncoast Parkway in Hillsborough, Pasco and Hernando counties, the 23-mile Sawgrass Expressway in Broward County, and the 11-mile Western Beltway, Part C, in Orange and Osceola counties.

Recently Completed Projects: The System recently completed the widening of the Mainline from Beulah Road to State Road 50 in Orange County, the northbound widening of the Mainline from Sunrise Boulevard to Atlantic Boulevard in Broward County, a new interchange at Pace Road on the Polk Parkway in Polk County, the widening of the Polk Parkway between Interstate 4 and Pace Road in Polk County, and infrastructure improvements at the Pompano Beach service plaza in Broward County.

Projects Currently Under Construction: The I-4 / Selmon Expressway Connector project in Tampa (construction managed by District 7 of the Florida Department of Transportation), the canal cable barrier project on the Mainline from milepost 190 to milepost 249 in Osceola County, the canal cable barrier project on the Mainline from milepost 274 to milepost 298 in Lake County, the ramp bridge improvement project at PGA Boulevard (milepost 109) on the Mainline in Palm Beach County, the ramp bridge improvement project at the Jupiter interchange (milepost 116) on the Mainline in Palm Beach County, the AET conversion project on the Southern Coin section of the Mainline in Miami-Dade County, and infrastructure improvements at several System service plazas.

Ongoing Maintenance and Other Improvements

The Enterprise continues to maintain the System at the high standards established by the Department, allowing for future expansion and capacity improvements. See “TURNPIKE SYSTEM FINANCIAL DATA - Discussion of Results of Operations and Management Analysis” below. The Turnpike’s Five Year Work Program includes several capital projects as follows: construction of the First Coast Outer Beltway expansion project in Clay and Duval counties (to be managed by District 2 of the Florida Department of Transportation); widening of the Veterans Expressway from Memorial Highway to Van Dyke Road in Hillsborough County; widening of the HEFT from milepost 5 to milepost 26 and auxiliary lanes from milepost 31 to milepost 34 in Miami-Dade County; AET improvements on the Sawgrass Expressway, the Ticket System, the Veterans Expressway, the Suncoast Parkway, and the Southern Coin section of the Mainline in Broward and Palm Beach counties; canal barrier protection on the Mainline in Okeechobee, Orange and Sumter counties; improvements to the I-595 / Mainline interchange in Broward County; modification of the Sunrise Boulevard interchange on the Mainline in Broward County; modification of the Golden Glades interchange on the Mainline in Miami-Dade County; as well as operational improvements at Interstate 4, Indiantown Road, Kendall Drive, Bird Road, Southwest 8th Street, and Aloma Avenue.

Project Development Process

The Florida Turnpike Enterprise Law requires that proposed System projects must be developed in accordance with the Florida Transportation Plan. Updated annually, the Florida Transportation Plan defines the State's transportation goals and objectives to be accomplished over a period of at least 20 years. System projects must also conform to the Department's tentative work program guidelines. The work program lists the Transportation projects planned for each of the next five fiscal years and, after review by the Florida Transportation Commission, forms the basis for the governor's budget recommendation to the Legislature.

In developing the tentative work program, the Department is required to program Turnpike Toll and bond financed projects such that the ratio of projects in Miami-Dade, Broward and Palm Beach counties to total system projects is at least 90% of the ratio of net toll revenues collected in those counties to total net toll revenues collected on the System.

Proposed System expansion projects must meet a statutory test for economic feasibility which requires the estimated net revenues of the project to be sufficient to pay at least (i) 50% of the debt service on any bonds issued to finance such project by the end of the 12th year of operation and (ii) 100% of the debt service on such bonds by the end of the 30th year of operation. Although the test was modified so that additional expansion transportation projects could be constructed, the test remains designed to guard against an expansion project being unable to support its own debt and is applied only to the portion of the project cost funded by bond proceeds. The feasibility test is not applied to non-expansion projects such as interchanges and widenings, which are subjected to established evaluation processes and strict needs tests.

The Florida Department of Environmental Protection reviews the environmental feasibility of proposed System expansion projects prior to their inclusion in the tentative work program. Projects which impact a local transportation system must be included in the transportation improvement plan of the affected metropolitan planning organization or county, as applicable.

Insurance on Turnpike System

The System has obtained comprehensive insurance coverage from a combination of the Florida Property Insurance Trust Fund and the Department's Bridge and Turnpike Insurance Program. Primary insurance with the Florida Property Insurance Trust Fund is provided through a self-insurance program of the Florida Department of Financial Services, Bureau of Property, which is offered to all state agencies and includes a private coinsurance rider to protect the Florida Property Insurance Trust Fund against loss from major perils. Insurance under the Florida Property Insurance Trust Fund is provided to cover physical loss to buildings and contents as a result of fire, flood, lightning, windstorm or hail, explosion and smoke. The Florida Property Insurance Trust Fund provides a lower deductible than is provided with the Department's Bridge and Turnpike Insurance Program.

Additional insurance with the Department's Bridge and Turnpike Insurance Program is provided by a Florida Department of Management Services' state contract with insurance brokers that defines perils, hazards, and coverage for several toll road systems in Florida. Coverage is extended to major bridges, overpasses and underpasses and use and occupancy on system operations. Use and occupancy (business interruption) coverage is subject to a seven day waiting period and must be directly related to the physical damage that creates the inability to collect Tolls. The waiving of Tolls for evacuation and recovery efforts is not covered under the policy.

As a component of the Department, the System participates in the Florida Casualty Insurance Risk Management Trust Fund, a self-insurance fund which provides insurance for State employee workers' compensation, general liability, fleet automotive liability, federal civil rights actions, and court-awarded attorney's fees. In addition, employees are covered by the State's Employee Health Insurance Fund.

The Resolution requires that insurance proceeds, other than use and occupancy insurance, be used to restore or replace damaged facilities, to redeem Bonds, or to reimburse the Department if it has advanced funds for restoration or replacement. Proceeds of use and occupancy insurance must be deposited in the Revenue Fund. See Appendix E, the Original Resolution.

Competing Facilities

In addition to the System projects, other transportation improvements have the potential to affect future Turnpike traffic to varying degrees. For example, I-95 has been progressively widened in Miami-Dade, Broward and Palm Beach counties to ease its congestion. Although most of this widening has been completed, there are other I-95 widening projects in various states of development. Widening on Sections of I-95 in Palm Beach County is substantially complete and is ongoing in St. Lucie County. These projects are not expected to have a significant adverse impact on Turnpike traffic.

FDOT and local transit partners are converting 22 miles of existing I-95 high occupancy vehicle (“HOV”) lanes into “express lanes” between Miami and Fort Lauderdale. The express lanes will continue to accommodate HOV’s and bus rapid transit free of charge, but will also be available to toll-paying non-HOV’s. The 22-mile project is called “95 Express” and includes two phases. The first phase includes two sub-phases: 1A and 1B which are already open to traffic. Phase 1A, which began toll collection in December 2008, includes the 7-mile northbound direction only. Phase 1B began toll collection in January 2010, and includes the southbound direction from the Golden Glades interchange to just south of S.R. 836 and extends the northbound express lanes further to the south from S.R. 112 to I-395. The second phase, which will extend the express lanes in both directions by 15 miles, is scheduled to open in late 2014. Tolls in these lanes are collected electronically using SunPass[®], and are variably-priced based on congestion levels. Also, construction is underway on a major expansion project by FDOT for the 10-mile I-595 corridor that includes three tolled reversible express lanes, interchange improvements, auxiliary lanes, improvements to the I-595 connection with the System, and the implementation of bus rapid transit within the I-595 corridor. This project is scheduled to be completed by early 2014. These projects are not expected to have a significant adverse impact on System traffic.

The Tri-County Commuter Rail system between Miami and West Palm Beach, which began operation in January 1989, provides a public transportation alternative to the Turnpike and I-95 in South Florida. To date, these services have not adversely affected System traffic and it is not anticipated they will affect it in the future.

In December 2009, the Florida Legislature approved SunRail, a 61-mile commuter rail system in Central Florida that will link DeLand and Poinciana. The rail system is expected to have a minimal impact on System facilities.

Additionally, Florida East Coast Industries, Inc. is presently conducting a feasibility study to operate an intercity passenger rail service for business and leisure passengers. This rail project is a 240-mile service route that will run north-south from Miami to Cocoa, with new tracks that will connect to Orlando, and a possible future extension to Tampa and Jacksonville. The service between south Florida and Orlando may be operational as early as 2015. If this project is built, it will offer a new transportation choice but is not expected to have a material impact on the System.

TURNPIKE SYSTEM FINANCIAL DATA

The following tables and their components should be read in conjunction with Appendix C, the audited financial statements of the Turnpike System.

Historical Summary of Net Asset Data

The following schedule summarizes statement of net assets information for the System. This schedule was derived from the financial statements included in the annual financial statements of the System as audited for June 30 of each fiscal year shown (the Fiscal Year 2012 and 2011 financial statements are included in their entirety as Appendix C).

Source: Florida's Turnpike System financial statements as audited for Fiscal Years 2008 through 2012.

Discussion of Results of Operations and Management Analysis

The System earned \$609 million in toll revenues during Fiscal Year 2012 representing an increase of approximately 1.5% from Fiscal Year 2011 toll revenues of \$600 million. Correspondingly, toll transactions increased to 664.3 million transactions for Fiscal Year 2012 from 652.9 million transactions for Fiscal Year 2011.

A number of System capital projects were underway during Fiscal Year 2012 and were completed by year-end, including: Mainline widenings in Orange and Broward counties, widening of the Polk Parkway from Pace Road to I-4, the new interchange at Pace Road on the Polk Parkway, and infrastructure improvements at the Pompano Beach service plaza in Broward County. Additional projects were still under construction by year-end, including the I-4/Selmon Expressway Connector project in Tampa, the canal cable barrier project on the Mainline from milepost 190 to milepost 249 in Osceola County, and the ramp bridge improvement project at the Jupiter interchange on the Mainline in Palm Beach County. These improvements provide for enhanced service and safety, reduced congestion, additional capacity and access, and increase the effectiveness of Turnpike facilities to serve as evacuation routes during emergency situations.

Fiscal Year 2012 was also marked by growth in the use of the SunPass[®] electronic toll collection system. With the ability to process nearly four times the volume of vehicles through a dedicated lane as compared to an automatic or manual lane, SunPass[®] has allowed for increased processing throughput resulting in significant time savings for System patrons. For Fiscal Year 2012, SunPass[®] transactions averaged 79% of total toll transactions generated on the Turnpike System, up from 76% from the prior year. To date, over eight million SunPass[®] transponders have been sold.

Fiscal Year 2012 Operations and Maintenance (“O&M”) expenses and Business Development and Marketing (“BD&M”) expenses decreased by nearly 3.5% compared to Fiscal Year 2011. These expenses, primarily toll collection and routine maintenance costs, decreased from \$180.1 million in Fiscal Year 2011 to \$173.7 million in Fiscal Year 2012. The decrease was primarily attributable to a reduction in toll collection costs associated with conversion of the HEFT to AET in the latter half of Fiscal Year 2011.

With regard to the System’s maintenance program, the infrastructure remains in excellent condition. The State Maintenance Engineer for the Department separately evaluates the maintenance condition of Department facilities. A rating of 80 is considered satisfactory with a rating of 100 being the highest possible. In Fiscal Year 2012, the Department’s rating for the System was 91.

(Remainder of page intentionally left blank)

The historical summary of operating revenues and expenses for the six months ended December 31, 2012 and 2011 has been derived from the System's general ledger. In the opinion of management, the unaudited interim financial data includes all known adjustments, consisting of normal recurring adjustments necessary for a fair statement. Results of operations for the six-month period ended December 31, 2012, are not necessarily indicative of the results to be expected for the full year.

Operating Revenues

Total revenues for the six months ended December 31, 2012 were \$375.3 million representing an increase of \$71.6 million or 23.6%, compared to the same period in the prior year. Toll facilities revenue increased by \$71.4 million due to the indexing of toll rates which occurred on June 24, 2012, as well as a slight increase in toll transactions. Additional information regarding the change in toll rates can be found on page 15 under "Toll Rate Increases". Toll transactions increased to 326.4 million transactions from 324.6 million transactions compared to the same period in the prior year. The increase of 1.8 million transactions or 0.6% is primarily due to improving economic conditions. Additionally, no toll suspensions occurred during the six months ended December 31, 2012 and 2011. Concession revenue declined slightly due to the continued renovations currently underway for six of the eight service plazas along the System. Renovations are estimated to be completed in 2015.

Operating Expenses

Total operating expenses (including depreciation and amortization expense) for the six months ended December 31, 2012 were \$138.1 million, an increase of \$23.3 million, or 20.3%, compared to the same period in the prior year. Routine expenses, such as operations and maintenance, increased slightly while business development and marketing ("BD&M") expense declined for the six months ended December 31, 2012 as compared to the same period in the prior year. The decrease in BD&M expense was primarily due to a decline in advertising and customer survey activities. Non-routine expenses, such as renewals and replacements ("R&R") expense increased by \$20.9 million for the six months ended December 31, 2012 as compared to the same period in the prior year. The increase in R&R expense was attributable to significant resurfacing efforts in the current year on the Suncoast Parkway and the Polk Parkway. Since the System utilizes the modified approach for reporting infrastructure, it is required to maintain its infrastructure assets at certain levels. Fluctuations in R&R expense levels from year to year will result based on management's assessment of needed System preservation.

Historical Summary of Revenues, Expenses and Debt Service Coverage

The following schedule summarizes the operating revenue and expense for the System. For comparative purposes, debt service coverage is shown based both on Net Revenue, in accordance with the flow of funds pursuant to the Resolution, and on Gross Revenue, consistent with the Department's Covenant to Pay Costs of Operation and Maintenance. See "FLOW OF FUNDS" above.

Historical Summary of Revenue and Expense and Debt Service Coverage Turnpike System (In Thousands)

	Fiscal Year Ended June 30,				
	<u>2008</u>	<u>2009</u>	<u>2010</u>	<u>2011</u>	<u>2012</u>
Gross Revenue¹					
Tolls	\$635,571	\$590,528	\$596,173	\$600,079	\$608,812
Concession	10,363	10,110	10,757	8,382	7,169
Miscellaneous Revenue	4,809	4,259	4,666	3,485	4,220
Total	650,743	604,897	611,596	611,946	620,201
Operations and Maintenance Expenses¹	<u>(189,887)</u>	<u>(190,603)</u>	<u>(172,422)</u>	<u>(180,060)</u>	<u>(173,704)</u>
Net Revenue	<u>\$460,856</u>	<u>\$414,294</u>	<u>\$439,174</u>	<u>\$431,886</u>	<u>\$446,497</u>
Annual Debt Service²	\$191,322	\$203,145	\$218,410	\$237,118	\$243,239
Net Revenue ³ Annual Debt Service Coverage	2.41x	2.04x	2.01x	1.82x	1.84x
Gross Revenue ⁴ Annual Debt Service Coverage	3.40x	2.98x	2.80x	2.58x	2.55x
Maximum Annual Debt Service	\$203,274	\$203,274	\$237,118	\$237,118	\$243,576
Net Revenue ³ Max Annual Debt Service Coverage	2.27x	2.04x	1.85x	1.82x	1.83x
Gross Revenue ⁴ Max Annual Debt Service Coverage	3.20x	2.98x	2.58x	2.58x	2.55x

¹ Historical Revenues and Operations and Maintenance Expenses are as shown in Florida's Turnpike System Financial Statements as audited for Fiscal Years 2008 through 2012. Operations and Maintenance expenses includes business development and marketing expense.

² Annual debt service for Fiscal Years 2010 through 2012 is shown net of the federal subsidy on the Series 2009B Build America Bonds, which is estimated to be approximately \$5.8 million annually.

³ After payment of Cost of Operation and Cost of Maintenance, as provided in the Resolution.

⁴ In accordance with the Department's Covenant to pay costs of operation and maintenance from State Transportation Trust Fund.

Projected Revenue, Expense and Debt Service Coverage

The following tables of projected revenue, expense and debt service coverage were prepared by the System for internal management purposes. The accompanying prospective financial information was not prepared with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants with respect to prospective financial information, but, in the view of the System's management, was prepared on a reasonable basis, reflects the best currently available estimates and judgments, and presents, to the best of management's knowledge and belief, the expected course of action and the expected future financial performance of the System. However, this information is not fact and should not be relied upon as being necessarily indicative of future results, and readers of this Official Statement for the Series 2013B Bonds are cautioned not to place undue reliance on the prospective financial information.

Neither the System's independent auditors, nor any other independent accountants, have compiled, examined or performed any procedures with respect to the projected financial information contained in these tables, nor have they expressed any opinion or form of assurance on such information or its achievability, and assume no responsibility for, and disclaim any association with the projected financial information.

Net Revenue projections for the System in the following table are based upon the projections for revenue and operation and maintenance expense. These estimates include various underlying economic trends and conditions which have been affected by the current prolonged recession. See "Appendix A - Traffic and Earnings Letter" for a detailed discussion of the revenue projection assumptions. For comparative purposes, Debt Service Coverage is shown based both on Net Revenue, in accordance with the flow of funds pursuant to the Resolution, and on Gross Revenue consistent with the Department's Covenant to Pay Costs of Operation and Maintenance. See "FLOW OF FUNDS" above.

Forecast Turnpike System Net Revenues
(In Thousands)

Fiscal Year	Gross Revenue ¹			Operating and Maintenance Expenses ²	Net Revenue
	Tolls	Concession	Total		
2013	\$731,439	\$7,176	\$738,615	\$178,774	\$559,841
2014	750,893	7,356	758,249	179,457	578,792
2015	760,965	7,436	768,401	175,200	593,201
2016	782,468	7,483	789,951	176,259	613,692
2017	809,185	7,528	816,713	181,197	635,516
2018	839,162	7,731	846,893	183,805	663,088
2019	851,057	7,939	858,996	178,532	680,464
2020	880,709	8,154	888,863	181,921	706,942
2021	911,647	8,376	920,023	185,401	734,622
2022	944,529	8,604	953,133	188,896	764,237
2023	978,710	8,838	987,548	192,619	794,929

¹ Projected revenues are as shown in Appendix A, "The Traffic and Earnings Letter" prepared by URS Corporation. **No assurance can be given that there will not be material differences between such projections and actual results.**

² Operating and Maintenance Expense projections taken from Appendix A, "The Traffic and Earnings Letter".

¹ The revenue projections are as shown in Appendix A, "The Traffic and Earnings Letter." **No assurance can be given that there will not be material differences between such projections and actual results.**

² Operating Maintenance Expense projections provided in Appendix A, "The Traffic and Earnings Letter." Operating and Maintenance Expense includes business development and marketing expense.

³ Annual debt service is shown net of the federal subsidy on the previously issued Series 2009B Build America Bonds which is estimated to be approximately \$5.8 million annually over the period.

⁴ After payment of Cost of Operation and Cost of Maintenance, as provided in the Resolution.

⁵ In accordance with the Department's Covenant to pay costs of operation and maintenance from State Transportation Trust Fund.

⁶ Estimated Maximum Annual Debt Service occurs in Fiscal Years 2014 and subsequently in 2019.

The Department does not generally publish its business plans and strategies for the System or make external disclosures of its anticipated financial position or results of operations. Accordingly, the Department does not intend to update or otherwise revise the prospective financial information to reflect circumstances existing since its preparation or to reflect the occurrence of unanticipated events, even in the event that any or all of the underlying assumptions are shown to be in error. Furthermore, the Department does not intend to update or revise the prospective financial information to reflect changes in general economic or industry conditions.

SCHEDULE OF DEBT SERVICE

The table below shows the debt service on the Outstanding Bonds, the debt service on the 2013B Bonds and the total debt service. Payments due on July 1 are deemed to accrue in the preceding fiscal year.

Fiscal Year Ending June 30	Outstanding	2013B Bonds Debt Service			Total
	Bonds Debt Service^{1,2}	Principal	Interest	Total	Debt Service
2013	\$ 245,228,952	-	-	-	\$ 245,228,952

¹ Debt service for the outstanding previously issued 2004A through 2013A Bonds is net of the federal subsidy on the Series 2009B Build America Bonds.

² Fiscal Year 2013 debt service includes transfers totaling \$4,356,600.06 to the Series 2012A and 2013A escrows for accrued debt service on bonds refunded by the two series. Fiscal Year 2014 debt service includes \$6,862,583.33 of accrued debt service on the Refunded Bonds.

Note: Numbers may not add due to rounding.

PROVISIONS OF STATE LAW

Bonds Legal Investment for Fiduciaries

The State Bond Act provides that all bonds issued by the Division of Bond Finance are legal investments for state, county, municipal or other public funds, and for banks, savings banks, insurance companies, executors, administrators, trustees, and all other fiduciaries and also are securities eligible as collateral deposits for all state, county, municipal, or other public funds.

Negotiability

The 2013B Bonds will have all the qualities and incidents of negotiable instruments under the Uniform Commercial Code - Investment Securities Law of the State.

TAX MATTERS

General

The Internal Revenue Code of 1986, as amended (the "Code"), includes requirements which the Division of Bond Finance, the Board of Administration and the Department must continue to meet after the issuance of the 2013B Bonds in order that interest on the 2013B Bonds not be included in gross income for federal income tax purposes. The failure by the Division of Bond Finance, the Board of Administration or the Department to meet these requirements may cause interest on the 2013B Bonds to be included in gross income for federal income tax purposes retroactive to their date of issuance. The Division of Bond Finance, the Board of Administration and the Department have covenanted in the Resolution to comply with the requirements of the Code in order to maintain the exclusion of interest on the 2013B Bonds from gross income for federal income tax purposes.

In the opinion of Bond Counsel, assuming continuing compliance by the Division of Bond Finance, the Board of Administration and the Department with the tax covenant referred to above, under existing statutes, regulations, rulings and court decisions interest on the 2013B Bonds is excluded from gross income for federal income tax purposes. Interest on the 2013B Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, however, interest on the 2013B Bonds is taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax imposed on corporations. Bond Counsel is further of the opinion that the 2013B Bonds and the income thereon are not subject to taxation under the laws of the State of Florida, except estate taxes and taxes under Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations, as defined therein.

Except as described herein, Bond Counsel will express no opinion regarding the federal income tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of the 2013B Bonds. Prospective purchasers of 2013B Bonds should be aware that the ownership of 2013B Bonds may result in collateral federal income tax consequences, including (i) the denial of a deduction for interest on indebtedness incurred or continued to purchase or carry 2013B Bonds or, in the case of a financial institution, that portion of the owner's interest expense allocable to interest on a 2013B Bond, (ii) the reduction of loss reserve deduction for property and casualty insurance companies by 15% of certain items, including interest on the 2013B Bonds, (iii) the inclusion of interest on the 2013B Bonds in the effectively connected earnings and profits (with adjustments) of certain foreign corporations doing business in the United States for purposes of a branch profits tax, (iv) the inclusion of interest on the 2013B Bonds in the passive income subject to federal income taxation of certain Subchapter S corporations with Subchapter C earnings and profits at the close of the taxable year, and (v) the inclusion of interest on the 2013B Bonds in the determination of the taxability of certain Social Security and Railroad Retirement benefits to certain recipients of such benefits.

Original Issue Premium

The 2013B Bonds were sold at a price in excess of the amount payable at maturity. Under the Code, the difference between the amount payable at maturity of the 2013B Bonds and the tax basis to the purchaser (other than a purchaser who holds a 2013B Bond as inventory, stock in trade or for sale to customers in the ordinary

course of business) is “bond premium”. Bond premium is amortized for federal income tax purposes over the term of a 2013B Bond. A purchaser of a 2013B Bond is required to decrease his adjusted basis in the 2013B Bond by the amount of amortizable bond premium attributable to each taxable year he holds the 2013B Bond. The amount of amortizable bond premium attributable to each taxable year is determined at a constant interest rate compounded actuarially. The amortizable bond premium attributable to a taxable year is not deductible for federal income tax purposes. Purchasers of the 2013B Bonds should consult their own tax advisors with respect to the precise determination for federal income tax purposes of the treatment of bond premium upon sale, redemption or other disposition of 2013B Bonds and with respect to the state and local consequences of owning and disposing of 2013B Bonds.

Information Reporting and Backup Withholding. Interest paid on tax-exempt bonds such as the 2013B Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the 2013B Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of 2013B Bonds, under certain circumstances, to “backup withholding” at the rates set forth in the Code, with respect to payments on the 2013B Bonds and proceeds from the sale of 2013B Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of 2013B Bonds. This withholding generally applies if the owner of 2013B Bonds (i) fails to furnish the payor such owner’s social security number or other taxpayer identification number (“TIN”), (ii) furnished the payor an incorrect TIN, (iii) fails to properly report interest, dividends, or other “reportable payments” as defined in the Code, or (iv) under certain circumstances, fails to provide the payor or such owner’s securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the 2013B Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

State Taxes

The 2013B Bonds and the income thereon are not subject to taxation under the laws of the State of Florida, except estate taxes imposed by Chapter 198, Florida Statutes, as amended, and taxes under Chapter 220, Florida Statutes, as amended, on interest, income or profits on debt obligations owned by corporations as defined therein.

Florida laws governing the imposition of estate taxes do not provide for an exclusion of state or local bonds from the calculation of the value of the gross estate for tax purposes. Florida’s estate tax is generally calculated on the basis of the otherwise unused portion of the federal credit allowed for state estate taxes. Under Chapter 198, Florida Statutes, all values for state estate tax purposes are as finally determined for federal estate tax purposes. Since state and local bonds are included in the valuation of the gross estate for federal tax purposes, such obligations would be included in such calculation for Florida estate tax purposes. Prospective owners of the 2013B Bonds should consult their own attorneys and advisors for the treatment of the ownership of the 2013B Bonds for estate tax purposes.

The 2013B Bonds and the income thereon are subject to the tax imposed by Chapter 220, Florida Statutes, on interest, income, or profits on debt obligations owned by corporations and other specified entities.

INDEPENDENT AUDITORS

The financial statements of Florida’s Turnpike System as of and for the years ended June 30, 2012, and 2011, included in Appendix C of this Official Statement have been audited by Deloitte & Touche LLP, independent auditors, as stated in their report dated November 12, 2012 appearing therein except for the second paragraph of Note 16 to which the date is November 16, 2012.

MISCELLANEOUS

Investment of Funds

All State funds are invested by either the State's Chief Financial Officer or the Board of Administration.

Funds Held Pursuant to the Resolution - The Resolution directs the manner in which funds held in the various funds and accounts for the Bonds may be invested. The Board of Administration manages the funds created pursuant to the Resolution, except for the Turnpike Plan Construction Fund, the Renewal and Replacement Fund and the General Reserve Fund, which are held in the State Treasury. Moneys in the funds and accounts may generally be invested and reinvested in Permitted Investments as defined in the Resolution, except that the Renewal and Replacement Fund and the General Reserve Fund may be invested as provided by law. All investments must mature not later than the dates on which moneys are needed for their authorized purposes. Income and interest received upon any investments of the moneys is deposited in the Revenue Fund and used in the same manner and order of priority as other moneys on deposit therein, unless otherwise provided by resolution; provided that investment earnings on moneys in the Rebate Fund and the Turnpike Plan Construction Fund are deposited therein, respectively.

Investment by the Chief Financial Officer - Funds held in the State Treasury are invested by internal and external investment managers. As of December 31, 2012, the ratio was approximately 50% internally managed funds, 39% externally managed funds, 4% Certificates of Deposit and 7% in an externally managed Security Lending program. The total portfolio market value on December 31, 2012, was \$21,449,981,470.85.

Under State law, the Treasury is charged with investing funds of each State agency and the judicial branch. As of December 31, 2012, \$11.741 billion of the investments in the Treasury consisted of accounts held by State agencies that are required by law to maintain their investments in the Treasury; additionally, \$7.353 billion as of this date consisted of moneys held by certain boards, associations, or entities created by the State Constitution or by State law that are not required to maintain their investments with the Treasury and are permitted to withdraw these funds from the Treasury.

As provided by State law, the Treasury must be able to timely meet all disbursement needs of the State. Accordingly, the Treasury allocates its investments to provide for estimated disbursements plus a cushion for liquidity in instances of greater-than-expected disbursement demand.

To this end, a portion of Treasury's investments are managed for short-term liquidity and preservation of principal. The remainder is managed to obtain maximum yield, given the safety parameters of State law and Treasury's Comprehensive Investment Policy. Investments managed for short-term liquidity and preservation of principal are managed "internally" by Treasury personnel. Treasury personnel also manage approximately \$2.8 billion to cash enhanced and intermediate strategies to provide additional return. The majority of investments managed for a maximum return are managed by "external" investment managers not employed by the State.

The Externally Managed Investment Program provides long-term value while limiting risk appropriately and provides a backup source of liquidity. External investment strategy focuses on medium-term and long-term fixed income securities, rather than money market instruments, in order to take advantage of higher returns historically achieved by such securities. Portfolio managers are hired to actively manage funds. These funds may be invested in U.S. Treasury government agency obligations, investment grade corporate debt, municipal debt, mortgage backed securities, asset backed securities, negotiable certificates of deposit, and U.S. dollar denominated investment-grade foreign bonds that are registered with the Securities and Exchange Commission. The managers may also use leveraging techniques such as forward purchase commitments, covered options, and interest rate futures.

Investment by the Board of Administration - The Board of Administration manages investment of assets on behalf of the members of the Florida Retirement System (the "FRS") Defined Benefit Plan. It also acts as sinking fund trustee for most State bond issues and oversees the management of a short-term investment pool for local governments and smaller trust accounts on behalf of third party beneficiaries.

The Board of Administration adopts specific investment policy guidelines for the management of its funds which reflect the long-term risk, yield, and diversification requirements necessary to meet its fiduciary obligations. As of December 31, 2012, the Board of Administration directed the investment/administration of 38 funds in over 460 portfolios.

As of December 31, 2012, the total market value of the FRS (Defined Benefit) Trust Fund was \$128,614,037,816. The Board of Administration pursues an investment strategy which allocates assets to different investment types. The long-term objective is to meet liability needs as determined by actuarial assumptions. Asset allocation levels are determined by the liquidity and cash flow requirements of the FRS, absolute and relative valuations of the asset class investments, and opportunities within those asset classes. Funds are invested internally and externally under a Defined Benefit Plan Investment Policy Statement.

The Board of Administration uses a variety of derivative products as part of its overall investment strategy. These products are used to manage risk or to execute strategies more efficiently or more cost effectively than could be done in the cash markets. They are not used to speculate in the expectation of earning extremely high returns. Any of the products used must be within investment policy guidelines designed to control the overall risk of the portfolio.

The Board of Administration invests assets in 37 designated funds other than the FRS (Defined Benefit) Trust Fund. As of December 31, 2012, the total market value of these funds equaled \$30,084,092,229. Each fund is independently managed by the Board of Administration in accordance with the applicable documents, legal requirements and investment plan. Liquidity and preservation of capital are preeminent investment objectives for most of these funds, so investments for these are restricted to high quality money market instruments (e.g., cash, short-term treasury securities, certificates of deposit, banker's acceptances, and commercial paper). The term of these investments is generally short, but may vary depending upon the requirements of each trust and its investment plan.

Investment of bond sinking funds is controlled by the resolution authorizing issuance of a particular series of bonds. The Board of Administration's investment policy with respect to sinking funds is that only U.S. Treasury securities, and repurchase agreements backed thereby, be used.

Bond Ratings

Standard & Poor's Ratings Services, Moody's Investors Service and Fitch Ratings (herein referred to collectively as "Rating Agencies"), have assigned their municipal bond ratings of AA-, Aa3 and AA-, respectively to the 2013B Bonds. Such ratings reflect only the respective views of such Rating Agencies at the time such ratings were issued, and an explanation of the significance of such ratings may be obtained from any of the respective rating agencies.

The State furnished to such Rating Agencies certain information and material in respect to the State and the 2013B Bonds. Generally, Rating Agencies base their ratings on such information and materials and on investigations, studies and assumptions made by the Rating Agencies. There is no assurance that such ratings will be maintained for any given period of time or that they may not be lowered, suspended or withdrawn entirely by the Rating Agencies, or any one of them, if in their or its judgment, circumstances warrant. Any such downward change in, suspension of or withdrawal of such ratings may have an adverse effect on the market price of the 2013B Bonds.

Certain companies provide either bond insurance or reserve account surety bonds on various series of Outstanding Bonds. The Rating Agencies have evaluated (and are continuing to evaluate) the effects of the downturn in the market for certain structured finance instruments, including collateralized debt obligations and residential mortgage backed securities, on the claims-paying ability of financial guarantors. The results of these evaluations have included and may include additional ratings affirmations, changes in rating outlook, reviews for downgrade, and downgrades. To date, the Rating Agencies have downgraded the following companies as indicated: Assured Guaranty Municipal Corp. (AG Muni - formerly, Financial Security Assurance Inc.) - S&P/AA-, Moody's/A2; and MBIA Insurance Corporation - S&P/B, Moody's/Caa2. Fitch has withdrawn its

ratings for Ambac, Financial Guaranty Insurance Company (FGIC), MBIA, and AG Muni; Moody's and S&P have withdrawn their ratings for FGIC and Ambac. Potential investors are directed to the Rating Agencies for additional information on their ongoing evaluations of the financial guaranty industry and individual financial guarantors.

Litigation

There is no litigation pending, or to the knowledge of the Department or the Division of Bond Finance, threatened, which if successful would have the effect of restraining or enjoining the issuance or delivery of the 2013B Bonds or questioning or affecting the validity of the 2013B Bonds or the proceedings and authority under which the 2013B Bonds are to be issued. The Department and the Division of Bond Finance from time to time engage in certain routine litigation the outcome of which would not be expected to have any material adverse effect on the issuance and delivery of the 2013B Bonds or the Turnpike System.

Legal Matters

The legal opinion of Greenberg Traurig, P.A., Miami, Florida, approving certain legal matters, will be provided on the date of delivery of the 2013B Bonds, as well as a certificate, executed by appropriate State officials, to the effect that to the best of their knowledge the Official Statement, as of its date and as of the date of delivery of the 2013B Bonds, does not contain an untrue statement of a material fact or omit to state a material fact which should be included herein for the purpose for which the Official Statement is intended to be used, or which is necessary to make the statements contained herein, in the light of the circumstances under which they were made, not misleading. A proposed form of the legal opinion of Bond Counsel is attached hereto as Appendix G.

Continuing Disclosure

The Department will undertake, for the benefit of the beneficial owners and the Registered Owners of the 2013B Bonds, to provide, or cause to be provided, certain financial information and operating data and to provide notices of certain material events. Such financial information and operating data will be transmitted to the Municipal Securities Rulemaking Board (the "MSRB") using its Electronic Municipal Market Access System (EMMA). Any notice of material events will also be transmitted to the MSRB using EMMA. The form of the undertaking is set forth in Appendix H, "Form of Continuing Disclosure Agreement". This undertaking is being made in order to assist the underwriters in complying with Rule 15c2-12 of the Securities and Exchange Commission.

Neither the Department nor the Division of Bond Finance has failed to make any disclosures required by Rule 15c2-12.

Underwriting

J.P. Morgan Securities, LLC, (the "Underwriters") have agreed to purchase the 2013B Bonds at an aggregate purchase price of \$232,027,424.31 (which represents the par amount of the 2013B Bonds plus an original issue premium of \$26,148,949.10 and minus the Underwriters' discount of \$156,524.79). Underwriters may offer and sell the 2013B Bonds to certain dealers (including dealers depositing bonds into investment trusts, including trusts managed by the Underwriters) at prices lower than the offering prices. The offering prices or yields on the 2013B Bonds set forth on the inside front cover may be changed after the initial offering by the Underwriters.

Execution of Official Statement

The execution and delivery of this Official Statement have been duly authorized by the Department and the Division of Bond Finance.

Ms. Diane Gutierrez-Scaccetti
 Executive Director and Chief Executive Officer- Florida’s Turnpike Enterprise
 Milepost 263, Florida’s Turnpike
 Building 5315, Turkey Lake Service Plaza
 Ocoee, Florida 34761

Dear Ms. Gutierrez-Scaccetti:

At your request, we have prepared this letter to summarize actual revenue for the first six months of FY 2013 including the impacts from the toll rate increase on June 24, 2012, and to assess whether any forecast changes are needed. A copy of the Turnpike’s Traffic and Earnings (T&E) Report, dated October 30, 2012, contained in the Series 2012A Official Statement is included herein. While the traffic and revenue forecasts in the previously issued T&E Report were based on FY 2012 actual revenue, this letter incorporates more up-to-date information since the completion of the report.

In 2007, the Legislature amended Section 338.165, Florida Statutes, to require the Turnpike to index toll rates on existing toll facilities to the annual Consumer Price Index (CPI) or similar inflation indicator effective July 1, 2007. Toll rate adjustments for inflation may be made no more frequently than once a year and must be made no less frequently than once every five years as necessary to accommodate cash toll rate schedules.

Pursuant to this requirement, on June 24, 2012, cash tolls were indexed using the percentage change between CPI for the period ending December 31, 2010 and 2005, which is 11.7 percent. The cash rate was then adjusted up to the next higher quarter for collection efficiency. The SunPass toll rates were set a quarter less than the adjusted cash toll rates, while the TOLL-BY-PLATE (license plate image-based tolling System on the HEFT where cash is not accepted) toll rates were increased to equal the adjusted cash toll rates. On the Ticket System, the cash toll rates were indexed by the CPI of 11.7 percent and adjusted to the next dime, while the SunPass toll rates were adjusted 25 percent less than the cash rates. For subsequent years, SunPass and TOLL-BY-PLATE rates will be adjusted annually based on the year-over-year change in CPI and rounded to the penny, while cash rates will be adjusted every five years and rounded to the quarter.

Table 1 below depicts the impact on traffic and calculated elasticity on the Turnpike System for the six-month period after the recent systemwide toll indexing on June 24, 2012. The weighted average toll increase for cash customers was 21 percent, while the weighted average increase for the SunPass customers was 33 percent for combined effective toll increase of 29 percent. The higher elasticity for cash customers compared to SunPass is due to diversion and to some extent a shift in payment method from cash to SunPass to obtain a lower toll rate. Overall, the impact on traffic has been minimal at a four percent decline. As such, the expected revenue impact attributed to the toll rate increase is 24 percent.

Table 1
Florida’s Turnpike System Calculated Elasticity
Traffic and Revenue Impacts of Toll Increase Effective June 24, 2012

Cash Customers*			SunPass Customers			Total			
Traffic Impact	Effective Toll Increase	Calculated Elasticity	Traffic Impact	Effective Toll Increase	Calculated Elasticity	Traffic Impact	Effective Toll Increase	Calculated Elasticity	Revenue Impact
-4%	21%	-0.19	-3%	33%	-0.09	-4%	29%	-0.14	24%

* Includes TOLL-BY-PLATE customers on the HEFT

Table 2 provides a year-over-year summary of toll and concession revenues on the Turnpike System by component for the first six months of FY 2012 and FY 2013, which reflect the newly adjusted toll rates. FY 2013 total toll revenue of nearly \$370 million represents an increase of more than \$71 million, or 24 percent over the preceding fiscal year. This increase is mostly attributed to the systemwide toll rate increase as described above. The three expansion projects, namely Polk Parkway, Suncoast Parkway and Western Beltway, Part C, where only cash toll rates increased, show a modest growth in revenue. The concession revenue decrease of nearly \$40 thousand or one percent is due to a decline in advertisement revenue.

Table 2
Florida's Turnpike System
Comparison of Cumulative Revenues for the Six Months Ended December 31
FY 2013 Actual vs. FY 2012 Actual and FY 2013 Estimated Revenue

Turnpike Component	Actual Revenue Six Months Ended December 31		Increase in Actual Revenue Six Months Ended Dec. 31, 2013 & 2012		Estimated Revenue Six Months Ended FY 2013	Comparison of FY 2013 Actual to FY 2013 Estimated Revenue Six Months Ended December 31	
	FY 2013 (\$000)	FY 2012 (\$000)	Amount (\$000)	Change	Amount (\$000)	Amount (\$000)	Change
Mainline	\$269,181	\$215,922	\$53,259	24.7%	\$265,352	\$3,829	1.4%
Sawgrass Expressway	32,327	25,019	7,308	29.2	30,940	1,387	4.5
Seminole Expressway	18,852	15,363	3,489	22.7	17,667	1,185	6.7
Veterans Expressway	20,794	16,100	4,694	29.2	20,472	322	1.6
Southern Connector Extension	3,252	2,064	1,188	57.6	2,949	303	10.3
Polk Parkway	11,662	10,892	770	7.1	11,564	98	0.8
Suncoast Parkway	10,582	10,279	303	2.9	10,541	41	0.4
Western Beltway - Part C	2,990	2,644	346	13.1	2,913	77	2.6
Total Toll Revenue	\$369,640	\$298,283	\$71,357	23.9%	\$362,398	\$7,242	2.0%
Concession Revenue	3,454	3,491	(37)	-1.1	3,588	(134)	-3.7
TURNPIKE SYSTEM TOTAL	\$373,094	\$301,774	\$71,320	23.6%	\$365,986	\$7,108	1.9%

Overall, the total FY 2013 toll and concession revenue exceeds the forecast by two percent or about seven million dollars. Additionally, the economic outlook and overall assumptions have not changed since the last T&E Report dated October 30, 2012 (i.e., recovery from the recession will be slow with diminished rates of traffic growth). As such, for conservative purposes, the Turnpike gross revenue forecast included in the T&E Report dated October 30, 2012, and shown in **Table 3** below remains unchanged. The net revenue also remains unchanged since the O&M forecast included in the Turnpike 10-year Finance Plan will not change. As indicated in the table, the net revenue of the Turnpike System is expected to increase from \$560 million in FY 2013 to \$795 million in FY 2023.

Table 3
Turnpike System Net Revenue Forecast
FY 2013-2023

Fiscal Year	Revenues and Expenses (000)				
	Gross Revenue			Operations and Maintenance Expenses*	Net Revenue
	Tolls	Concessions	Total		
2013	\$731,439	\$7,176	\$738,615	\$178,774	\$559,841
2014	750,893	7,356	758,249	179,457	578,792
2015	760,965	7,436	768,401	175,200	593,201
2016	782,468	7,483	789,951	176,259	613,692
2017	809,185	7,528	816,713	181,197	635,516

INDEPENDENT AUDITORS' REPORT

Secretary of Transportation and the Executive Board
Florida Department of Transportation
Tallahassee, Florida

We have audited the accompanying basic financial statements of Florida's Turnpike System (the "System") as of and for the years ended June 30, 2012 and 2011, as listed in the table of contents. These financial statements are the responsibility of the System's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1 to the financial statements, the financial statements referred to above present only the Florida's Turnpike System's Enterprise Fund of the Florida Department of Transportation and do not purport to, and do not, present fairly the financial position of the Florida Department of Transportation and the results of its operations and the cash flows of its proprietary funds in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Florida's Turnpike System as of June 30, 2012 and 2011, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America requires that the management's discussion and analysis and the required supplementary information other than management's discussion and analysis listed in the foregoing table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures on management's discussion and analysis and the required supplementary information other than management's discussion and analysis, which consisted principally of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Deloitte & Touche LLP

November 12, 2012

(Except for the second paragraph of Note 16 to which the date is November 16, 2012)

FLORIDA'S TURNPIKE SYSTEM DEPARTMENT OF TRANSPORTATION STATE OF FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS YEARS ENDED JUNE 30, 2012 AND 2011

As management of Florida's Turnpike System ("Florida's Turnpike," "Turnpike," or the "System"), we offer readers of our annual financial report this narrative overview of the financial activities of the System for the fiscal years ended June 30, 2012 and 2011. Please read it in conjunction with the financial statements as a whole.

The System operates as an enterprise fund of the Florida Department of Transportation (the "Department"), an agency of the State of Florida. The statements contained herein include only the accounts of the System and do not include any other accounts of the Department or the State of Florida. The System is presented as a blended enterprise fund in the financial statements of the State of Florida.

FINANCIAL HIGHLIGHTS

- The System's total revenues were \$650.2 million and \$631.6 million for fiscal year 2012 and 2011, respectively, representing an increase of \$18.6 million (2.9%) and a decrease of \$13.1 million (2.0%) from each of the prior years.
- The System's total expenses were \$378.0 million and \$348.3 million for fiscal years 2012 and 2011, respectively. Fiscal year 2012 total expenses increased \$29.7 million (8.5%) from the prior year, and fiscal year 2011 total expenses increased \$10.6 million (3.1%) from fiscal year 2010.
- The System's net assets totaled \$5,692.0 million and \$5,423.1 million as of June 30, 2012 and 2011, respectively. Increases of \$268.9 million (5.0%) and \$301.0 million (5.9%) from each of the prior fiscal years indicate growth in the System's financial position.
- The System's total capital assets, net of accumulated depreciation and amortization, amounted to \$7,804.7 million and \$7,665.1 million as of June 30, 2012 and 2011, respectively. Increases of \$139.6 million (1.8%) and \$319.5 million (4.3%) from each of the prior fiscal years signify continued investments in capital assets.

USING THIS ANNUAL REPORT

This discussion and analysis is intended to serve as an introduction to the System's basic financial statements, notes to the financial statements, and required supplementary information. While the System is considered part of the Department, which is an agency of the State of Florida, it is also considered an enterprise fund. Therefore, the System's financial statements are presented in a manner similar to a private sector business.

Statement of Net Assets — This statement presents information on all of the System's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets are relative indicators of whether the System's financial position is improving or deteriorating.

Statement of Revenues, Expenses, and Changes in Net Assets — This statement shows the results of the System's total operations during the fiscal year and reflects both operating and nonoperating activities. Changes in net assets reflect the current fiscal period's operating impact upon the overall financial position of the System.

Statement of Cash Flows — This statement presents information about the System’s cash receipts and cash payments, or, in other words, the sources and uses of the System’s cash and the change in cash balance during the fiscal year. The direct method of cash flows is presented, ending with a reconciliation of operating income to net cash provided by operating activities.

Notes to the Financial Statements — The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Other — Certain required supplementary information is presented to disclose trend data on the System’s infrastructure condition.

FINANCIAL ANALYSIS

Net assets serve as an indicator of the strength of the System’s financial position. The System’s net assets as of June 30, 2012 were \$5.7 billion, an increase of \$268.9 million, or 5.0%, as compared to the prior fiscal year. As of June 30, 2011 net assets were \$5.4 billion, an increase of \$301.0 million, or 5.9%, from fiscal year 2010. The increases in net assets were primarily attributable to the results from operations for the two years and were primarily invested in the System’s capital assets (land, infrastructure, buildings, etc.), less any related outstanding debt used to acquire those assets (see Table 1). The System uses these capital assets to provide services to customers. Although the System’s investment in capital assets is reported net of related debt, it should be noted that the revenues collected by the System are utilized to repay this debt in accordance with the bond resolution.

Table 1
Net Assets of Florida’s Turnpike System
(In Millions)

	As of June 30,		
	2012	2011	2010
Current and other assets	\$ 728.1	\$ 652.1	\$ 461.3
Noncurrent restricted assets	369.0	256.9	480.0
Capital assets—net of accumulated depreciation and amortization	<u>7,804.7</u>	<u>7,665.1</u>	<u>7,345.6</u>
Total assets	<u>8,901.8</u>	<u>8,574.1</u>	<u>8,286.9</u>
Current liabilities	273.8	258.7	161.7
Long-term debt outstanding and other liabilities	<u>2,936.0</u>	<u>2,892.3</u>	<u>3,003.1</u>
Total liabilities	<u>3,209.8</u>	<u>3,151.0</u>	<u>3,164.8</u>
Net assets:			
Invested in capital assets—net of related debt	5,051.5	4,792.0	4,592.2
Restricted	166.2	164.9	158.0
Unrestricted	<u>474.3</u>	<u>466.2</u>	<u>371.9</u>
Total net assets	<u>\$ 5,692.0</u>	<u>\$ 5,423.1</u>	<u>\$ 5,122.1</u>

A portion of the System’s net assets represent resources subject to bond covenants or other restrictions. Funds maintained in these accounts include bond sinking fund requirements and debt service reserve requirements. As of June 30, 2012 and 2011, net assets subject to this restriction totaled \$166.2 million and \$164.9 million, respectively. For fiscal year 2012, this represents an increase of \$1.3 million from the prior year. This is primarily due to a \$7.4 million increase in net assets restricted for renewals and replacement resulting from a

decrease in funding needs for resurfacing, preliminary engineering and construction during the year, offset by a \$6.1 million decrease in net assets restricted for debt service from a slight restructuring of investments as of the end of fiscal year 2012. For fiscal year 2011, this represents an increase of \$6.9 million from the prior year. This increase is primarily due to an increase in net assets restricted for renewals and replacements from deposits, offset by disbursements for resurfacing, preliminary engineering, and construction. Additional information on the System's debt service funding can be found in Note 8 to the financial statements.

Unrestricted net assets of \$474.3 million and \$466.2 million as of June 30, 2012 and 2011, respectively, represent residual amounts after all mandatory transfers have been made as required by bond covenants and other restrictions. For fiscal year 2012, this represents an increase of \$8.1 million from the prior year. This is primarily due to the restructuring of unrestricted investments by the State Board of Administration and pooled investments with the State Treasury during the year. In addition, \$22.8 million of 2010B bond proceeds was spent to complete capital projects, hence, reducing need for the use of the unrestricted portion of toll revenues. For fiscal year 2011, this represents an increase of \$94.3 million from the prior year. This increase is primarily due to the increase in unrestricted pooled investments with the State Treasury during the year. The System's capital projects are funded through revenue bonds and toll revenues. The 2010B bond proceeds were received in June 2010, which in turn were utilized throughout fiscal year 2011 for bond related projects. This resulted in a reduced need for the use of the unrestricted portion of toll revenues for capital projects, hence the increase in unrestricted pooled investments with the State Treasury. Typically, unrestricted net assets are used to fund improvements scheduled in the System's work program and to support the ongoing operations of the System.

Table 2
Changes in Net Assets of Florida's Turnpike System
(In Millions)

	For the Year Ended June 30,		
	2012	2011	2010
Operating revenues from toll facilities	\$ 608.8	\$ 600.1	\$ 596.2
Operating revenues from concessions and other sources	11.4	11.9	15.4
Nonoperating investment earnings	24.1	13.7	27.3
Nonoperating interest subsidy	5.9	5.9	5.8
Total revenues	<u>650.2</u>	<u>631.6</u>	<u>644.7</u>
Operations and maintenance expense	(171.0)	(176.7)	(170.3)
Business development and marketing expense	(2.7)	(3.3)	(2.2)
Pollution remediation expense	-	1.0	-
Renewals and replacements expense	(44.1)	(34.5)	(50.0)
Depreciation and amortization expense	(31.0)	(19.1)	(15.3)
Nonoperating interest expense	(125.8)	(110.4)	(98.3)
Other nonoperating expense—net	(3.4)	(5.3)	(1.6)
Total expenses	<u>(378.0)</u>	<u>(348.3)</u>	<u>(337.7)</u>
Income before contributions for capital projects and contributions to other governments	272.2	283.3	307.0
Contributions for capital projects	2.3	23.6	14.2
Contributions to other governments	(5.6)	(5.9)	(5.3)
Increase in net assets	268.9	301.0	315.9
Net assets:			
Beginning of year	<u>5,423.1</u>	<u>5,122.1</u>	<u>4,806.2</u>
End of year	<u>\$ 5,692.0</u>	<u>\$ 5,423.1</u>	<u>\$ 5,122.1</u>

Total revenues for fiscal year 2012 were \$650.2 million, representing an increase of \$18.6 million, or 2.9%, compared to fiscal year 2011. This resulted primarily from an increase in toll revenues and an increase in nonoperating investment earnings due to the fair market adjustment. Corresponding to the increase in toll revenues, toll transactions increased to 664.3 million transactions for the year ended June 30, 2012, from 652.9 million transactions for the year ended June 30, 2011, due to slight growth in ridership and a continuing economic recovery. No toll suspensions occurred during fiscal years 2012 and 2011. Historically, tolls have been suspended to aid evacuation efforts when a state of emergency has been declared by the Governor during natural disasters, such as hurricanes.

Total revenues for fiscal year 2011 were \$631.6 million, representing a decrease of \$13.1 million or 2.0% compared to fiscal year 2010. This resulted primarily from an increase in toll revenues offset by decreases in nonoperating investment earnings due to the decline in interest rates and a decrease in concessions and other sources of revenue from service plaza renovations along the Mainline. Corresponding to the increase in toll revenue, toll transactions increased to 652.9 million transactions for the year ended June 30, 2011, from 639.4 million transactions for the year ended June 30, 2010.

The System has a broad customer base and the ability to serve more than half of the State of Florida's population. Expanded use of the interstate highway system and continuing heavy flows of commuter traffic make Florida's Turnpike an attractive option to the motoring public in both rural and urban areas. Customers of the System perceive the value of its well-maintained, limited-access roadways and its high level of service, and respond by choosing the Turnpike over alternative routes.

For the year ended June 30, 2012, the System reported \$2.3 million of contributions for capital projects, a decrease of \$21.3 million from the prior year. The contributions consist primarily of \$0.6 million for Service Plaza renovations, \$0.6 million for the Pace Road Polk Parkway interchange project, and \$0.5 million for construction of the I-595 fly over ramps project on the Mainline.

Total expenses (including depreciation and amortization expense) for fiscal year 2012 were \$378.0 million, an increase of \$29.7 million or 8.5%, as compared to fiscal year 2011. The increase is primarily due to a \$15.4 million increase in nonoperating interest expense, \$11.9 million increase in depreciation and amortization expense, and \$9.6 million increase in renewal and replacements expense, offset by a \$5.7 million decrease in operations and maintenance expense, and a \$1.9 million decrease in other nonoperating expenses. The increase in nonoperating interest expense was due to the issuance of \$150.2 million State of Florida, Department of Transportation Turnpike Revenue Bonds, Series 2011A. The increase in renewals and replacements was primarily due to an increase in resurfacing projects in fiscal year 2012 compared to fiscal year 2011. The increase in depreciation and amortization was primarily from the increase in the amortization of intangible assets related to assets placed in service totaling \$23.2 million. The decrease in operations and maintenance expense is primarily due to the decrease in toll collection costs associated with the Homestead Extension of Florida's Turnpike (HEFT). This roadway was converted to all electronic tolling in February 2011, hence, fiscal year 2011 only reflected a partial year's savings as compared to a full year of savings in fiscal year 2012. The decrease in other nonoperating expense was primarily due to property losses of \$0.6 million in fiscal year 2012 as compared to \$2.6 million in fiscal year 2011. Since the System utilizes the modified approach for reporting infrastructure, it is required to maintain its infrastructure assets at certain levels. Fluctuations in expense levels from year to year will result based on management's assessment of needed System preservation. The overall infrastructure condition rating was not affected by the increase in renewal and replacements expenditures in fiscal year 2012. (See the required supplementary information included after the Notes to Financial Statements.)

Total expenses (including depreciation and amortization expense) for fiscal year 2011 were \$348.3 million, an increase of \$10.6 million or 3.1%, as compared to fiscal year 2010. The increase is primarily due to a \$6.4 million increase in operations and maintenance expense, a \$12.1 million increase in nonoperating interest

expense as well as minor increases in the other expenses, offset by a \$15.5 million decrease in renewal and replacements expense. The increase in operations and maintenance was due to the increase in cost of sales related to transponders and an increase in overhead costs. The increase in nonoperating interest expense was primarily due to issuance of new revenue bonds in the latter part of fiscal year 2010. The decrease in renewals and replacements expense was primarily due to less resurfacing projects in fiscal year 2011 compared to fiscal year 2010. Since the System utilizes the modified approach for reporting infrastructure, it is required to maintain its infrastructure assets at certain levels. Fluctuations in expense levels from year to year will result based on management's assessment of needed System preservation. The infrastructure condition ratings were not affected by the reduction in renewal and replacements expenditures in fiscal year 2011. (See the required supplementary information included after the Notes to Financial Statements.)

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets — As of June 30, 2012, the System reported approximately \$7.8 billion in constructed, purchased, and donated capital assets (net of accumulated depreciation and amortization), which was \$139.6 million or 1.8% higher than the prior year. As of June 30, 2011, the System reported approximately \$7.7 billion in constructed, purchased, and donated capital assets (net of accumulated depreciation and amortization), which was \$319.5 million or 4.3% higher than the prior year. The increases were mainly in the category of infrastructure assets and reflect the System's ongoing investment in its capital work program (see Table 3). The System's financial statements present capital assets in two groups: those assets subject to depreciation and amortization such as buildings and improvements, furniture and equipment, intangible assets, and construction in progress for related assets; and those not subject to depreciation and amortization, such as land, infrastructure, and construction in progress for related assets (see the discussion following on the modified approach for reporting infrastructure).

Table 3
Capital Assets of Florida's Turnpike System
(Net of Depreciation and Amortization, in Millions)

	As of June 30,		
	2012	2011	2010
Land	\$ 863.4	\$ 863.9	\$ 866.6
Infrastructure	6,311.6	5,958.8	5,641.7
Construction in progress—nondepreciable assets	382.0	582.4	606.5
Buildings and improvements—net	142.8	149.2	145.2
Furniture and equipment—net	59.4	53.7	44.0
Intangible assets—net	28.3	14.6	0.2
Construction in progress—depreciable assets	<u>17.2</u>	<u>42.5</u>	<u>41.4</u>
Total capital assets—net	<u>\$ 7,804.7</u>	<u>\$ 7,665.1</u>	<u>\$ 7,345.6</u>

For fiscal years ended 2012 and 2011, major additions of capital assets included (in millions):

	2012	2011
Widening and capacity improvements	\$ 46.4	\$ 159.4
Interchange and access projects	32.1	40.6
High-speed express lanes	19.3	52.3
Toll system technology upgrades	18.0	9.3
Safety improvements	8.1	1.0
Intelligent transportation system enhancements	4.0	1.1
Service Plaza Improvements	5.8	-
	<u>\$ 133.7</u>	<u>\$ 263.7</u>

The System's capital program is made up of a number of ongoing projects, which include a system-wide toll equipment enhancement project, improvements to ramps at I-595, a widening project in Broward County, ramp and bridge improvements at Jupiter (milepost 116) and PGA (milepost 109), as well as improvements to all eight service plazas along the Mainline. Planned commitments for the fiscal year ending June 30, 2013 include an additional \$18.5 million for the system-wide toll equipment enhancement project, an additional \$109.5 million for conversion of sections of the Mainline to All Electronic Tolling, \$246.3 million and \$198.0 million for widening the HEFT and the Veterans Expressway, respectively, \$11.7 million for Interstate 4 Interchange improvements, \$31.4 million for I-595 Interchange improvements, \$85.0 million for the Interstate 4 /Selmon Expressway Connector, and \$210.2 million for new road construction in Clay and Duval counties. These projects will be funded over the next few years with existing cash, toll revenues, and bond proceeds, as well as available state and local funds.

Modified Approach for Reporting Infrastructure — Governmental accounting and reporting standards permit an alternative to reporting depreciation for infrastructure known as the modified approach. For its highway system and improvements, the System has made the commitment to maintain and preserve these assets at condition level ratings equal to or greater than those established by the Department. As a result, the System does not report depreciation expense for its highway system and improvements; rather, costs for both maintenance and preservation of infrastructure capital assets are expensed in the period incurred.

As detailed in the required supplementary information included after the Notes to Financial Statements, the System has exceeded its targeted infrastructure condition level ratings for the last several years. For fiscal years 2012 and 2011, the System estimated it would need to spend \$95.7 million and \$84.6 million, respectively, for infrastructure maintenance and preservation, but actually expended \$84.3 million and \$75.3 million, respectively. Fluctuations occur from year to year between the amount spent to preserve and maintain the System, and the estimated amount resulting from the timing of work activities. Over a period of time, the amount expended is comparable to the estimate. As such, the System's overall maintenance condition rating is fairly consistent from year to year.

Additional information on the System's current capital assets can be found in Note 5 to the financial statements.

Noncurrent Liabilities — At the end of fiscal year 2012, the System had outstanding revenue bonds (net of unamortized premiums and deferred loss on early retirement of debt) and other noncurrent liabilities payable totaling \$2.9 billion. This amount represents an increase of the System's long-term debt obligations by \$43.7 million or 1.5% from June 30, 2011. This increase was primarily due to the issuance of \$150.2 million of State of Florida, Department of Transportation Turnpike Revenue Bonds, Series 2011A offset by the principal payments totaling \$105.1 million for the System's outstanding revenue bonds.

At the end of fiscal year 2011, the System had outstanding revenue bonds (net of unamortized premiums and deferred loss on early retirement of debt) and other noncurrent liabilities payable totaling \$2.9 billion. This amount represents a decrease of the System's long-term debt obligations by \$110.8 million, or 3.7% from June 30, 2010. This decrease was primarily due to principal payments for the System's outstanding revenue bonds.

Additional information on the System's outstanding noncurrent liabilities can be found in Notes 7, 8, and 9 to the financial statements.

The System is authorized by Section 338.2275 of the Florida Statutes to have up to \$10.0 billion of outstanding revenue bonds to fund approved projects. The System has issued \$2.9 billion of outstanding revenue bonds to finance the construction of expansion projects and system improvements. At June 30, 2012, \$7.1 billion remains of the statutory limitation on outstanding bonds.

The System issues revenue bonds to fund expansion and improvement projects in accordance with Turnpike Debt Management Guidelines. Pursuant to these guidelines, the System typically issues 30-year fixed-rate bonds. Bonds are issued to fund projects with an expected useful life not less than the term of the bonds. The System does not issue bonds for operations and maintenance costs. Bonds are issued through the State Board of Administration (SBA), Division of Bond Finance, in accordance with s.11(d), Article VII of the State Constitution.

Turnpike revenue bonds are only issued for projects included in the System's legislatively (Section 339.135 (4), F.S.) approved Work Program. Expansion projects are also subject to the statutorily required tests of economic feasibility prior to the sale of bonds (Section 338.223, F.S.). The tests require that the net revenues of an expansion project must be sufficient to pay 50% of the debt service of the bonds by the 12th year after the project opens to traffic and must pay 100% of the debt service of the bonds by the 30th year after the project opens to traffic (Section 338.221, F.S.).

The planned bond sales are included in the Department's financially balanced five-year finance plan and 36-month cash forecast as required by the legislature (Section 339.135 (4) F.S.).

The resolution authorizing the issuance of Turnpike revenue bonds requires a debt service reserve be established in an amount as defined in the resolution. The debt service reserve requirement for each bond issue is to be funded from revenues or through a reserve account credit facility as provided for in the resolution. Due to the initial downgrading and further downgrading of the ratings of the counterparties backing the sureties for certain bond issues in fiscal years 2008 and 2009, respectively, the System began scheduled funding of the debt service requirements for the related bond issues. During fiscal year 2010, the Turnpike completed all debt service funding requirements and remains fully funded for fiscal year 2012. Additional information on the System's debt service reserve requirements can be found in Note 8 to the financial statements.

The System currently holds an "AA-" rating from Standard & Poor's, an "Aa3" rating from Moody's Investors Service, and an "AA-" rating from Fitch Ratings for its bond issues. The System's debt service coverage ratio remained at 1.82 for fiscal year 2012 and fiscal year 2011, although our debt increased by \$43.7 million. This exceeds the 1.2 minimum debt service coverage as required by the covenants with the bondholders.

Table 4
Outstanding Noncurrent Liabilities of Florida's Turnpike System
(Net of Premiums and Deferred Losses, in Millions)

	As of June 30,		
	2012	2011	2010
Revenue bonds (backed by toll facilities' revenues)	\$ 2,784.9	\$ 2,731.8	\$ 2,844.7
Amounts due to various funds of the Florida Department of Transportation	148.9	155.8	152.9
Other noncurrent liabilities	<u>2.2</u>	<u>4.7</u>	<u>5.5</u>
Total noncurrent liabilities	<u>\$ 2,936.0</u>	<u>\$ 2,892.3</u>	<u>\$ 3,003.1</u>

Economic Conditions and Outlook — Florida's economy continues to improve at a slow and steady pace. The gradual rebound in traffic on the Turnpike is expected to continue with a stronger recovery beyond 2015. Management believes that toll revenues will be more than sufficient to meet its obligations for debt service, operating and maintenance costs, and the preservation of the System.

Additionally, pursuant to Section 338.165, Florida Statutes, toll rates were indexed on all Department toll roads and bridges on June 24, 2012. The law requires that the Department index toll rates on existing toll facilities to the annual Consumer Price Index or similar inflation indicator no more frequently than once a year, and no less frequently than once every five years. The current adjusted toll rates reflect an average increase of \$0.25 at most toll locations. SunPass and TOLL-BY-PLATE rates will be adjusted annually on or before July 1st each year based on the actual change in year-over-year price index, while cash rates will be indexed every five years.

Requests for Information — This financial report is designed to provide a general overview of the System's finances for all those with an interest in its finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, Florida's Turnpike System, P.O. Box 613069, Ocoee, Florida 34761.

**FLORIDA'S TURNPIKE SYSTEM
DEPARTMENT OF TRANSPORTATION
STATE OF FLORIDA**

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2012 AND 2011**

1. REPORTING ENTITY

Florida's Turnpike System (the "Turnpike" or the "System") is part of the Florida Department of Transportation (the "Department"), which is an agency of the State of Florida (the "State"). The Department is responsible for cash management and other financial matters of the System. The fiscal years 2012 and 2011 financial statements contained herein include only the accounts of the System and do not include any other accounts of the Department or the State. The System is presented as a blended enterprise fund in the financial reports of the State.

In evaluating how to define the System for financial reporting purposes, management has considered all potential component units in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. GASB Statement No. 14 defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Management has determined that there are no other units that meet the criteria for inclusion in the System's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The System has adopted GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*. The Statement requires proprietary funds to apply all applicable GASB pronouncements, as well as those Statements and Interpretations of the Financial Accounting Standards Board (FASB), Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure, issued on or before November 30, 1989, which do not conflict with or contradict GASB pronouncements. As also provided by GASB Statement No. 20, the System has elected not to adopt any FASB statements issued after November 30, 1989, unless so directed by the GASB.

Basis of Presentation — Fund Accounting — The accounting systems of the Department are organized on the basis of funds, each of which is considered an accounting entity having a self-balancing set of accounts for recording its assets, liabilities, fund equity or net assets, revenues, and expenditures or expenses. The individual funds account for the governmental resources allocated to them for the purpose of carrying on specific activities in accordance with laws, regulations, or other restrictions. The System is an Enterprise Fund — a Proprietary Fund of the Department.

The focus of proprietary fund measurement is on economic resources, or the determination of operating income, changes in net assets, financial position, and cash flows. The accounting principles generally accepted in the United States of America (“generally accepted accounting principles”) applicable to proprietary funds are similar to those applicable to businesses in the private sector. The following is a general description of the Turnpike System Enterprise Fund:

Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met, and governments should apply each of these criteria in the context of the activity’s principal revenue sources.

- a. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit — even if that government is not expected to make any payments — is not payable solely from fees and charges of the activity. (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable “solely” from the revenues of the activity.)
- b. Laws or regulations require that the activity’s costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.
- c. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation and amortization or debt service).

Management believes that the activities of the System meet all three criteria.

Basis of Accounting — Basis of accounting refers to the timing of recognition of revenues and expenses in the accounts and reporting in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. Proprietary funds utilize the accrual basis of accounting. Under this method, revenues are recognized when they are earned and expenses are recognized when they are incurred.

Cash and Cash Equivalents — Investments with a maturity of three months or less when purchased are considered to be cash equivalents. Included within this category are repurchase agreements held by the State Board of Administration (SBA) and cash deposited in the State’s general pool of investments, which are reported at fair value.

Investments — Investments are stated at fair value with the exception of certain nonparticipating contracts, such as repurchase agreements, which are reported at cost. Fair values are based on published market rates.

Accounts Receivable — Accounts receivable are reported at their net realizable value.

Inventory — Inventory consists of SunPass system transponders that will be sold to customers, which are valued at the lower of cost or market (first-in, first-out method).

Other Assets — Other assets consists of toll equipment parts for use in All Electronic Tolling lanes on the System. Toll equipment parts are reported at historical cost and classified as current if used within the operating cycle of 12 months, otherwise, they are classified as noncurrent.

Capital Assets — Capital assets are recorded at historical cost, except for contributed assets, which are recorded at fair value at the date of contribution. Construction in progress for nondepreciable capital

consists of project costs for infrastructure highway system, improvements, and buildings that are not yet complete and ready for use. Construction in progress for depreciable assets consists of project costs for equipment and intangible assets that are not yet complete and have not been placed in service.

Construction period interest cost, net of interest earned on the unexpended proceeds of tax-exempt borrowings, is capitalized as part of the capital asset cost. Costs for maintenance and repairs are expensed as incurred. The System's capitalization level is \$1,000 for tangible assets and \$10,000 for intangible assets. Depreciation and amortization, on a straight-line basis, is charged over useful lives ranging from 15 to 30 years for buildings and improvements, 3 to 10 years for furniture and equipment, and 3 to 15 years for intangibles assets. Infrastructure capital assets are recorded as highway system and improvements and are not depreciated (see the following infrastructure depreciation policy). Under the System's policy of accounting for toll facilities pursuant to "betterment accounting," property costs represent a historical accumulation of costs expended to acquire right-of-way and to construct, improve, and place in operation the various projects and related facilities. Costs also include the costs of enlargement, betterments, and certain general and administrative expenses incurred during the construction phase. Subsequent betterments are capitalized. All such costs are not reduced for subsequent replacements, as replacements are considered to be period costs and are included in renewals and replacements. These policies are consistent with practices followed by similar entities within the toll bridge, turnpike, and tunnel industry and with the modified approach for reporting infrastructure assets sanctioned by GASB Statement No. 34, *Basic Financial Statements — and Management's Discussion and Analysis — for State and Local Governments*.

Modified Approach for Reporting Infrastructure — The modified approach is an alternative to reporting infrastructure capital assets depreciation, if two requirements are met. First, the assets should be managed using an asset management system that meets certain criteria. Second, the System should document that the infrastructure is being preserved at or above a condition level established and disclosed by management. Significant aspects of the System's modified approach policy are: The System has made the commitment to preserve and maintain its infrastructure assets (highway system and improvements) at levels equal to or greater than those established by the Department. Depreciation expense is not reported for infrastructure assets and amounts are not capitalized in connection with improvements that lengthen the lives of such assets, unless the improvements also increase their service potential. Rather, costs for both maintenance and preservation of infrastructure capital assets are expensed in the period incurred. The System relies on the Department to maintain an asset management system that has an up-to-date inventory of System infrastructure assets and that performs condition assessments of those assets, summarizing the results using a measurement scale. Using these results, System management estimates the annual amount to maintain and preserve its infrastructure at a condition level established and disclosed by the System. The information required by GASB Statement No. 34 is presented in the required supplementary information included after the Notes to Financial Statements.

Impairment of Capital Assets — The System reviews its capital assets and considers impairment whenever indicators of impairment are present, such as when the decline in service utility of the capital asset is large in magnitude, and the event or change in circumstance is outside the normal life cycle of the capital asset. Pursuant to these guidelines, management has determined that no impairments existed at June 30, 2012 and 2011.

Restricted Assets — Certain assets are required to be segregated from other assets due to various bond indenture provisions. These assets are legally restricted for specific purposes, such as construction, renewals and replacements, and debt service.

Bond Discounts and Issuance Costs — Bond discounts and issuance costs are deferred and amortized over the term of the bonds using the interest method and straight-line method, respectively.

Deferred Amounts on Bond Refundings — In bond refunding transactions, the difference between the reacquisition price and the net carrying amount of the refunded debt is deferred and systematically amortized as a component of interest expense over the shorter of the remaining life of the old bonds or the life of the new bonds.

Restricted Net Assets — Restricted net assets are comprised of amounts restricted for debt service and renewals and replacements. It is the System's policy to first use restricted net assets when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Net Assets Invested in Capital Assets — *Net of Related Debt* — This component of net assets consists of capital assets — net of accumulated depreciation and amortization, reduced by the outstanding balances of bonds net of unexpended proceeds, and advances payable that are attributable to the acquisition, construction, or improvement of those assets.

Operating Revenues and Expenses — Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with the fund's principal ongoing operations. The principal operating revenues of the System are toll collections and concession revenue. Operating expenses consist primarily of operations, maintenance, renewal and replacement costs, pollution remediation, and business development and marketing costs, as well as depreciation and amortization on certain capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

Contributions to Other Governments — Amounts included in contributions to other governments represent capital contributions to other governments by the System to support other government road construction projects in conjunction with System projects. Such contributions are authorized by Chapter 338 of the Florida Statutes.

Use of Estimates — The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

New Accounting Standards — In December 2009, the GASB issued GASB Statement No. 57, *OPEB (Other Postemployment Benefits) Measurements by Agent Employers and Agent Multiple-Employer Plans*. This Statement establishes standards for the measurement and financial reporting of actuarially determined information by agent employers with individual-employer OPEB plans that have fewer than 100 total plan members and by the agent multiple-employer OPEB plans in which they participate. In addition, it clarifies requirements of GASB Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plan*, and GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, related to the coordination of the timing and frequency of OPEB measurements by agent employers and the agent multiple-employer OPEB plans in which they participate. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2011. The implementation of GASB Statement No. 57 had no effect the financial position, changes in net assets, or cash flows of the System.

In November 2010, the GASB issued GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*. This Statement improves the consistency in the reporting of service concession arrangements (SCA's), which are a type of public-private or public-public partnership, thereby enhancing the comparability of the accounting and financial reporting of such arrangements among state and local governments. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2011. Management believes GASB Statement No. 60 will have no effect on the financial position, changes in net assets, or cash flows of the System.

In November 2010, the GASB issued GASB Statement No. 61, *The Financial Reporting Entity: Omnibus — an amendment of GASB Statements No. 14 and No. 34*. This Statement improves the financial reporting requirements for a governmental financial reporting entity, modifies certain requirements for inclusion of component units in the financial reporting entity, and amends criteria for reporting component units as if they were part of the primary government in certain circumstances. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2012. Management believes GASB Statement No. 61 will not have a material effect on the financial position, changes in net assets, or cash flows of the System.

In December 2010, the GASB issued GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This Statement incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in various pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements. This Statement improves the financial reporting by contributing to the GASB's efforts to codify all sources of generally accepted accounting principles for state and local governments so that they derive from a single source. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2011. Management believes GASB Statement No. 62 will not have a material effect on the financial position, changes in net assets, or cash flows of the System.

In June 2011, the GASB issued GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This Statement provides guidance for reporting deferred outflows of resources, the deferred inflows of resources, and net position in a statement of financial position and related disclosures. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2011. Management believes GASB Statement No. 63 will not have a material effect on the financial position, changes in net assets, or cash flows of the System.

In June 2011, the GASB issued GASB Statement No. 64, *Derivative Instruments: Applications of Hedge Accounting Termination Provisions*—an amendment of GASB Statement No. 53. This Statement clarifies whether an effective hedging relationship continues after the replacement of a swap counterparty or a swap counterparty's credit support provider. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2011. The implementation of GASB Statement No. 64 had no effect on the financial position, changes in net assets, or cash flows of the System.

In April 2012, the GASB issued GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, clarifies the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012. Management believes GASB Statement No. 65 will not have a material effect on the financial position, changes in net assets, or cash flows of the System.

In April 2012, the GASB issued GASB Statement No. 66, *Technical Corrections*—an amendment to Statement No. 62 and Statement No. 10. This Statement enhances the usefulness of financial reports by resolving conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012. Management believes GASB Statement No. 66 will not have a material effect on the financial position, changes in net assets, or cash flows of the System.

In June 2012, the GASB issued GASB Statement No. 67, *Financial Reporting for Pension Plans*—an amendment to Statement No. 25. This Statement enhances the financial reporting by state and local governmental pension plans. This Statement replaces the requirement of Statement No. 25 *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans* and No. 50, *Pension Disclosures*, as they relate to pension plans that are administered through trusts or equivalent arrangements that meet certain criteria. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2013. Management believes GASB Statement No. 67 will not have a material effect on the financial position, changes in net assets, or cash flows of the System.

In June 2012, the GASB issued GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*—an amendment to Statement No. 67. This Statement enhances the financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2014. Management believes GASB Statement No. 67 will not have a material effect on the financial position, changes in net assets, or cash flows of the System.

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

The System's deposit and investment practices are governed by Chapter 280, Florida Statutes, Section 17.57, and Section 215.47, as well as various legal covenants related to the outstanding bond issues. At June 30, 2012 and 2011, the carrying amounts of the System's cash on deposit in its bank accounts were \$3.9 million and \$2.8 million, respectively. The related bank balances were \$2.9 million and \$2.3 million, respectively, all of which were insured by the Federal Deposit Insurance Corporation or collateralized pursuant to Chapter 280, Florida Statutes. All collateralized deposits are considered insured.

Chapter 280, Florida Statutes, generally requires public funds to be deposited in a bank or savings association that is designated by the State Chief Financial Officer ("State CFO") as authorized to receive deposits in the State and that meets the collateral requirements. The State CFO determines the collateral requirements and collateral pledging level for each Qualified Public Depository (QPD) following guidelines outlined in Chapter 69C-2, Florida Administrative Code (FAC), and Section 280.04, Florida Statutes. The State CFO is directed by FAC to review the "Public Depository Monthly Reports" and continually monitor the collateral pledging level(s) and required collateral of each QPD. If the State CFO determines that a QPD has violated the law and rule and has not pledged adequate collateral and/or has not used the proper collateral pledging level or levels, the QPD is immediately notified of the fact and directed to immediately comply with the State CFO's collateral requirements.

Eligible collateral includes federal, federally guaranteed, state and local government obligations, corporate bonds, letters of credit issued by a Federal Home Loan Bank, and with the State CFO's permission, collateralized mortgage obligations, real estate mortgage investment conduits and securities, or other interests in any open-end management investment company registered under the Investment Company Act of 1940, provided the portfolio of such investment company is limited to direct obligations of the United States (U.S.) government and to repurchase agreements fully collateralized by such direct obligations of the U.S. government, and provided such investment company takes delivery of such collateral either directly or through an authorized custodian. Statutes provide that if a loss to public depositors is not covered by deposit insurance, demanding payment under letters of credit, and the proceeds from the sale of collateral pledged or deposited by the defaulting depository, the difference will be provided by an assessment levied against other QPDs.

The System deposits monies in the State's general pool of investments. Under Section 17.57, Florida Statutes, the State CFO is provided with the powers and duties concerning the investment of certain funds and specifies acceptable investments. The State CFO pools deposited monies from all departments in the State Treasury. The State Treasury, in turn, keeps these funds fully invested to maximize interest earnings. Authorized investment types are set forth in Section 17.57, Florida Statutes, and include certificates of deposit, direct obligations of the U.S. Treasury, obligations of federal agencies, asset-backed or mortgage-backed securities, commercial paper, bankers' acceptances, medium-term corporate obligations, repurchase agreements, reverse repurchase agreements, commingled and mutual funds, obligations of state and local governments, derivatives, put and call options, negotiable certificates of deposit and convertible debt obligations of any corporation domiciled within the U.S. and, subject to certain rating conditions, foreign bonds denominated in U.S. dollars and registered with the Securities and Exchange Commission for sale in the U.S. Certain investments, such as mutual funds, cannot be categorized by all the different investment types because they are not evidenced by securities that exist in physical or book entry form. Securities held by the other parties underlying securities lending agreements also are not categorized.

The System's share of the State's general pool of investments was \$723.1 million and \$592.3 million at June 30, 2012 and 2011, respectively, which was the fair value of the pool share. The historical cost of the System's share of the State's general pool of investments was \$711.0 million and \$586.5 million at June 30, 2012 and 2011, respectively. No allocation is made as to the System's share of the types of investments or their risk categories. The System's share of the assets and liabilities arising from the reverse repurchase agreements and securities lending agreements is likewise not carried on the balance sheet since the State Treasury operates on a pooled basis and, to do so, may give the misleading impression that the System itself has entered into such agreements.

The schedule below discloses the detail of the State's general pool of investments and the fair value of each investment type as of June 30, 2012 and 2011, which were used to determine the fair value of the System's participation (in thousands).

Investment Type	2012	2011
Commercial paper	\$ 1,039,325	\$ 837,686
Repurchase agreements	584,427	371,398
U.S. guaranteed obligations	5,164,224	5,220,838
Federal agencies	8,286,491	8,389,122
Bonds and notes — domestic	3,049,944	2,587,252
Bonds and notes — international	420,186	381,778
	<u>18,544,597</u>	<u>17,788,074</u>
Total investments		
Cash on hand	-	300
Cash on deposit	<u>1,016,894</u>	<u>756,526</u>
Total	<u>\$ 19,561,491</u>	<u>\$ 18,544,900</u>

The System currently invests in U.S. Treasury securities through the SBA. Further information may be obtained from the Chief Operating Officer — Finance and Accounting, State Board of Administration of Florida, 1801 Hermitage Boulevard, Suite 100, Tallahassee, Florida 32308, (850) 488-4406.

At June 30, 2012 and 2011, the System's cash, cash equivalents, and investments consisted of the following amounts stated at fair value (in thousands):

	2012	2011
Cash and restricted cash:		
Cash on hand	\$ 18	\$ 15
Cash on deposit	3,870	2,817
Cash held by the State Treasury	1,708	1,170
Cash held by the SBA	<u>71,181</u>	<u>16,784</u>
Total cash	<u>76,777</u>	<u>20,786</u>
Cash equivalents and restricted cash equivalents:		
U.S. government securities held by the SBA (maturity <90 days)	-	11,179
Pooled investments with the State Treasury (uncategorized)	<u>723,136</u>	<u>592,330</u>
Total cash equivalents	<u>723,136</u>	<u>603,509</u>
Restricted investments — U.S. government securities held by the SBA	249,927	206,263
Unrestricted investments — U.S. government securities held by the SBA	<u>127</u>	<u>37,444</u>
Total	<u>\$ 1,049,967</u>	<u>\$ 868,002</u>

As of June 30, 2012 and 2011, cash, cash equivalents, and investments as presented in the Statements of Net Assets were comprised of the following (in thousands):

	2012	2011
Current assets:		
Cash and cash equivalents:		
Cash on hand	\$ 18	\$ 15
Cash on deposit	3,870	2,817
Cash held by the State Treasury	1,608	1,070
Cash and cash equivalents held by the SBA	71,155	26,018
Pooled investments with the State Treasury (uncategorized)	<u>604,194</u>	<u>543,689</u>
Total	<u>680,845</u>	<u>573,609</u>
Noncurrent restricted assets:		
Restricted cash and cash equivalents:		
Cash held by the State Treasury	101	100
Cash and cash equivalents held by the SBA	26	1,945
Pooled investments with the State Treasury (uncategorized)	<u>118,941</u>	<u>48,641</u>
Total restricted cash and cash equivalents	<u>119,068</u>	<u>50,686</u>
Restricted investments	249,927	206,263
Unrestricted investments	<u>127</u>	<u>37,444</u>
Total	<u>\$ 1,049,967</u>	<u>\$ 868,002</u>

Credit Risk — Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its obligations. GASB Statement No. 40, *Deposit and Investment Risk Disclosures — an Amendment of GASB Statement No. 3*, requires the disclosure of nationally recognized credit quality ratings of investments in debt securities, as well as investments in external investment pools, money market funds, bond mutual funds, and other pooled investments of fixed-income securities existing at year-end, such as Standard & Poor’s, Moody’s, or Fitch ratings of AA, AAA, etc. Excluded from such disclosure requirements are U.S. government obligations and obligations explicitly guaranteed by the U.S. government, since those investments are deemed to have no exposure to credit risk. As of June 30, 2012, the U.S. government obligations and obligations explicitly guaranteed by the U.S. government were AAA rated with the exception that, on August 5, 2011, one of the rating agencies downgraded the rating to AA+. The credit risk requirements of GASB Statement No. 40 are not required for repurchase agreements or for deposits.

The State Treasury Investment Pool is rated by Standard & Poor’s. The rating at June 30, 2012, was A+f. The System does not have a policy to address the credit risk that may exist for its investments in the State’s uncategorized general pool. Instead, it relies on the controls and safeguards provided by Section 17.57, Florida Statutes, as discussed above.

The System currently invests in U.S. Treasury securities through the SBA. The System does not have a policy to address the credit risk that may exist for its investments with the SBA. Instead, it relies on the controls and safeguards provided by Section 215.47, Florida Statutes.

Custodial Credit Risk — Custodial credit risk for deposits exists when, in the event of the failure of a depository financial institution, a government may be unable to recover deposits or recover collateral securities that are in possession of an outside party. Custodial credit risk for investments exists when, in the event of the failure of the counterparty to a transaction, a government may be unable to recover the value of investment or collateral securities that are in the possession of an outside party.

GASB Statement No. 40 limits disclosure of custodial risk to deposits and investments that meet the definition of “Category 3,” as defined in GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*. The System has no “Category 3” credit risk deposits or investments for which the securities are held by the counterparty or by its trust department or agent, but not in the System’s name.

Concentration of Credit Risk — Increased risk of loss occurs as more investments are acquired from one issuer (i.e., lack of diversification). This results in a concentration of credit risk. GASB Statement No. 40 requires disclosures of investments by amount and issuer for any issuer that represents 5% or more of total investments. This requirement does not apply to investments issued or explicitly guaranteed by the U.S. government or investments in external investment pools, such as those that the System makes through the SBA or the State’s general pool of investments.

Foreign Currency Risk — Foreign currency risk exists when there is a possibility that changes in exchange rates could adversely affect an investment’s or deposit’s fair value. GASB Statement No. 40 requires disclosures of value in U.S. dollars by foreign currency denomination and by investment type for investments denominated in foreign currencies. The System does not have a policy to address the foreign currency risk that may exist for its investments in the State’s uncategorized general pool. Instead, it relies on the controls and safeguards provided by Section 17.57, Florida Statutes, as discussed above. For the years ended June 30, 2012 and 2011, the System was not exposed to any foreign currency risks.

Interest Rate Risk — Interest rate risk exists when there is a possibility that changes in interest rates could adversely affect an investment’s fair value. GASB Statement No. 40 requires that interest rate risk be disclosed using one of five approved methods.

Interest rate risk disclosures are required for all debt investments, as well as investments in external investment pools and other pooled investments that do not meet the definition of a 2a7-like pool. Also, disclosures are required for any assumptions regarding cash flow timing, interest rate changes, and other factors, as well as contract terms, such as coupon multipliers, benchmark indexes, reset dates, and embedded options that cause the fair value of investments to be highly sensitive to interest rate changes. The System does not have a policy to address the interest rate risk that may exist for its investments in the State’s uncategorized general pool or investments held with the SBA. Instead, it relies on the controls and safeguards provided by Sections 17.57 and 215.47, Florida Statutes, as discussed above.

The System’s investments reported on its Statements of Net Assets consist of U.S. Treasury Notes held by the SBA. As of June 30, 2012 and 2011, the maturity dates of these securities and their fair values (in thousands) were as follows:

	2012	2011
December 31, 2011		\$ 243,707
December 31, 2012	<u>250,054</u>	<u> </u>
	<u>\$ 250,054</u>	<u>\$ 243,707</u>

4. DUE FROM OTHER GOVERNMENTS

As of June 30, 2012 and 2011, amounts due from other governments consisted of the following (in thousands):

	2012	2011
Due from the Department	\$ 19,592	\$ 14,328
Due from the Department of Financial Services	108	1,919
Due from other departments	<u>90</u>	<u>500</u>
	<u>\$ 19,790</u>	<u>\$ 16,747</u>

The amount due from the Department of Financial Services (DFS) is attributable to escrow deposits held by DFS on behalf of local governments and organizations to fund certain construction costs. Pursuant to the agreement between the Turnpike and the local governments, the Turnpike is required to incur the construction costs before the deposits are released from escrow. In addition, at June 30, 2012 and 2011, amounts due from the Department were \$19.6 million and \$14.3 million, respectively, which were primarily comprised of toll revenue that was collected from customers and held in a Department fund at year-end. The amounts were remitted to the Turnpike subsequent to the respective year-ends.

5. CAPITAL ASSETS

Changes in the System's capital assets for the fiscal years ended June 30, 2012 and 2011 are shown below (in thousands):

2012	Beginning Balance	Transfers	Additions	Retirements	Ending Balance
Nondepreciable capital assets:					
Land	\$ 863,893	\$ -	\$ 1,023	\$ (1,561)	\$ 863,355
Infrastructure — highway system and improvements	5,958,776	339,425	13,440	-	6,311,641
Construction in progress	<u>582,363</u>	<u>(338,161)</u>	<u>137,761</u>	<u>-</u>	<u>381,963</u>
Total nondepreciable capital assets	<u>7,405,032</u>	<u>1,264</u>	<u>152,224</u>	<u>(1,561)</u>	<u>7,556,959</u>
Depreciable capital assets:					
Buildings and improvements	262,745	1,395	1,870	(2,952)	263,058
Furniture and equipment	136,623	8,874	9,258	(2,410)	152,345
Intangible assets	16,787	22,607	565	(7)	39,952
Construction in progress	42,507	(34,140)	8,858	-	17,225
Less accumulated depreciation and amortization:					
Intangible assets	(2,195)	-	(9,484)	6	(11,673)
Buildings and improvements	(113,491)	-	(9,206)	2,453	(120,244)
Furniture and equipment	<u>(82,896)</u>	<u>-</u>	<u>(12,347)</u>	<u>2,282</u>	<u>(92,961)</u>
Total depreciable capital assets	<u>260,080</u>	<u>(1,264)</u>	<u>(10,486)</u>	<u>(628)</u>	<u>247,702</u>
	<u>\$ 7,665,112</u>	<u>\$ -</u>	<u>\$ 141,738</u>	<u>\$ (2,189)</u>	<u>\$ 7,804,661</u>
2011	Beginning Balance	Transfers	Additions	Retirements	Ending Balance
Nondepreciable capital assets:					
Land	\$ 866,680	\$ (194)	\$ 3,063	\$ (5,656)	\$ 863,893
Infrastructure — highway system and improvements	5,641,690	314,629	5,732	(3,275)	5,958,776
Construction in progress	<u>606,452</u>	<u>(337,683)</u>	<u>315,094</u>	<u>(1,500)</u>	<u>582,363</u>
Total nondepreciable capital assets	<u>7,114,822</u>	<u>(23,248)</u>	<u>323,889</u>	<u>(10,431)</u>	<u>7,405,032</u>
Depreciable capital assets:					
Buildings and improvements	254,140	14,880	100	(6,375)	262,745
Furniture and equipment	127,855	16,688	1,589	(9,509)	136,623
Intangible assets	167	16,548	72	-	16,787
Construction in progress	41,371	(24,868)	26,004	-	42,507
Less accumulated depreciation and amortization:					
Intangible assets	(12)	-	(2,183)	-	(2,195)
Buildings and improvements	(108,934)	-	(8,635)	4,078	(113,491)
Furniture and equipment	<u>(83,845)</u>	<u>-</u>	<u>(8,292)</u>	<u>9,241</u>	<u>(82,896)</u>
Total depreciable capital assets	<u>230,742</u>	<u>23,248</u>	<u>8,655</u>	<u>(2,565)</u>	<u>260,080</u>
	<u>\$ 7,345,564</u>	<u>\$ -</u>	<u>\$ 332,544</u>	<u>\$ (12,996)</u>	<u>\$ 7,665,112</u>

The reduction to interest costs during the year ended June 30, 2012 was \$28.1 million. This is comprised of \$1.7 million of interest earned on related investments acquired with revenue bond proceeds, \$5.9 million of the Build America Bonds (“BABs”) interest subsidy received in 2012 from the U.S. Treasury pursuant to the American Recovery and Reinvestment Act of 2009 (AARA), and \$20.5 million capitalized as part of capital assets for the year ended June 30, 2012. The reduction to interest costs during the year ended June 30, 2011 was \$30.1 million. This is comprised of interest costs of \$24.2 million (\$21.9 million capitalized as part of capital assets and \$2.3 million of interest earned on related investments acquired with revenue bond proceeds) and \$5.9 million BABs interest subsidy received in 2011 from the U.S. Treasury pursuant to the ARRA. See Note 8 — *Bonds Payable* for further discussion related to the BABs that were part of the 2009B Bond issue.

In 2007, the System became a party to a lawsuit with a natural gas company involving pipeline relocation costs with respect to 11 miles along the Mainline in Broward County. In May 2011, the System was required to reimburse the gas company for related costs in the amount of \$92.0 million. The System’s practice of accounting for reimbursable utility costs is for these costs to be included as part of the project costs to complete the roadway projects, which are classified as capital assets. For the year ended June 30, 2011, the System recorded \$24.9 million of the reimbursable pipeline relocation costs in infrastructure – highway systems and improvements for a project completed in April 2011. The System recorded the remaining \$48.6 million and \$18.5 million in construction in progress for projects to be completed in March 2012 and July 2014, respectively. The corresponding liability was recorded in construction contracts and retainage payable. For the year ended June 30, 2012, the System recorded \$5.5 million of additional costs related to the relocation. The additional costs comprised the following: \$1.5 million was related to infrastructure for the project completed in April 2011; \$1.1 million was related to the construction work in progress project to be completed in July 2014; and \$2.9 million was related to the project which was completed in March 2012 and transferred from construction work in progress to infrastructure. See Note 14 — *Commitments and Contingencies* for further discussion related to this lawsuit.

6. DUE TO FLORIDA DEPARTMENT OF TRANSPORTATION

At June 30, 2012 and 2011, due to the Department consisted of the following (in thousands):

	2012	2011
June operations, maintenance, in-house, and overhead reimbursement	\$ 34,897	\$ 32,291
Current portion of advances payable to the Department	<u>7,766</u>	<u>6,575</u>
	<u>\$ 42,663</u>	<u>\$ 38,866</u>

7. ADVANCES PAYABLE TO FLORIDA DEPARTMENT OF TRANSPORTATION

At June 30, 2012 and 2011, advances payable to the Department consisted of the following (in thousands):

	2012	2011
State Infrastructure Bank Loans	\$ 48,705	\$ 51,923
Operations and maintenance subsidy	98,959	101,480
Advances from Toll Facilities Revolving Trust Fund	<u>9,000</u>	<u>9,000</u>
	156,664	162,403
Less current portion	<u>(7,766)</u>	<u>(6,575)</u>
	<u>\$ 148,898</u>	<u>\$ 155,828</u>

State Infrastructure Bank (SIB) Loans were established in 1997 as a pilot program for eight states, which allows those states to capitalize the SIB with up to 10% of their Federal Highway apportionments. The SIB acts as a revolving fund to provide assistance in the form of loans, credit enhancements, capital reserves, subsidized interest rates, or to provide other debt financing security. Such loans are interest free. In fiscal year 2005, the System received the last advance of the \$55.5 million loan for Seminole Expressway, Project 2. Repayments of \$2.5 million occurred as scheduled in both 2012 and 2011, with the balance due in installments through 2026. SIB loans are also being utilized as interest cost subsidies for the 2003C bond sale. No interest subsidy was received in fiscal year 2012 and \$1.1 million was received in fiscal year 2011. Interest subsidies have been provided through 2011 in the aggregate of \$16.9 million. Repayments on this loan were \$0.7 million and \$0.3 million for fiscal year 2012 and 2011, respectively, and will be fully repaid by fiscal year 2034. The repayment of these loans is subordinate to the payment of bonded debt.

As provided in Section 338.223 (4), Florida Statutes, the Department is authorized to make operations and maintenance loans to the System in a fiscal year, subject to a limitation of 1.5% of state transportation tax revenues available for that fiscal year. For the years ended June 30, 2012 and 2011, \$0.8 million and \$8.4 million, respectively, were provided to the System primarily in support of the Suncoast Parkway project. Repayment began in fiscal year 2012 with a \$2.5 million payment (net of \$0.8 million subsidy provided) from the System's general reserve fund and will be fully repaid by fiscal year 2030.

As provided in Section 338.251, Florida Statutes, the Department is authorized to advance funds to the System in the form of interest free Toll Facility Revolving Trust Fund (TFRTF) loans up to \$1.5 million annually, to reimburse for preliminary engineering expenditures incurred by the System. Through fiscal year 2009, the System was awarded and expended \$9.0 million in TFRTF loans from the Department for eligible expenditures. Repayment of these interest free loans begins in fiscal year 2015 with final payment due in fiscal year 2020.

Following are maturities of advances payable to the Department at June 30, 2012 (in thousands):

2013	\$ 7,766
2014	9,777
2015	13,242
2016	15,217
2017	25,542
2018–2022	53,230
2023–2027	22,060
2028–2032	8,726
2033–2034	<u>1,104</u>
	<u>\$ 156,664</u>

8. BONDS PAYABLE

Bonds payable as of June 30, 2012 and 2011 were as follows (in thousands):

2033–2037	383,930	83,721	467,651
2038–2041	<u>104,570</u>	<u>11,260</u>	<u>115,830</u>
	<u>\$2,856,935</u>	<u>\$1,753,760</u>	<u>\$4,610,695</u>

The System has defeased certain bonds by placing sufficient funds from the issuance of new bonds into irrevocable trusts. The trust funds will provide for all future debt service payments on the defeased bonds. Accordingly, the trust account assets and the liabilities for the defeased bonds are not included in the System’s financial statements. The principal balances of all defeased bonds outstanding were \$23.0 million and \$34.5 million at June 30, 2012 and 2011 respectively.

The State of Florida issued the \$68.5 million and \$255.0 million State of Florida, Department of Transportation Turnpike Revenue Bonds, Series 2009A and 2009B, respectively. The 2009B Bonds were issued as BABs for purposes of the American Recovery and Reinvestment Act of 2009. Pursuant to the Recovery Act, the State receives a cash subsidy payment from the U.S. Treasury equal to 35% of the interest payable on each interest payment date. The cash payment does not constitute a full faith and credit guarantee of the U.S. Government, but is required to be paid by the Treasury under the Recovery Act. Any cash subsidy payments received by the State are deposited into the Sinking Fund. The cash subsidy interest payments received in both fiscal year 2012 and 2011 were \$5.9 million and are included in nonoperating revenues on the Statements of Revenues, Expenses, and Changes in Net Assets.

In July 2011, the State of Florida issued the \$150.2 million State of Florida, Department of Transportation Turnpike Revenue Bonds, Series 2011A (2011A Bonds), to finance capital improvements to the System, to fund the debt service reserve account, to refund all or a portion of the State of Florida, Department of Transportation Turnpike Revenue Bonds, Series 2003C (2003C Bonds), and to pay costs of issuance.

Bond Refunding — A portion of the 2011A Bonds proceeds will be utilized in fiscal year 2013 to advance refund the 2003C Bonds maturing in the years 2014 through 2021 with outstanding principal amounts totaling \$47.6 million. This advance refunding will take advantage of a general reduction in interest rates to achieve an overall reduction in future debt service costs.

Debt Service Reserve — The resolution authorizing the issuance of Turnpike revenue bonds requires a debt service reserve be established in an amount as defined in the resolution. The debt service reserve requirement for each bond issue is to be funded from revenues or through a reserve account credit facility as provided for in the resolution.

The resolution requires that if the Standard & Poor’s or Moody’s rating of an issuer of a reserve credit facility falls below AAA to AA or A, that credit facility must be replaced with another AAA-rated credit facility within six months or with cash over a five-year period in equal semiannual installments. If the

rating falls below A, replacement must occur with another AAA-rated credit facility within six months or with cash over 12 months in equal monthly installments.

As of June 30, 2012 and 2011, the balance in the debt service reserve account was \$250.0 million and \$209.9 million, respectively. The balance as of June 30, 2012 exceeded the requirements of \$202.6 million for all outstanding issues. The debt service reserve account was fully funded as of June 30, 2012 and 2011.

9. CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the years ended June 30, 2012 and 2011 was as follows (in thousands):

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year	Amount Due in More than One Year
2012						
Bonds payable	\$ 2,811,830	\$ 150,165	\$ (105,060)	\$ 2,856,935	\$ 110,185	\$ 2,746,750
Add deferred amounts for issuance premiums	56,946	22,825	(13,678)	66,093	-	66,093

	<u>\$ 3,108,416</u>	<u>\$ 9,485</u>	<u>\$ (114,317)</u>	<u>\$ 3,003,584</u>	<u>\$ 111,271</u>	<u>\$ 2,892,313</u>

10. EMPLOYEE BENEFITS

A. Pensions

Florida Retirement System — The System participates in the Florida Retirement System (FRS), a cost-sharing multiple-employer public-employee retirement system administered by the State of Florida, Department of Management Services, Division of Retirement, to provide retirement and survivor benefits to participating public employees. Chapter 121, Florida Statutes, establishes the authority for participant eligibility, contribution requirements, vesting eligibility, and benefit provisions. The financial statements and other supplementary information for the FRS are included in the Comprehensive Annual Financial Report of the State of Florida, which may be obtained from the DFS. FRS also issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by contacting the State of Florida, Department of Management Services, Division of Retirement, Research, Education and Policy Section, P.O. Box 9000, Tallahassee, Florida 32315-9000 or by calling (850) 488-5706.

Retiree Health Insurance Subsidy Program — In 1987, the Florida Legislature established through Section 112.363, Florida Statutes, the Retiree Health Insurance Subsidy (HIS) to assist retirees of all state-administered retirement systems in paying health insurance costs. The HIS is a cost-sharing multiple-employer defined benefit pension plan. For the fiscal years ended June 30, 2012 and 2011, eligible retirees or beneficiaries received a monthly retiree health insurance subsidy payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments to individual retirees or beneficiaries were at least \$30, but not more than \$150 per month during each of the fiscal years. To be eligible to receive the HIS, a retiree under any State-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

The HIS is funded by required contributions from FRS participating employers. For each of the years ended June 30, 2012 and 2011, the System contributed 1.11% of payroll for all active employees covered by the FRS, which is included in the amounts disclosed below. This contribution was added to the amount submitted for retirement contributions and was deposited in a separate trust fund from which HIS payments are authorized. If these contributions fail to provide full subsidy benefits to all participants, the subsidy payments may be reduced or canceled.

The State of Florida's implementation of GASB Statement No. 43 resulted in a reevaluation of the HIS classification as a "postemployment benefit other than a pension" and its reclassification as a "pension benefit." The accounting and financial reporting for the HIS is now governed by GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, which was implemented for the fiscal year ending June 30, 2007, the transition year. Further disclosures and other supplementary information for the HIS are included in the Comprehensive Annual Financial Report of the State of Florida, which may be obtained from the DFS.

Funding Policy — In the Spring of 2011, the Florida Legislature passed Senate Bill 2100 and the Governor signed it on May 26, 2011. The bill made a number of substantial changes to the FRS. One of the changes affecting the funding policy requires each employee, beginning July 1, 2011, to contribute 3% of their gross compensation. The employer shall deduct the contribution from the employee’s salary, and the contribution shall be submitted to the Division of Retirement. The System is required to pay the amount collected from each employee and the employer contribution for full-time and part-time employees. Generally, employee participation in FRS is compulsory. The contribution rates, which are established in Section 121.071, Florida Statutes, were as follows (including a health insurance subsidy of 1.11% for each of the years ended June 30, 2012, 2011, and 2010):

	Through June 30,		
	2012	2011	2010
Employer contributions			
Senior management	6.27 %	14.57 %	13.12 %
Regular employees	4.91	10.77	9.85
Employee contributions			
Senior management	3.00	-	-
Regular employees	3.00	-	-

The System’s contributions to the FRS for the retirement plans amounted to approximately \$0.5 million for fiscal year ended June 30, 2012 and \$1.1 million for each of the years ended June 30, 2011 and 2010. The System remitted 100% of the required contributions for the years ended June 30, 2012, 2011, and 2010, respectively.

B. Other Postemployment Benefits

The System participates in the State Employees’ Health Insurance Program, a cost-sharing multiple-employer defined benefit plan administered by the State of Florida, Department of Management Services, Division of State Group Insurance, to provide group health benefits. Section 110.123, Florida Statutes, provides that retirees may participate in the State’s group health insurance programs. Although premiums are paid by the retiree, the premium cost to the retiree is implicitly subsidized by the commingling of claims experience in a single risk pool with a single premium determination.

An actuarial valuation has been performed for the plan. The System’s employees were included in the actuarial analysis and are part of the actuarial accrued liability, annual required contribution, and net other postemployment benefit obligation disclosed in the footnotes and other required supplementary information of the Comprehensive Annual Financial Report of the State of Florida.

The cost of group insurance benefits for current employees is charged to the System through overhead accruals assessed by the Department in the period the benefits are earned.

C. Deferred Compensation Plan

The System, through the State of Florida, offers its employees a deferred compensation plan created in accordance with Section 457 of the Internal Revenue Code. The plan (refer to Section 112.215, Florida Statutes), available to all regular payroll State employees, permits them to defer a portion of their salaries until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable financial emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (notwithstanding the

mandates of 26 U.S.C. s. 457(b)(6), all of the assets specified in subparagraph 1) held in trust for the exclusive benefit of participants and their beneficiaries as mandated by 26 U.S.C. s. 457(g)(1).

The System does not contribute to the plan. Participation under the plan is solely at the discretion of the employee.

The State has no liability for losses under the plan, but does have the duty of due care that would be required to an ordinary and prudent investor. Pursuant to Section 112.215, Florida Statutes, the Deferred Compensation Trust Fund is created in the State Treasury.

D. Compensated Absences

Employees earn the right to be compensated during absences for vacation and illness. Within the limits established by law or rule, the value of unused leave benefits will be paid to employees by the Department upon separation from state service.

The cost of vacation and vested sick leave benefits is charged to the System through overhead accruals assessed by the Department in the period the benefits are earned. The liability for these benefits is not recorded by the System since the System pays the Department for these costs in the period in which they are earned by the employee. The liability for accrued leave is recorded by the Department, which is responsible for paying accrued leave when it is taken.

11. CONTRIBUTIONS FOR CAPITAL PROJECTS

Contributions for capital projects represent proceeds received from other entities for construction of certain highway system projects, land acquisition, and various studies.

Contributions for capital projects recognized for the years ended June 30, 2012 and 2011 were as follows (in thousands):

	2012	2011
Service Plaza Refurbishments	\$ 597	\$ -
Pace Road/Polk Parkway Interchange	571	4,082
I-595 Flyover Ramps	500	1,735
Widening in Orange County	302	-

Truck Stop Electrification	-	423
Vegetation Mitigation	-	73
Winding Waters Natural Area	-	8
	<u>\$2,274</u>	<u>\$23,681</u>

12. TRANSACTIONS WITH FLORIDA DEPARTMENT OF TRANSPORTATION

As described in Note 1, System operations are the responsibility of the Department. Transactions between the System and other funds of the Department consist of reimbursements made by the System to the Department. Reimbursements include amounts arising from the use of Department personnel,

equipment and materials, and charges incurred from independent suppliers and contractors who are paid directly by the Department on behalf of the System.

The following summarizes transactions with and balances due to the Department as of and for the years ended June 30, 2012 and 2011, (in thousands):

	2012	2011
Payments/reimbursements to the Department	\$ 194,148	\$ 213,881
Amounts due to the Department for reimbursement of operating expenses	39,445	35,648

13. OPERATING LEASES

The System leases certain toll equipment and office space under noncancelable operating leases. As of June 30, 2012, future minimum lease payments under noncancelable operating leases with initial or remaining terms in excess of one year are as follows (in thousands):

2013	\$ 250
2014	150
2015	112
2016	37
2017	<u>-</u>
	<u>\$ 549</u>

Rent expense for all operating leases was approximately \$0.5 million and \$0.6 million for the years ended June 30, 2012 and 2011, respectively.

The System is the lessor under a noncancelable operating lease agreement under which the lessee provides restaurant and fuel station operations and related services within System-owned service plazas. In fiscal year 2009, the System selected a new lessee for the operations of the System-owned service plazas. Lease rent is calculated as a percentage of sales with a minimum monthly concession fee of \$0.8 million through November 1, 2010, and \$0.5 million for the months thereafter. Lease rent earned under the agreement totaled approximately \$6.0 million and \$7.2 million for the years ended June 30, 2012 and 2011, respectively. Pursuant to the terms of the agreement, the new lessee was required to pay an initial deposit at the inception of the lease totaling \$0.2 million. The deposit is refundable and is recorded as of June 30, 2012 and 2011, in current liabilities. As of June 30, 2012, future minimum lease rental income for each of the five succeeding fiscal years and in the aggregate are as follows (in thousands):

2013	\$ 6,000
2014	6,000
2015	6,000
2016	6,000
2017	6,000
2018–2041	<u>135,500</u>
	<u>\$ 165,500</u>

As of June 30, 2012, the total cost and carrying amount of the assets in use by the lessee were \$28.8 million and \$6.8 million, respectively. Depreciation expense relating to these assets was \$0.9 million for fiscal year 2012.

As of June 30, 2011, the total cost and carrying amount of the assets in use by the lessee were \$25.8 million and \$7.0 million, respectively. Depreciation expense relating to these assets was \$0.9 million for fiscal year 2011.

14. COMMITMENTS AND CONTINGENCIES

Commitments and Contingencies — Commitments on outstanding contracts for construction of improvements and maintenance of the System and right-of-way acquisitions totaled \$573.2 million at June 30, 2012.

The System is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of its operations. In the opinion of System management, based on the advice of Department legal counsel, except as described below, the ultimate disposition of these lawsuits and claims will not have a material adverse effect on the financial position or results of operations of the System.

In 2007, the System was party to a lawsuit with a natural gas pipeline company (“claimant”) involving pipeline relocation costs with respect to 11 miles along the Mainline in Broward County. A judgment was rendered in May 2011, and amended in July 2011, requiring the System to reimburse the claimant for relocation costs. The System recorded a liability for the year ended June 30, 2011. However, in July 2011, the System appealed the monetary judgment to the Fourth District Court of Appeal with the claimant having filed a notice of cross appeal. In June 2012, the Fourth District Court of Appeal affirmed the monetary judgment. As of June 30, 2012, the System was required to commit an additional \$5.5 million in connection with the claimant’s relocation costs due to the monetary part of the judgment being upheld. See Note 5 — *Capital Assets* for further discussion on the recording of the reimbursement related to the utility costs.

Risk Management — The System participates in various self-insurance programs established by the State of Florida for property and casualty losses and employee health insurance. Coverages include property, general liability, automobile liability, workers’ compensation, and federal civil rights actions. The System obtains conventional coverage for damage and revenue losses on the System bridges, although it retains significant self-insurance risk in order to control the cost of insurance premiums. The costs associated with the repairs of the bridges are recorded in renewal and replacement in the accompanying Statements of Revenues, Expenses, and Changes in Net Assets.

There were no reported insurance losses or recoveries during fiscal year 2012, and \$.07 million in losses were reported and recovered during fiscal year 2011.

15. POLLUTION REMEDIATION

Groundwater and soil contamination related to fuel tank leakage exists at the System's eight service plazas. The sites were accepted into the Florida Department of Environmental Protection's (FDEP) Early Detection Incentive (EDI) Program established in 1986 to provide reimbursement or state-contracted cleanup of qualifying sites. Under EDI, qualifying sites were exempted from departmental enforcement actions. Section 376.308 of the Florida Statutes directs facilities eligible for FDEP funding not to accrue for remediation costs until restoration funding can be committed to the facility. FDEP has funded approximately \$15.3 million for pollution remediation efforts performed at five of the service plaza sites since the sites were accepted into the program. The System has not recognized any liability for the remediation efforts funded by the FDEP. In 2009, through its agreement with a new lessee of the service plazas, the System legally obligated itself to commence pollution remediation for soil and groundwater contamination and commit restoration funding. In fiscal year 2011, future estimated remediation costs listed below (in thousands) were reduced by \$1.0 million due to the decrease in contract rate costs for source removal, excavation, installation of monitoring wells, sampling, and reporting to FDEP.

	2013	2014	Total
Okahumpka	\$ -	\$ 566	\$ 566
Turkey Lake	10	-	10
Canoe Creek	75	-	75
Fort Drum	150	-	150
Fort Pierce	330	1,000	1,330
West Palm Beach	75	-	75
Pompano	-	-	-
Snapper Creek	-	-	-
	<u> </u>	<u> </u>	<u> </u>
Pollution remediation liabilities	<u>\$ 640</u>	<u>\$ 1,566</u>	<u>\$ 2,206</u>

These estimates were developed based on existing site studies performed under the FDEP program. Management believes that these estimates are reasonable based on the information available as of June 30, 2012. However, the System's remediation efforts are two-thirds through the design stages and estimates are subject to change based on new information obtained as the project progresses. Additionally, the System could potentially receive some funding from FDEP for the future pollution remediation; however, estimates are not available. The System has no other pollution remediation obligations for the fiscal years presented. The current and long-term portions of the liabilities are included in construction contracts and retainage payable and other long-term liabilities, respectively.

16. SUBSEQUENT EVENTS

In July 2012, the Turnpike contributed \$80.0 million to the Interstate 4/Selmon Expressway Connector project in Tampa. The purpose of this project is to provide a limited access connection between Interstate 4 and the Selmon Expressway. The construction of the project is being managed by District Seven of the Department and was funded from a combination of federal, state, and local funds. The total project cost is estimated to be in excess of \$600.0 million. The project is anticipated to be completed in the fall of 2013. The System will own and operate the toll facility, toll equipment, and the associated roadway upon completion.

On November 16, 2012, the System tendered payment to the claimant in the judgment disclosed in Note 5 – *Capital Assets* and Note 14– *Commitments and Contingencies*. The Florida Department of Financial Services issued state warrants totaling \$99.6 million against System funds and made payable to the claimant in the judgment amount plus pre-judgment and post-judgment interest accrued through the warrant date.

**REQUIRED SUPPLEMENTARY INFORMATION OTHER
THAN MANAGEMENT'S DISCUSSION AND ANALYSIS**

FLORIDA'S TURNPIKE SYSTEM DEPARTMENT OF TRANSPORTATION STATE OF FLORIDA

TREND DATA ON THE SYSTEM'S INFRASTRUCTURE CONDITION

INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH

Pursuant to GASB Statement No. 34, *Basic Financial Statements — and Management's Discussion and Analysis — for State and Local Governments*, Florida's Turnpike System (the "System") has adopted an alternative method of recording depreciation expense on its infrastructure assets (highway system and improvements). Under this alternative method, referred to as the modified approach, the System expends certain maintenance and preservation costs and, consequently, does not report depreciation expense related to infrastructure. System assets accounted for under the modified approach include 460 centerline miles of roadway and 701 bridges.

In using this modified approach, the System relies on the Florida Department of Transportation (the "Department") to maintain an asset management system that has an up-to-date inventory of System infrastructure assets and that performs condition assessments of those assets, summarizing the results using a measurement scale. Using these results, System management estimates the annual amount to maintain and preserve its infrastructure at a condition level established and disclosed by the System. System management also documents the annual amount expended to maintain and preserve its infrastructure at or above the established condition level.

DEPARTMENT CONDITION AND MAINTENANCE PROGRAMS

Resurfacing Program — Road pavements require periodic resurfacing. The frequency of resurfacing depends on the volume of traffic, type of traffic, pavement material variability, and weather conditions. Resurfacing preserves the structural integrity of highway pavements and includes pavement resurfacing, pavement rehabilitation, and minor reconstruction.

The Department conducts an annual pavement condition survey. Pavements are rated on a scale of 0 to 10 (with 10 being the best) in each of three criteria: ride smoothness, pavement cracking, and wheel path rutting. Ride smoothness is what the motorist experiences. It directly affects motor vehicle operation costs. Pavement cracking refers to the structural deterioration of the pavement, which leads to loss of smoothness and deterioration of the road base by water seepage if not corrected. Wheel path rutting are depressions in pavement caused by heavy use. Ride smoothness and wheel path rutting are measured mechanically, using lasers. Pavement cracking is determined through visual observation by experienced survey crews.

The condition rating scales are set by a statewide committee of pavement engineers, so that a pavement segment receiving a rating of 6 or less in any of the three rating criteria is designated a deficient pavement segment. The standard is to ensure that 80% of the pavement on the System's roadways has a score greater than 6 in all three criteria.

Bridge Repair and Replacement Program — The Department's bridge repair program emphasizes periodic maintenance and specified structural rehabilitation work. The primary focus is on the replacement of structurally deficient or weight-restricted bridges.

The Department conducts bridge condition surveys using the National Bridge Inspection Standards to determine condition ratings. Each bridge is inspected at least once every two years. During the inspection process, the major components, such as deck, superstructure, and substructure, are assigned a condition rating. The condition rating ranges from 0 to 9. A rating of 8 to 9 is very good to excellent, which indicates that no repairs are necessary. A rating of 5 to 7 is fair to good, which indicates that minor repairs are required. A rating below 5 identifies bridges needing major repairs or replacement. A rating of 4 or less indicates a condition of poor to failing and requires urgency in making repairs. A rating of 2 requires closure of the bridge, while a rating of 1 is used for a bridge that is closed. A rating of 0 means the bridge is beyond repair. The standard is to ensure that 90% of all System bridges achieve a rating of 5 or better.

Pollution Remediation Program — The System’s eight service plazas have groundwater and soil contamination related to fuel tank leakages. These sites were accepted into the Florida Department of Environmental Protection’s Early Detection Incentive Program in the late 1980’s, which provided funding for all pollution remediation efforts through fiscal year 2009. In fiscal year 2009, the System entered into an agreement with a new lessee for the operations of the service plazas. Under the new lease agreement, the System legally obligated itself to commence pollution remediation related to the fuel tank leakages as discussed in Note 15 to the financial statements. These expenses do not impact the infrastructure condition ratings.

Routine Maintenance Program — The System is responsible for managing and performing routine maintenance on its roadways. Routine maintenance includes many activities, such as highway repair, roadside upkeep, emergency response, maintaining signs, roadway striping, and keeping storm drains clear and structurally sound.

The Department monitors the quality and effectiveness of the System’s routine maintenance program by periodic surveys, using the Maintenance Rating Program (MRP). The Department has used the MRP since 1985 to evaluate routine maintenance in five broad categories or elements. The five rating elements are roadway, roadside, vegetation and aesthetics, traffic services, and drainage. The MRP results in a maintenance rating of 1 to 100 for each category, as well as an overall rating for the System’s routine maintenance performance. The standard is to achieve an overall routine maintenance rating of 80 or higher.

Condition Ratings for the System’s Infrastructure	2012	2011	2010
Percentage of pavement meeting Department standards	91 %	96 %	96 %
Percentage of bridges meeting Department standards	92 %	92 %	98 %
Overall routine maintenance rating	91	91	91

Comparison of Needed-to-Actual Maintenance/Preservation (in thousands)*:

Fiscal Year	Needed	Actual Resurfacing	Actual Bridge Repair and Replacement	Actual Pollution Remediation	Actual Routine Maintenance	Total Actual	Difference
2012	\$ 95,738	\$ 44,063	\$ 1	\$ -	\$ 40,278	84,342	(11,396)
2011	84,588	35,116	416	(1,030)	40,789	75,291	(9,297)
2010	84,692	49,717	287	-	38,909	88,913	4,221
2009	109,759	61,958	890	9,502	39,353	111,703	1,944
2008	139,689	99,000	3,726	-	41,044	143,770	4,081

*Note: The amounts listed above are totals for the resurfacing, bridge repair and replacement, pollution remediation, and routine maintenance programs of the System. Needed amounts are estimated on a cash basis, while actual amounts are stated on the accrual basis of accounting.

Certification of Covenant to Pay Costs of Operation and Maintenance

As authorized by Section 206.46 (5), Florida Statutes and for as long as Bonds are outstanding, the Florida Department of Transportation (the "Department") hereby covenants and agrees to the following procedures and provisions in order to ensure that all costs of operation and maintenance of the Florida Turnpike System shall be paid from monies in the State Transportation Trust Fund. If revenues are sufficient, the State Transportation Trust Fund will be reimbursed from monies deposited to the Turnpike General Reserve Fund, after making all prior payments for debt service and other bond resolution accounts as needed to protect the security of Bondholders and the integrity of the Florida Turnpike System. (See Exhibit I) This Covenant is contingent upon the terms hereof being approved by the Circuit Court of the Second Judicial Circuit of Florida in a validation final judgement.

ARTICLE I

Definitions

Section 101. Terms contained in this Certification shall have the same meanings as are defined in the resolution of the Governor and Cabinet as the Governing Board of the Division of Bond Finance adopted on October 25, 1988, authorizing the issuance of not exceeding \$800,000,000 State of Florida Department of Transportation Turnpike Revenue Bonds, as amended and supplemented (the "Resolution").

ARTICLE II

Covenant Provisions

Section 201. The Department hereby covenants and agrees to pay all costs of operating and maintaining the Turnpike System, as it is now constituted or as may be added to in the future, directly from monies in the State Transportation Trust Fund as is authorized in Section 206.46 (5).

Section 202. The Department shall not invoice the State Board of Administration for any money on deposit in the O & M Fund if such invoice shall, at any time, cause the fund balance to fall below an amount equal to one-twelfth of the Cost of Operation and Cost of Maintenance set forth in the Annual Budget of the Department.

Section 203. The State Transportation Trust Fund shall be reimbursed monthly for sums paid pursuant to Section 201, from any and all monies available in the Turnpike System General Reserve Fund ("General Reserve Fund"), except when the Department, with the approval of the Legislature, elects to lend or pay a portion of the operating and maintenance costs of a Turnpike project as provided for in Section 338.223 (4), Florida Statutes. (See Exhibit II)

Section 204. In the event the available monies and anticipated revenues in the General Reserve Fund are determined by the Department to be insufficient, or based on projections will be insufficient in the future, to reimburse the State Transportation Trust Fund for the costs of operating and maintaining the Turnpike System, the Department shall take corrective actions to reduce outlays or increase funding to permit full reimbursement from the General Reserve Fund. Such actions may include, but shall not be limited to, deferral of projects and project phases which are determined not to be needed to protect the security of the Bondholders or the integrity of the Turnpike System, temporary loans to the extent permissible under State law, and toll rate increases. Such corrective actions shall not include any adjustments on the payments to accounts established by the Resolution which are needed to protect the security of the Bondholders or the integrity of the Turnpike System.

Section 205. In the event the obligation of the General Reserve Fund to reimburse the State Transportation Trust Fund is determined by the Department to adversely impact the security of the Bondholders or the integrity of the Turnpike System, the reimbursement obligation shall become a debt payable to the State Transportation Trust Fund to be reimbursed over an agreed-upon period of time. The Department shall take into account projections of operation and maintenance reimbursements and agreed-upon debt repayment schedules in the financing of the tentative and adopted work programs.

ARTICLE III Further Assurances

Section 301. The Department does hereby covenant that it will faithfully execute the state covenant which is contained in Section 206.46 (5), Florida Statutes, and that it will not repeal, impair or amend any provision contained in this Certification in any manner that will materially and adversely affect the rights of Bondholders so long as any Bonds are outstanding.

Section 302. Modifications or amendments to this Certification may be made upon compliance with the provisions of Section 7.03 of the Resolution, as if this certification were a part of the Resolution.

Section 303. The Department hereby irrevocably agrees that this Certification shall be deemed to have been made for the benefit of, and shall be a contract with, the Holders from time to time of the Bonds, and that the provisions of this Certification shall be enforceable in any court of competent jurisdiction by any Holder or Holders of such Bonds, against the Department or any other agency of the State of Florida, or political subdivision or instrumentality having any duties concerning the operation or maintenance of the Turnpike System. Subject to the foregoing, the Department does hereby consent to the bringing of any proceedings in any court of competent jurisdiction in the State of Florida by any Holder or Holders of Bonds for the enforcement of any and all covenants, terms, or provisions of this Certification and does hereby waive, to the extent permitted by law, any privilege or immunity from suit which the Department may now or hereafter have as a department or agency of the State of Florida with respect to the enforcement of this

Certification by the holders of the Bonds.

Section 304. The Department shall at all times operate or cause to be operated the Turnpike System in a sound and economic manner, shall maintain and repair, or cause the same to be maintained and repaired, preserve and keep the same, with the appurtenances and every part and parcel thereof, in good repair, working order and condition. The Department shall from time to time make all necessary and proper repairs, renewals, and replacements so that at all times the operation of the Turnpike System may be properly and advantageously conducted.

Dated this the 21st day of August, 1997.

FLORIDA TURNPIKE DISTRICT

By: 
James L. Ely
District Secretary

ATTEST:

EXHIBIT I

206.46 State Transportation Trust Fund.--

(5) Notwithstanding any other provision of law, the department may covenant to pay all or any part of the costs of operation and maintenance of any existing or future department-owned toll facility or system directly from moneys in the State Transportation Trust Fund which will be reimbursed from turnpike revenues after the payment of debt service and other bond resolution accounts as needed to protect the integrity of the toll facility or system. If such reimbursement is determined to adversely impact the toll facility or system, the reimbursement obligation shall become a debt payable to the State Transportation Trust Fund to be reimbursed over an agreed-upon period of time. The department shall take into account projections of operation and maintenance reimbursements in the financing of the tentative and adopted work programs. The state does hereby covenant that it will not repeal or impair or amend this section in any manner that will materially and adversely affect the rights of bondholders so long as bonds authorized pursuant to the provisions of this subsection are outstanding.

EXHIBIT II

338.223 Proposed turnpike projects.--

(4) The department is authorized, with the approval of the Legislature, to use federal and state transportation funds to lend or pay a portion of the operating, maintenance and capital costs of turnpike projects. Federal and state transportation funds included in an adopted work program, or the General Appropriations Act, for a turnpike project do not have to be reimbursed to the State Transportation Trust Fund, or used in determining the economic feasibility of the proposed project. For operating and maintenance loans, the maximum net loan amount in any fiscal year shall not exceed 1.5 percent of state transportation tax revenues for that fiscal year.

**DIVISION OF BOND FINANCE
OF THE
STATE BOARD OF ADMINISTRATION
OF FLORIDA**

**A RESOLUTION AUTHORIZING THE ISSUANCE OF
NOT EXCEEDING \$4,419,997,419.20
STATE OF FLORIDA
DEPARTMENT OF TRANSPORTATION
TURNPIKE REVENUE BONDS (VARIOUS SERIES)**

Adopted October 25, 1988

Amended and Restated May 17, 2005

RESOLUTION

WHEREAS, on October 25, 1988, the Governor and Cabinet, sitting as the Governing Board of the Division of Bond Finance of the Department of General Services (now the Division of Bond Finance of the State Board of Administration of Florida, the "Division"), approved a resolution authorizing the issuance of bonds in an amount not exceeding \$800,000,000 to provide for the financing of a portion of the costs of acquisition and construction of turnpike projects or the refunding of any bonds issued for such purpose, and;

WHEREAS, such resolution was amended by subsequent resolutions adopted on December 6, 1988, March 16, 1989, March 28, 1989, August 14, 1990, June 2, 1992, March 23, 1993, March 16, 1995, June 12, 1997, July 28, 1998 and May 17, 2005; and

WHEREAS, it has become necessary and in the best interest of the State of Florida to amend and restate such resolution as previously amended;

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNOR AND CABINET AS THE GOVERNING BOARD OF THE DIVISION OF BOND FINANCE:

The resolution adopted on October 25, 1988, authorizing the issuance of bonds in an amount not exceeding \$800,000,000 to provide for the financing of a portion of the costs of acquisition and construction of turnpike projects or the refunding of any bonds issued for such purpose, as subsequently amended from time to time, is hereby amended and restated in its entirety, as follows:

A RESOLUTION OF THE DIVISION OF BOND FINANCE OF THE STATE BOARD OF ADMINISTRATION OF FLORIDA AUTHORIZING THE ISSUANCE BY THE DIVISION ON BEHALF OF THE STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION OF NOT EXCEEDING \$4,419,997,419.20¹ AGGREGATE PRINCIPAL AMOUNT OF STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION TURNPIKE REVENUE BONDS (VARIOUS SERIES) TO PROVIDE FOR THE FINANCING OF A PORTION OF THE COSTS OF ACQUISITION AND CONSTRUCTION OF TURNPIKE PROJECTS.

BE IT RESOLVED BY THE GOVERNOR AND CABINET OF THE STATE OF FLORIDA AS THE GOVERNING BOARD OF THE DIVISION OF BOND FINANCE OF THE STATE BOARD OF ADMINISTRATION OF FLORIDA, ON BEHALF OF THE STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION:

**ARTICLE I
AUTHORITY, DEFINITIONS, FINDINGS**

SECTION 1.01. AUTHORITY FOR THIS RESOLUTION. This Resolution is adopted pursuant to the provisions of Article VII, Section 11(d), of the Florida Constitution; the Florida Turnpike Law, being Sections 338.22-338.244², Florida Statutes; the State Bond Act, being Sections 215.57-215.83, Florida Statutes; and other applicable provisions of law.

SECTION 1.02. DEFINITIONS. The following terms shall have the following meanings in this Resolution unless the text otherwise requires:

“Accreted Value” shall mean, as of any date of computation with respect to any Capital Appreciation Bonds, an amount equal to the principal amount of such Capital Appreciation Bond (the principal amount at its initial offering) plus the interest accrued on such Capital Appreciation Bond from the date of delivery to the original purchasers thereof to the Interest Payment Date next preceding the date of computation or the date of computation if an Interest Payment Date, such interest to accrue at a rate per annum set forth in a subsequent resolution of the Division (not to exceed the maximum rate permitted by law), compounded periodically, plus, with respect to matters related to the payment upon redemption or acceleration of the Capital Appreciation Bonds, if such date of computation shall not be an Interest Payment Date, the ratable portion of the difference between the Accreted Value as of the immediately preceding Interest Payment Date (or the date of delivery of the Bonds to the original purchasers thereof if the date of computation is prior to the first Interest Payment Date succeeding the date of delivery) and the Accreted Value as of the immediately succeeding Interest Payment Date, calculated based on the assumption that Accreted Value accrues during any period in equal daily amounts on the basis of a year of twelve 30-day months.

“Act” shall collectively mean the Florida Turnpike Law and the State Bond Act.

“Additional Bonds” shall mean any obligations hereafter issued pursuant to the terms and conditions of this Resolution and payable from the Net Revenues on a parity with the State of Florida Department of Transportation Turnpike Revenue Bonds, originally issued hereunder. Such Additional Bonds shall be deemed to have been issued pursuant to this Resolution the same as the Bonds originally authorized and issued pursuant to this Resolution, and all of the applicable covenants and other provisions of this Resolution (except as to details of such Additional Bonds inconsistent herewith), shall be for the equal benefit, protection and security of the Registered Owners of the Bonds originally authorized and issued pursuant to this Resolution, and the Registered Owners of any Additional Bonds evidencing additional obligations subsequently issued within the limitations of and in compliance with this Resolution. All of such Additional Bonds, regardless of the time or times of their issuance shall rank equally with other Bonds with respect to their lien on and source and security for payment from the Net Revenues without preference of any Bond over any other.

¹ Originally \$800,000,000; increased to \$1,319,997,419.20 by the Second Supplemental Resolution dated 8/14/90, to \$1,669,997,419.20 by the Seventh Supplemental Resolution dated 6/12/97, to \$2,419,997,419.20 by the Eleventh Supplemental Resolution dated 7/28/98, and to \$4,419,997,419.20 by the Twentieth Supplemental Resolution dated 5/17/05.

² Changed to the Florida Turnpike Enterprise Law, Sections 338.22-338.241, by s.15, ch. 2002-20, Laws of Florida.

“Annual Debt Service Requirement” shall mean, at any time, the amount of Net Revenues (with respect to the particular Series of Bonds, or all Bonds, as the case may be) required to be deposited in the then current Fiscal Year into any interest account, principal account, bond amortization account for scheduled redemption of Term Bonds and, if the Division has elected to fund all or a portion of the Debt Service Reserve Requirement from the Net Revenues, the required deposit to a debt service reserve account or sub-account, as provided in the Resolution; provided that in computing such Annual Debt Service Requirement any (i) Variable Rate Bonds shall be deemed to bear interest at all times to the maturity thereof at a constant rate of interest equal to the highest of the rate borne by such Variable Rate Bonds on the date they were issued plus one-half (or such greater amount as shall be determined in a subsequent resolution of the Division) of the difference between such rate and the Maximum Interest Rate, or the actual rate of interest borne by such Variable Rate Bonds on such date of calculation, or the maximum effective rate of such Variable Rate Bonds adjusted to reflect a Qualified Interest Rate Agreement, if any, and (ii) Option Bonds Outstanding during such Fiscal Year shall be assumed to mature on their stated dates of maturity or on the due dates of the mandatory amortization installments established for such Option Bonds, if any.

“Appreciated Value” shall mean, (i) as of any date of computation with respect to any Capital Appreciation and Income Bond up to the Interest Commencement Date set forth in a subsequent resolution of the Division, an amount equal to the principal amount of such Bond (the principal amount at its initial offering) plus the interest accrued on such Bond from the date of delivery to the original purchasers thereof to the Interest Payment Date next preceding the date of computation or the date of computation if an Interest Payment Date, such interest to accrue at the rate per annum set forth in a subsequent resolution of the Division (not to exceed the maximum rate permitted by law), compounded periodically, plus, with respect to matters related to the payment upon redemption or acceleration of the Capital Appreciation and Income Bonds, if such date of computation shall not be an Interest Payment Date, the ratable portion of the difference between the Appreciated Value as of the immediately preceding Interest Payment Date (or the date of delivery of the Bonds to the original purchasers thereof if the date of computation is prior to the first Interest Payment Date succeeding the date of delivery) and the Appreciated Value as of the immediately succeeding Interest Payment Date calculated based upon an assumption that Appreciated Value accrues during any period in equal daily amounts on the basis of a year of twelve 30-day months and (ii) as of any date of computation on and after the Interest Commencement Date, the Appreciated Value on the Interest Commencement Date.

“Authorized Officer” of the Department or the Division shall mean any officer or employee of the Department or the Division, authorized to perform specific acts or duties.

“Board” shall mean the State Board of Administration of Florida.

“Bonds” shall mean the not to exceed \$4,419,997,419.20³ State of Florida Department of Transportation Turnpike Revenue Bonds (Various Series), as authorized by this Resolution, and any Additional Bonds hereafter issued pursuant to the terms and conditions of this Resolution.

“Bond Insurance Policy” shall mean an insurance policy issued for the benefit of the Holders of any Bonds, pursuant to which the issuer of such insurance policy shall be obligated to pay when due the principal of and interest on such Bonds to the extent of any deficiency in the amounts in the funds and accounts held under the Resolution, in the manner and in accordance with the terms provided in such Bond Insurance Policy.

“Bond Registrar/Paying Agent” shall mean Citibank, N.A., New York, New York, or its successor⁴.

“Bond Retirement Date” shall mean the earlier of the date on which all principal, premium, if any, and interest on all of the Bonds has been paid in full at maturity or earlier redemption in accordance with the provisions of this Resolution or the date on which all of the Bonds are defeased in accordance with the provisions of this Resolution.

“Capital Appreciation Bonds” shall mean those Bonds issued under the Resolution as to which interest is compounded periodically on each of the applicable periodic dates designated for compounding and is payable in an amount equal to the then current Accreted Value at the maturity, earlier redemption or other payment date thereof, all as provided by subsequent resolution of the Division and which may be either Serial Bonds or Term Bonds.

³ Amounts of refunding Bonds are not included in this not to exceed amount.

⁴ U.S. Bank Trust National Association, New York, NY, effective 1/7/03.

“Capital Appreciation and Income Bonds” shall mean any Bonds issued under the Resolution as to which accruing interest is not paid prior to the specified Interest Commencement Date and is compounded periodically on certain designated dates prior to the Interest Commencement Date for such Series of Capital Appreciation and Income Bonds, all as provided by subsequent resolution of the Division and which may be either Serial Bonds or Term Bonds.

“Consulting Engineer” shall mean the engineer or engineering firm or corporation retained by the Department pursuant to Section 5.13 of this Resolution.

“Cost of Issuance” shall mean all costs and expenses of the Division, the Department and the Board incurred in connection with the authorization, issuance, sale and delivery of the Bonds including, but not limited to, legal fees, financial advisory fees, municipal bond insurance premiums, fiscal or escrow agent fees, printing fees and travel expenses, rating agency fees and credit enhancement fees.

“Cost of Maintenance” shall mean all costs and expenses which are usually and ordinarily the obligation of the Department in keeping the Turnpike System open to public travel, excluding all costs included in Cost of Operations, and excluding all costs for non-Toll roads except Feeder Roads.

“Cost of Operations” shall mean all costs and expenses which arise by virtue of portions of the Turnpike System being operated as Toll facilities and includes the cost of collecting and accounting for Tolls, insurance, employee bond premiums, fees of consulting engineers, and all other expenses which would not be incurred if the entire Turnpike System were being operated as a non-Toll facility.

“Debt Service Reserve Requirement” shall mean, with respect to all Bonds issued hereunder, the sum of the Debt Service Reserve Requirements for each sub-account in the Debt Service Reserve Account. The Debt Service Reserve Requirement for each sub-account in the Debt Service Reserve Account shall mean the lesser of

- (i) 125% of the average Annual Debt Service Requirement for the then current and succeeding Fiscal Years;
- (ii) Maximum Annual Debt Service;
- (iii) 10% of the aggregate of the original proceeds received from the initial sale of all Outstanding Bonds; or
- (iv) the maximum debt service reserve permitted with respect to tax-exempt obligations under the U.S. Internal Revenue Code, as amended,

with respect to the Bonds for which such sub-account has been established. In the event the Division shall hereafter issue Variable Rate Bonds, the maximum amount required to be deposited in the Interest Account, hereinafter created, for the payment of interest on such Variable Rate Bonds, for the purpose of determining the Maximum Annual Debt Service for such Variable Rate Bonds, shall be calculated by deeming the interest rate on Variable Rate Bonds to be equal to the Maximum Interest Rate.

“Defeasance Obligations” shall mean to the extent permitted by law:

(i) Direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, including obligations issued or held in book entry form on the books of the Department of the Treasury of the United States and including advance refunded tax-exempt bonds fully secured by non-callable direct obligations of the United State of America or obligations guaranteed by the United States of America which are rated in the highest full rating category by a Rating Agency;

(ii) Evidences of indebtedness issued by the Bank for Cooperatives, Federal Home Loan Banks, Federal Home Loan Mortgage Corporation (including participation certificates), Federal Land Banks, Federal Financing Banks, or any other agency or instrumentality of the United States of America created by an act of Congress which is substantially similar to the foregoing in its legal relationship to the United States of America or any other agency or instrumentality of the United States of America or of any corporation wholly-owned by the United States of America, provided that the obligations of such agency or instrumentality are unconditionally guaranteed by the United States of America; and

(iii) Evidences of ownership of proportionate interests in future interest and principal payments on specified obligations described in (i) held by a bank or trust company as custodian, under which the owner of the evidence of ownership is the real party in interest and has the right to proceed directly and individually against the obligor on the underlying obligations described in (i), and which underlying obligations are not available to satisfy any claim of the custodian or any person claiming through the custodian or to whom the custodian may be obligated.

“Department” shall mean the State of Florida Department of Transportation.

“Division” shall mean the Division of Bond Finance of the State Board of Administration of Florida.

“Escrow Deposit Agreement” shall mean an Escrow Deposit Agreement entered into between the Division and the Board with respect to a refunding of Outstanding Bonds.

“Feeder Road” shall mean any road no more than 5 miles in length connecting to a Toll road, which the Department determines is necessary to create or facilitate access to a Turnpike Project.

“Fiscal Year” shall mean the period commencing with July 1 of each year and ending with June 30 of the following year.

“Florida Turnpike” shall mean the Turnpike System in Florida.

“Florida Turnpike Law” shall mean Sections 338.22 - 338.244⁵, Florida Statutes, as amended from time to time.

“Holder of Bonds” or “Bondholder” or “Holders” or any similar term shall mean any person who shall be the Registered Owner or his registered transferee of any Bond or Bonds.

“Interest Commencement Date” shall mean, with respect to any particular Capital Appreciation and Income Bonds, the date specified in a subsequent resolution of the Division (which date must be prior to the maturity date for such Capital Appreciation and Income Bonds), after which interest accruing on such Capital Appreciation and Income Bonds shall be payable periodically as determined by the subsequent resolution of the Division, with the first such payment date being the applicable Interest Payment Date immediately succeeding such Interest Commencement Date.

“Interest Payment Date” shall mean, for each Series of Bonds, such dates of each Fiscal Year on which interest on Outstanding Bonds of such Series is payable, as set forth in a subsequent resolution of the Division.

“Maximum Annual Debt Service” shall mean, at any time, the maximum amount of Net Revenues, (with respect to the particular Series of Bonds, or all Bonds, as the case may be) required to be deposited in the then current or any succeeding Fiscal Year into any interest account, principal account, bond amortization account for scheduled redemption of Term Bonds and, if the Division has elected to fund all or a portion of the Debt Service Reserve Requirement from the Net Revenues, the required deposit to a debt service reserve account or sub-account, as provided in the Resolution; provided that in computing such Maximum Annual Debt Service any (i) Variable Rate Bonds shall be deemed to bear interest at all times to the maturity thereof at a constant rate of interest equal to the highest of the rate borne by such Variable Rate Bonds on the date they were issued plus one-half (or such greater amount as shall be determined in a subsequent resolution of the Division) of the difference between such rate and the Maximum Interest Rate, or the actual rate of interest borne by such Variable Rate Bonds on such date of calculation, or the maximum effective rate of such Variable Rate Bonds adjusted to reflect a Qualified Interest Rate Agreement, if any, and (ii) Option Bonds Outstanding during such Fiscal Year shall be assumed to mature on their stated dates of maturity or on the due dates of the mandatory amortization installments established for such Option Bonds, if any. For the purpose of calculating the deposits to be made into a sub-account in the Debt Service Reserve Account, the Maximum Annual Debt Service shall mean, at any time, the maximum amount, if any, required to be deposited in the then current or any succeeding Fiscal Year into the interest account, principal account and bond amortization account with respect to the Bonds for which such sub-account has been established. The amount of Term Bonds maturing in any Fiscal Year shall not be included in determining the Maximum Annual Debt Service. For the purpose of Section 6.01, governing the issuance of Additional Bonds, in computing

⁵ Changed to the Florida Turnpike Enterprise Law, Sections 338.22-338.241, by s.15, ch. 2002-20, Laws of Florida.

Maximum Annual Debt Service any Variable Rate Bonds or bank reimbursement agreements payable on a parity with the Outstanding Bonds shall be deemed to bear interest at the Maximum Interest Rate.

“Maximum Interest Rate” shall mean, with respect to any particular series of Variable Rate Bonds, a numerical rate of interest that shall be the maximum rate of interest that such Variable Rate Bonds may at any particular time bear, including the maximum effective rate of such Variable Rate Bonds adjusted to reflect a Qualified Interest Rate Agreement, if any, not to exceed the maximum rate of interest allowed under State law, as determined by a subsequent resolution of the Division.

“Net Revenues” shall mean the Revenues remaining after the deduction of Cost of Maintenance and Cost of Operations.

“Option Bonds” shall mean Bonds, which may be either Serial Bonds or Term Bonds, which by their terms may be tendered by and at the option of the Holder thereof for payment by the Division prior to the stated maturity thereof, or the maturities of which may be extended by and at the option of the Holder thereof, such extension to be within the period, if any, prescribed by subsequent resolution of the Division.

“Outstanding”, when used with reference to the Bonds, shall mean, as of any date of determination, all Bonds theretofore authenticated and delivered except:

(i) Bonds theretofore canceled by the Bond Registrar/Paying Agent or delivered to the Bond Registrar/Paying Agent for cancellation;

(ii) Bonds which are deemed paid and defeased and no longer Outstanding as provided herein;

(iii) Bonds in lieu of which other Bonds have been issued pursuant to the provisions hereof relating to Bonds destroyed, stolen or lost, unless evidence satisfactory to the Bond Registrar/Paying Agent has been received that any such Bond is held by a bona fide purchaser; and

(iv) For purposes of any consent or other action to be taken hereunder by the Holders of a specified percentage of principal amount of Bonds, Bonds held by or for the account of the Division or the Department.

“Permitted Investments” shall mean and include any of the following securities, if and to the extent the same are permitted by law:

(i) U.S. obligations and any certificates or any other evidences of an ownership interest in U.S. Obligations or in specified portions thereof (which may consist of specified portions of the interest thereon);

(ii) bonds, debentures, or other evidences of indebtedness issued or guaranteed by any agency or corporation which has been or may hereafter be created pursuant to an Act of Congress as an agency or instrumentality of the United States of America;

(iii) investment agreements with any bank or other financial institution, the unsecured debt of which is rated in either of the two highest letter rating categories by a Rating Agency;

(iv) Municipal Obligations, which are hereby defined as: (A) obligations of states or political subdivisions thereof or U.S. territories, whether or not the interest thereon is excluded from gross income for federal income tax purposes, which obligations may or may not subject the holders thereof to the alternative minimum tax pursuant to the U.S. Internal Revenue Code, and which are rated in any of the two highest full rating categories by a nationally recognized bond rating agency, or (B) stock of a qualified regulated investment company within the meaning of paragraph (a) (2) of Internal Revenue Service Advance Notice 87-22, released February 24, 1987, or any related or updated notice, release or regulation, which stock is rated in any of the two highest full rating categories by a Rating Agency;

(v) Certificates of deposit issued by or time deposits with any bank or trust company organized under the laws of any state of the United States of America or any national banking association, or a branch of a foreign bank duly licensed under the laws of the United States of America or any state or territory thereof, whose senior debt is rated within the two highest long-term or short-term rating categories of a Rating Agency;

(vi) Bills of exchange or time drafts drawn on and accepted by a commercial bank under the laws of any state of the United States of America or any state or territory thereof or any national banking association, otherwise known as bankers acceptances, which are eligible for purchase by the Federal Reserve System;

(vii) Repurchase agreements with any bank or trust company or savings and loan association, or with any broker or dealer registered with the Securities and Exchange Commission and covered by the Securities Investor Protection Corporation in the event of insolvency, in any case having short term debt rated in either of the two highest categories by a Rating Agency provided that, (1) to the extent not insured, the repurchase agreements are secured by Permitted Investments of the kind specified in subsections (i) and (ii) above having at all times a fair market value of at least 100% of the value (principal plus accrued interest) of such agreement or contract, (2) the State has a perfected first security interest in such Permitted Investments, and (3) the Permitted Investments are owned by the pledgor free and clear of any kind of liens or security interests other than that of the State; the security for any repurchase agreements shall be (i) in the case of Government Obligations which can be pledged by a book entry notation under regulations of the U.S. Department of Treasury, appropriately entered on the records of a Federal Reserve Bank, or (ii) in the case of other investments, either deposited with the State of Florida, with a Federal Reserve Bank or with a bank or trust company which is acting solely as agent for the State and has a combined net capital and surplus of at least \$25,000,000.

(viii) Shares or other interests in any mutual fund, trust, investment company or similar entity or portfolio which invests solely in Permitted Investments of the types described in subparagraphs (i), (ii), (iv), (v) or (vi) above or any combination thereof;

(ix) Commercial paper rated in either of the two highest rating categories by a Rating Agency or commercial paper backed by a letter of credit or line of credit rated in either of the two highest rating categories; and

(x) Public Housing Bonds issued by public agencies or municipalities and fully secured as to the payment of both principal and interest by a pledge of annual contributions under an annual contributions contract or contracts with the United States of America; or temporary notes, preliminary loan notes or project notes issued by public agencies or municipalities, in each case, fully secured as to the payment of both principal and interest by a requisition or payment agreement with the United States of America.

“Principal Payment Date” shall mean, for each Series of Bonds, such dates of each Fiscal Year on which principal of Outstanding Bonds of such Series is payable, as set forth in a subsequent resolution of the Division.

“Qualified Interest Rate Agreement” shall mean an insurance policy, surety bond, or interest rate cap or exchange agreement, provided with respect to Variable Rate Bonds issued from time to time, that either places a limit on the required annual payments related to such Variable Rate Bonds or results in a fixed annual payment requirement. Such Qualified Interest Rate Agreement shall be provided by an insurer rated in the highest rating category by A. M. Best & Company or a banking association or financial institution whose senior unsecured debt is rated in one of the two highest full rating categories by a Rating Agency.

“Rating Agency” shall mean Moody's Investors Service (or its successor), Standard & Poor's Corporation (or its successor), and Fitch Ratings (or its successor).

“Rebate Amount” shall have the meaning ascribed to that term in Section 5.15 of this Resolution.

“Rebate Fund” shall be the Rebate Fund created and established pursuant to Section 5.15 of this Resolution.

“Rebate Year” shall mean, with respect to a particular Series of Bonds issued hereunder, (i) the twelve-month period commencing on the anniversary of the “closing date” with respect to such Bonds in each year and ending on the day prior to the anniversary of the “closing date” in the following year, except that the first Rebate Year with respect to each Series of Bonds shall commence on the “closing date” for such Bonds and the final Rebate Year with respect to each Series of Bonds shall end on the date of final maturity of such Bonds or (ii) such other period as regulations promulgated or to be promulgated by the United States Department of Treasury may prescribe. “Closing date” as used herein shall mean with respect to a particular Series of Bonds issued hereunder the date of issuance and delivery of such Bonds to the original purchaser thereof.

“Record Date” shall mean with respect to each Series of Bonds, except Variable Rate Bonds, the 15th day of the calendar month next preceding the month of an Interest Payment Date. The Record Date for Variable Rate Bonds shall be as determined by subsequent resolution of the Division.

“Registered Owner” shall mean the owner of any Bond or Bonds as shown on the registration book of the Board kept by the Bond Registrar/Paying Agent.

“Reserve Account Credit Facility” shall mean a Reserve Account Insurance Policy, Reserve Account Letter of Credit or other comparable insurance or financial product, if any, deposited in a debt service reserve sub-account in lieu of or in partial substitution for cash or securities on deposit therein. The issuer providing such Reserve Account Credit Facility shall be rated in one of the two highest full rating categories of a Rating Agency.

“Reserve Account Insurance Policy” shall mean the insurance policy, surety bond or other acceptable evidence of insurance, if any, deposited in a debt service reserve sub-account, if any, in lieu of or in partial substitution for cash or securities on deposit therein. The issuer providing such Reserve Account Insurance Policy shall be an insurer rated in one of the two highest full rating categories of a Rating Agency.

“Reserve Account Letter of Credit” shall mean the irrevocable, transferable letter of credit, if any, deposited in a debt service reserve sub-account, if any, in lieu of or in partial substitution for cash or securities on deposit therein. The issuer providing such letter of credit shall be a banking association, bank or trust company or branch thereof whose letter of credit results in the rating of municipal obligations secured by such letter of credit to be rated in one of the two highest full rating categories of a Rating Agency.

“Resolution” shall mean this resolution.

“Revenues” or “Gross Revenues” shall mean all Tolls, revenues, rates, fees, charges, receipts, rents and other income derived from or in connection with the operation of the Florida Turnpike. “Revenues” or “Gross Revenues” shall also include, unless otherwise indicated by this Resolution, income from investments of funds and accounts created by this Resolution deposited in the Revenue Fund created in Section 4.01 below, and the proceeds of any use and occupancy insurance relating to the Florida Turnpike.

“Serial Bonds” shall mean the Bonds of a Series which shall be stated to mature in periodic installments.

“Series” shall mean all of the Bonds authenticated and delivered on original issuance and pursuant to this Resolution or any supplemental resolution authorizing such Bonds as a separate Series of Bonds, or any Bonds thereafter authenticated and delivered in lieu of or in substitution for such Bonds pursuant to Article II hereof, regardless of variations in maturity, interest rate or other provisions.

“State Bond Act” shall mean Sections 215.57 through 215.83, Florida Statutes, as amended from time to time.

“Taxable bonds” shall mean bonds the interest on which is not, in any manner, exempt from federal income taxation or excludable from gross income for federal income tax purposes.

“Term Bonds” shall mean the Bonds of a Series which shall be stated to mature on one date and for the amortization of which payments are required to be made into the Bond Amortization Account in the Sinking Fund, hereinafter created, as may be provided in a subsequent resolution of the Division.

“Toll” or “Tolls” shall mean the charge or charges for the privilege of using the Turnpike System except those non-Toll roads designated as part of the Turnpike System. A “Toll road” or “Toll facility” shall generally mean a limited access highway, road, bridge, or other facility of the Turnpike System for which use a charge is required of non-exempt persons. A “non-Toll road” or “non-Toll facility” shall generally mean a highway, road, bridge or other facility of the Turnpike System for use of which a charge is not required.

“Traffic Engineers” shall mean the engineer or engineering firm or corporation retained by the Department pursuant to Section 5.14 of this Resolution.

“Turnpike Improvement” shall mean any betterment necessary or desirable for the operation of the Toll roads or Feeder Roads of the Turnpike System, including, but not limited to, widenings, resurfacings, Toll plazas, machinery, and equipment.

“Turnpike Plan” shall mean, collectively, those projects described in Section 1.03(D) of Article I of this Resolution.

“Turnpike Project” shall mean those projects described in Section 1.03(D) (1) (2) & (3) of this Resolution and any Turnpike Improvement or any extension to the Turnpike System statewide including Toll roads and associated Feeder Roads and other related structures, interchanges, appurtenances, or rights as may be approved in accordance with the Florida Turnpike Law.

“Turnpike System” shall mean those Toll roads and associated Feeder Roads and other related structures, appurtenances, or rights previously designated, acquired or constructed pursuant to the Florida Turnpike Law and other additional Turnpike Projects as may be acquired or constructed as approved by the Legislature in accordance with Section 11(e), Article VII, of the State Constitution, or in accordance with Section 339.135, Florida Statutes, and such other roads and facilities as are designated part of the Turnpike System pursuant to the provisions of the Florida Turnpike Law.

“Unit Priced Bonds” shall mean a portion of a Series of Variable Rate Bonds, which may be either Serial Bonds or Term Bonds and which also may be Option Bonds, issued such that the determinations of interest rate and the duration of the interest period for each Bond of such Series are made independently of the determinations for any other Bond of such Series.

“Variable Rate Bonds” shall mean Bonds, which may be either Serial Bonds or Term Bonds, and which also may be Option Bonds, issued with a variable, adjustable, convertible or other similar rate which is not fixed in percentage for the entire term of such Bonds at the date of issue. Variable Rate Bonds shall also include Unit Priced Bonds.

Words importing singular number shall include the plural number, and vice versa, and words importing persons shall include firms and corporations, wherever the text so requires.

SECTION 1.03. FINDINGS. It is hereby found, determined, and declared as follows:

(A) That the Florida Turnpike is predominately a limited-access facility and for most of its length it is a four-lane, divided highway. Access to and from Toll roads is provided at major road interchanges. No persons are permitted to use any Toll facility without payment of a Toll, except for specifically exempted persons, and the failure to pay a prescribed Toll constitutes a noncriminal traffic infraction pursuant to Section 338.155, Florida Statutes (1987). In order to better integrate the Florida Turnpike into the urban expressway systems of Dade, Broward and Palm Beach counties, the Department intends to change, and is in the process of converting, the method of collecting Tolls on the southern section of the Florida Turnpike between Golden Glades and Lantana, a distance of approximately 45 miles. The Department is presently converting this section from a ticket system of Toll collection to a barrier/ramp system of Toll collection which, like the ticket system, is designed to prevent unauthorized use of a Toll facility. Some of the original portions of the Florida Turnpike were constructed and managed by the Florida State Turnpike Authority. Pursuant to Chapter 69-106, Laws of Florida, Acts of 1969, the Department succeeded to all the powers, properties and assets of the Florida State Turnpike Authority. The Department has maintenance facilities at several Turnpike System locations and operates eight Turnpike System service plazas.

(B) That the Department, in accordance with the Florida Turnpike Law, is authorized to acquire, construct, maintain and operate the Turnpike System; and that under the State Bond Act and the Florida Turnpike Law, the Division is authorized to issue revenue bonds on behalf of the Department to finance all or any part of the cost of any one or more Turnpike Projects.

(C) That the Department has determined after studies to assess needs that various Turnpike Projects should be undertaken in the public interest in order to facilitate vehicular traffic and to promote the safety and welfare of the State and its citizens and visitors.

(D) That the Department has requested the Division to issue on its behalf bonds in aggregate principal amount not to exceed \$4,419,997,419.20 for the purpose of financing a portion of the cost of the Turnpike Plan which is more fully described as follows:

(1) Those projects listed in Alternative IV of the April 1987 report on the Future of Florida's Turnpike as recommended to the Legislature by the Secretary of the Department. A copy of the 1987 report is hereby incorporated herein by reference.

(2) An extension to the existing Turnpike System beginning at the present northern terminus of the Florida Turnpike near Wildwood in Sumter County, to a point at Lebanon Station in Levy County, a distance of approximately 43 miles, the exact route and termini to be determined by the Department.

(3) An extension of the Sawgrass Expressway, a project of the Broward County Expressway Authority, providing a connection from the present northern terminus of the Expressway to Interstate 95.

(4) Such other Turnpike Projects as are approved by the Legislature in accordance with the Florida Turnpike Law and s. 11(e), Art. VII of the State Constitution.

(E) That the Net Revenues from the Florida Turnpike will be pledged for the payment of, and will be sufficient to pay, the principal of and interest on the Bonds and to make all other payments provided for in this Resolution; and that the Department shall at all times fix, adjust, charge, and collect such Tolls for the use of the Turnpike System, except on non-Toll roads, as are required in order to provide an amount sufficient with other Revenues to pay the Cost of Maintenance and Cost of Operation of the Turnpike System; to pay the principal of and interest on the Bonds as the same become due and payable; and to create reserves for all such purposes.

(F) That in 1955, 1961, 1970, and 1973 revenue bonds were issued to finance various portions of the Florida Turnpike and Revenues were pledged to their payment. The liens of those bonds on Revenues have been defeased in the following manner: the 1955 bonds were refunded by the 1961 bonds; the indebtedness of the 1961 and 1970 bonds were retired early pursuant to provisions of a 1961 trust indenture and a 1970 supplemental trust indenture; the 1973 bonds matured on August 1, 1988 and provision for their payment has been made.

(G) That the Annual Debt Service Requirement of the Bonds for each Fiscal Year and the Cost of Maintenance and Cost of Operation and other payments provided for in this Resolution will be paid solely from the Revenues, and, except as to the Net Revenues, the Bonds shall not constitute a debt or charge against the State of Florida or any agency thereof or a lien on any properties of the State of Florida or any agency thereof.

(H) That the Turnpike Plan shall be constructed substantially in accordance with the plans and specifications to be filed in the office of the Department. The cost of the Turnpike Plan, including financing, planning, design, right-of-way acquisition, construction and related costs shall be deemed to include the cost of actual construction of the Turnpike Projects of the Turnpike Plan, and other facilities therefor including rights of way; reimbursement to the Department for advances made by the Department for acquisition and construction; materials and labor; the acquisition of all lands or interest therein and any other property, real or personal, appurtenant to or useful in the construction and operation of the Turnpike Projects of the Turnpike Plan; technical engineering fees including preliminary engineering expenses incurred by the Department; legal fees; fees and expenses of the Division; advertising of resolutions, notices of sale and other proceedings; reasonable amounts for contingencies; expenses for plans, specifications and surveys, and estimates of costs; and all other costs and expenses of the Division and the Department, including any Cost of Issuance, necessary to the financing, acquisition, construction, and placing in operation of the Turnpike Plan.

(I) That the not-to-exceed \$4,419,997,419.20 aggregate principal amount of Bonds authorized to be issued by this Resolution may be issued at one time or in one or more Series from time to time as determined by the Division.

SECTION 1.04. RESOLUTION TO CONSTITUTE CONTRACT. In consideration of the acceptance of the Bonds authorized to be issued hereunder by those who shall hold the same from time to time this Resolution shall be deemed to be and shall constitute a contract between the Department and such Bondholders; and the covenants and agreements herein set forth to be performed by the Department shall be for the equal benefit, protection, and security of the legal Holders of any and all of the Bonds, all of which shall be of equal rank and without preference, priority, or distinction as to any of the Bonds over any other thereof, except as expressly provided in or permitted by this Resolution.

ARTICLE II
AUTHORIZATION, TERMS, EXECUTION, REGISTRATION,
AND ISSUANCE OF THE BONDS

SECTION 2.01. AUTHORIZATION OF THE BONDS; TEMPORARY BONDS. Subject and pursuant to the provisions of this Resolution, the Bonds are hereby authorized to be issued by the Division on behalf of the Department in the aggregate principal amount of not to exceed \$4,419,997,419.20 for the purpose of financing a portion of the cost of the Turnpike

Plan, which Bonds may be issued all at one time or from time to time in one or more Series, and if in Series, may be dated, numbered, and designated as to Series as shall be determined by subsequent resolution or resolutions of the Division.

Pending the preparation of definitive Bonds, the Division may execute and deliver temporary Bonds. Temporary Bonds shall be issuable as registered Bonds without coupons, of any authorized denomination, and substantially in the form of the definitive Bonds but with such omissions, insertions, and variations as may be appropriate for temporary Bonds, all as may be determined by the Division. Temporary Bonds may contain such reference to any provisions of this Resolution as may be appropriate. Every temporary Bond shall be executed and authenticated upon the same conditions and in substantially the same manner, and with like effect, as the definitive Bonds. As promptly as practicable the Division shall execute and shall furnish definitive Bonds and thereupon temporary Bonds may be surrendered in exchange for definitive Bonds without charge at the principal office of the Bond Registrar/Paying Agent, and the Bond Registrar/Paying Agent shall authenticate and deliver in exchange for such temporary Bonds a like aggregate principal amount of definitive Bonds of authorized denominations. Until so exchanged, the temporary Bonds shall be entitled to the same benefits under this Resolution as definitive Bonds.

SECTION 2.02. DESCRIPTION OF THE BONDS. Unless otherwise specified by the Division in a subsequent resolution, the Bonds shall be payable, with respect to interest, principal and premium, if any, in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts; shall be issued in the form of fully registered Bonds; shall be dated as determined by subsequent resolution of the Division relating to the issuance of such Series of Bonds; shall bear interest, which may be fixed or variable, from their date at a rate not exceeding the legal rate per annum, with interest payments to be mailed, or in certain cases made by wire transfer as provided by subsequent resolution of the Division, to the registered Holder thereof by the Bond Registrar/Paying Agent at the address shown on the registration books of the Board held by the Bond Registrar/Paying Agent as of the Record Date, provided, however, that if the Record Date is a Saturday, Sunday or holiday, then to the registered Holder and at the registered address shown on the registration books of the Board at the close of business on the day next preceding such Record Date which is not a Saturday, Sunday or holiday, except for (i) Capital Appreciation Bonds which shall bear interest as described under the defined term Accreted Value, payable only upon redemption, acceleration or maturity thereof and (ii) Capital Appreciation and Income Bonds which shall bear interest as described under the defined term Appreciated Value, (such interest accruing on or prior to the Interest Commencement Date being payable at maturity and such interest accruing after the Interest Commencement Date being payable periodically), payable on the amount due at maturity but only from and after the Interest Commencement Date; shall be lettered and shall be numbered in such manner as determined by subsequent resolution of the Division; shall be in denominations as determined by supplemental resolution of the Division and shall mature on such dates, in such years and in such amounts, as determined by subsequent resolution of the Division.

SECTION 2.03. NO PLEDGE OF FULL FAITH AND CREDIT OF STATE OF FLORIDA. The payment of the principal of and interest on the Bonds is secured only by the Net Revenues, as defined herein, generated by the Florida Turnpike in the manner set forth herein. The Bonds do not constitute general obligations or indebtedness of the State of Florida or any of its agencies and shall not be a debt of the State or of any agency.

SECTION 2.04. BONDS MAY BE ISSUED AS SERIAL BONDS OR TERM BONDS. The Bonds issued hereunder may be Serial Bonds or Term Bonds and may be Variable Rate Bonds (including Unit Priced Bonds), Capital Appreciation Bonds, Capital Appreciation and Income Bonds, Option Bonds and Taxable Bonds, as determined by subsequent resolution of the Division.

SECTION 2.05. PROVISIONS FOR REDEMPTION. The Bonds of each Series may be made redeemable in such manner and upon such terms and conditions as determined by subsequent resolution adopted by the Governing Board of the Division prior to the sale of the Bonds or any Series thereof.

A notice of the redemption prior to maturity of any of the Bonds shall be mailed by first class mail (postage prepaid) at least thirty days prior to the date fixed for redemption to the Registered Owner of the Bonds, except Variable Rate Bonds, to be redeemed, of record on the books kept by the Bond Registrar/Paying Agent, as of forty-five days prior to the date fixed for redemption. The notice period for Variable Rate Bonds shall be as determined by subsequent resolution of the Division. Such notice of redemption shall specify the serial or other distinctive numbers or letters of the Bonds to be redeemed, if less than all, the date fixed for redemption, and the redemption price thereof and, in the case of Bonds to be redeemed in part only, the principal amount thereof to be redeemed. Failure so to give any such notice by mailing to any Bondholder, or any defect therein, shall not affect the validity of the proceedings for the redemption of any Bond or portion thereof with respect to which no such failure has occurred. Any notice mailed as provided above shall be conclusively presumed to have been given, whether or not the Registered Owner of such Bond receives such notice.

The Bond Registrar/Paying Agent shall not be required (a) to issue, transfer or exchange any Bonds during a period beginning at the opening of business on the 15th business day next preceding the date fixed for redemption and ending at the close of business on the date fixed for redemption; or (b) to transfer or exchange any Bonds selected, called or being called for redemption in whole or in part.

Notice having been published and mailed in the manner and under the conditions hereinabove provided, the Bonds or portions of Bonds so called for redemption shall, on the redemption date designated in such notice, become and be due and payable at the redemption price provided for redemption of such Bonds or portions of Bonds on such date. On the date so designated for redemption, notice having been published and mailed and moneys for payment of the redemption price being held in separate accounts by an escrow agent, the Board, or Bond Registrar/Paying Agent, in trust for the Registered Owners of the Bonds or portions thereof to be redeemed, all as provided in this Resolution, interest on the Bonds or portions of Bonds so called for redemption shall cease to accrue, such Bonds and portions of Bonds shall cease to be entitled to any lien, benefit or security under this Resolution, and the Registered Owners of such Bonds or portions of Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof and, to the extent provided in the following paragraph, to receive Bonds for any unredeemed portion of the Bonds.

In addition to the mailing of the notice described above, each notice of redemption and payment of the redemption price shall meet the requirements of this paragraph; provided, however, that failure of such notice or payment to comply with the terms of this paragraph shall not in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed above in this Section.

(a) Each further notice of redemption given hereunder shall contain the information required above for an official notice of redemption plus (i) the CUSIP numbers of all Bonds being redeemed; (ii) the date of issue of the Bonds as originally issued; (iii) the rate of interest borne by each Bond being redeemed; (iv) the maturity date of each Bond being redeemed; (v) the publication date of the official notice of redemption; (vi) the name and address of the Bond Registrar/Paying Agent; and (vii) any other descriptive information needed to identify accurately the Bonds being redeemed.

(b) Each further notice of redemption shall be sent at least thirty-five (35) days before the redemption date by certified mail or overnight delivery service or telecopy to all registered securities depositories then in the business of holding substantial amounts of obligations of types comprising the Bonds (such depositories now being The Depository Trust Company, New York, New York, Midwest Securities Trust Company, Chicago, Illinois, Pacific Securities Depository Trust Company, San Francisco, California and Philadelphia Depository Trust Company, Philadelphia, Pennsylvania) and to one or more national information services that disseminate notices of redemption of obligations such as the Bonds.

(c) Each further notice of redemption shall be published one time in the Bond Buyer of New York, New York or, if such publication is impractical or unlikely to reach a substantial number of the holders of the Bonds, in some other financial newspaper or journal which regularly carries notices of redemption of other obligations similar to the Bonds, such publication to be made at least thirty (30) days prior to the date fixed for redemption.

(d) Upon the payment of the redemption price of Bonds being redeemed, each check or other transfer of funds issued for such purpose shall bear the CUSIP number identifying, by issue and maturity, the Bonds redeemed with the proceeds of such check or other transfer.

In case part but not all of an Outstanding Bond shall be selected for redemption, the Registered Owner thereof shall present and surrender such Bond to the Bond Registrar/Paying Agent for payment of the principal amount thereof so called for redemption, and the Bond Registrar/Paying Agent shall execute and deliver to or upon the order of such Registered Owner, without charge therefor, for the unredeemed balance of the principal amount of the Bond so surrendered, a Bond or Bonds fully registered as to principal and interest.

Bonds or portions of Bonds that have been duly called for redemption under the provisions of this Section, and with respect to which amounts sufficient to pay the principal of, redemption premium, if any, and interest to the date fixed for redemption shall be delivered to and held in escrow in separate accounts by an escrow agent, the Board, or Bond Registrar/Paying Agent in trust for the Owners thereof, as provided in this Resolution, shall not be deemed Outstanding under the provisions of this Resolution and shall cease to be entitled to any lien, benefit or security under this Resolution, except to receive the payment of the redemption price on or after the designated date of redemption from moneys so deposited with or

held by such escrow agent, the Board, or Bond Registrar/Paying Agent, as the case may be, for such redemption of Bonds and, to the extent provided in this Section, to receive Bonds for any unredeemed portion of Bonds. Any and all of the Bonds redeemed prior to maturity shall be duly cancelled by the Bond Registrar/Paying Agent, and shall not be reissued.

SECTION 2.06. EXECUTION OF BONDS. The Bonds shall be executed in the name of the Division on behalf of the Department by the Governor, as Chairman of the Division, and attested by the Secretary of the Division, or such other officers as may be designated by resolution, and the corporate seal of the Division or a facsimile thereof shall be affixed thereto or reproduced thereon. The facsimile signatures of the Governor, as Chairman, and the Secretary, or such other officer, may be imprinted or reproduced on the Bonds, provided that, in accordance with the laws of Florida in effect on the date of the adoption of this Resolution, at least one signature, which may be that of the Bond Registrar/Paying Agent, required to be placed on the Bonds shall be manually subscribed. In the event that the laws of Florida relevant to the requirements for facsimile or manual signatures are changed prior to the delivery of the Bonds, then the signatures which are actually imprinted, reproduced, or manually subscribed on the Bonds shall be in compliance with the new laws. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer of the Division before the Bonds so signed and sealed shall have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bonds may be signed and sealed on behalf of the Division by such person as at the actual time of the execution of such Bonds shall hold the proper office, although at the date of such Bonds such person may not have held such office or may not have been so authorized.

A certification as to Circuit Court validation, in the form hereinafter provided, shall be executed with the facsimile signature or manual signature of any present or future Chairman of the Governing Board of the Division.

SECTION 2.07. NEGOTIABILITY. The Bonds shall have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code - Investment Securities Law of the State of Florida. The original holder and each successive holder of any of the Bonds shall be conclusively deemed by his acceptance thereof to have agreed that the Bonds shall be and have all the qualities and incidents of a negotiable instrument under the Uniform Commercial Code - Investment Securities Law of the State of Florida.

SECTION 2.08. REGISTRATION. The Bonds shall be issued only as fully registered bonds without coupons. The Bond Registrar/Paying Agent shall be responsible for maintaining the books for the registration of and for the transfer of the Bonds in compliance with the Registrar, Paying Agent and Transfer Agreement, dated October 1, 1983, or successor agreement, between Citibank, N.A.⁶, and the Board.

Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any Bond, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his attorney duly authorized in writing, the Bond Registrar/Paying Agent shall deliver in the name of the transferee or transferees a new fully registered Bond or Bonds of authorized denominations of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive.

The principal amount of the Bonds shall be paid to the Registered Owner or registered assigns on the maturity date of the Bonds, unless redeemed prior thereto as provided in a subsequent resolution of the Division upon presentation and surrender of the Bonds at the principal office of the Bond Registrar/Paying Agent.

Interest shall be paid on the Interest Payment Dates to the Registered Owner of record whose name appears on the books of the Bond Registrar/Paying Agent as of 5:00 p.m. (local time, New York, New York) on the Record Date, by check or draft mailed (or transferred by a mode at least equally as rapid as mailing) from the Bond Registrar/Paying Agent to the Bondholder, or in certain cases shall be paid by wire transfer as provided by subsequent resolution of the Division, except for (i) Capital Appreciation Bonds which shall bear interest as described under the defined term Accreted Value, payable only upon redemption, acceleration or maturity thereof and (ii) Capital Appreciation and Income Bonds which shall bear interest as described under the defined term Appreciated Value (such interest accruing on or prior to the Interest Commencement Date being payable at maturity and such interest accruing after the Interest Commencement Date being payable periodically).

⁶ U.S. Bank Trust National Association, New York, NY, effective 1/7/03.

All Bonds presented for transfer, exchange, redemption or payment (if so required by the Division or the Bond Registrar/Paying Agent) shall be accompanied by a written instrument or instruments of transfer or authorization for exchange, in form and with guaranty of signature satisfactory to the Division and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or by his duly authorized attorney.

Neither the Division nor the Bond Registrar/Paying Agent may charge the Bondholder or his transferee for any expenses incurred in making any exchange or transfer of the Bonds. However, the Division and the Bond Registrar/Paying Agent may require payment from the Bondholder of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses shall be paid before any such new Bond shall be delivered.

New Bonds delivered upon any transfer or exchange shall be valid obligations of the Department, evidencing the same debt as the Bonds surrendered, shall be secured by this Resolution, and shall be entitled to all of the security and benefits hereof to the same extent as the Bonds surrendered.

The Division and the Bond Registrar/Paying Agent may treat the Registered Owner of any Bond as the absolute owner thereof for all purposes, whether or not such Bond shall be overdue, and shall not be bound by any notice to the contrary. The person in whose name any Bond is registered may be deemed the owner thereof by the Division and the Bond Registrar/Paying Agent, and any notice to the contrary shall not be binding upon the Division or the Bond Registrar/Paying Agent.

In addition, notwithstanding the foregoing, to the extent permitted by applicable law, the Division may establish a system of registration with respect to any Series or all Series of Bonds issued hereunder and may issue certificated public obligations (represented by instruments) or uncertificated registered public obligations (not represented by instruments) commonly known as book-entry obligations, combinations thereof, or such other obligations as may then be permitted by law. The Division shall appoint such registrars, transfer agents, depositories and other agents as may be necessary to cause the registration, registration of transfer and reissuance of the Bonds within a commercially reasonable time according to the then current industry standards and to cause the timely payment of interest, principal and premium, if any, payable with respect to the Bonds. Any such system may be effective for any series of Bonds then Outstanding or to be subsequently issued, provided that if the Division adopts a system for the issuance of uncertificated public obligations, it may permit thereunder the conversion, at the option of a holder of any Bonds then Outstanding, of a certificated registered public obligation to an uncertificated registered obligation, and the reconversion of the same.

Notwithstanding the foregoing provisions of this Section 2.08, the Division reserves the right, on or prior to the delivery of the Bonds, to amend or modify the foregoing provisions relating to registration of the Bonds in order to comply with all applicable laws, rules, and regulations of the United States Government and the State of Florida relating thereto.

SECTION 2.09. AUTHENTICATION. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Resolution unless and until a certificate of authentication on such Bond substantially in the form herein set forth shall have been duly executed by the manual signature of the Bond Registrar/Paying Agent, and such executed certificate of the Bond Registrar/Paying Agent upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Resolution. The Bond Registrar/Paying Agent's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an authorized officer or signatory of the Bond Registrar/Paying Agent, but it shall not be necessary that the same officer or signatory sign the certificate of authentication on all of the Bonds issued hereinafter.

SECTION 2.10. DISPOSITION OF BONDS PAID OR EXCHANGED. Whenever any Bond shall be delivered to the Bond Registrar/Paying Agent for cancellation, upon payment of the principal amount thereof or for replacement or transfer or exchange, such Bonds shall either be retained by the Bond Registrar/Paying Agent for a period of time specified in writing by the Division or the Board or, at the option of the Division or the Board, shall be cancelled and destroyed by the Bond Registrar/Paying Agent and counterparts of a certificate of destruction evidencing such destruction shall be furnished to the Division or the Board.

SECTION 2.11. BONDS MUTILATED, DESTROYED, STOLEN OR LOST. In case any Bond shall be mutilated, or be destroyed, stolen or lost, the Division may in its discretion issue and deliver a new Bond of like tenor as the Bond so mutilated, destroyed, stolen, or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the holder furnishing the Division proof of his ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and

conditions as the Division may prescribe and paying such expenses as the Division may incur. If any such Bond shall have matured or be about to mature, instead of issuing a substitute Bond, the Division may pay the same, upon being indemnified as aforesaid, and if such Bond be lost, stolen or destroyed, without surrender thereof.

Any such duplicate Bonds issued pursuant to this Section shall constitute original, additional, contractual obligations on the part of the Department, whether or not the lost, stolen or destroyed Bonds be at any time found by anyone and such duplicate Bonds shall be entitled to equal and proportionate benefits and rights as to lien, source and security for payment, pursuant to this Resolution, from the Net Revenues.

SECTION 2.12. FORM OF BONDS. The text of the Bonds together with the form of the certificates to be endorsed thereon, shall be substantially of the following tenor, with such omissions, insertions and variations as may be necessary and desirable and authorized or permitted by this Resolution or any subsequent resolution adopted prior to the issuance thereof, or as may be necessary to comply with applicable laws, rules, and regulations of the United States Government and the State of Florida in effect upon the issuance thereof:

[FORM OF BOND INTENTIONALLY OMITTED]

ARTICLE III
CONSTRUCTION OF TURNPIKE PLAN; APPLICATION OF BOND PROCEEDS;
SECURITY FOR THE BONDS

SECTION 3.01. DEPARTMENT TO CONSTRUCT TURNPIKE PROJECTS. Pursuant to applicable laws, the Department shall construct the Turnpike Projects of the Turnpike Plan, subject to the provisions contained in this Resolution.

SECTION 3.02. APPLICATION OF BOND PROCEEDS. Upon receipt of the proceeds of the sale of any Series of the Bonds, and after reserving and providing for the payment of the Cost of Issuance, including a reasonable service charge for the services of the Division, the Division shall transfer and deposit the remainder of the proceeds of such Series of the Bonds as follows:

(1) An amount equal to any accrued interest on such Series of Bonds shall be transferred to the Board to be deposited in the Bond Interest and Sinking Fund, hereinafter established, and used by the Board only for the payment of interest on such Series of Bonds;

(2) The amount, if any, determined in the sole discretion of the Division prior to the sale of such Series of Bonds, as being necessary to provide for the payment of interest accruing on such series of Bonds for a reasonable period of time from the date of issuance of the Bonds shall be transferred to the Board and deposited in the Bond Interest and Sinking Fund and used by the Board only for the payment of interest on such Series of Bonds; and

(3) An amount of money shall be deposited to the credit of the sub-account in the Debt Service Reserve Account established for such Series of Bonds in the aggregate amount necessary to make the amount to the credit of such sub-account equal to the Debt Service Reserve Requirement for such sub-account. The Debt Service Reserve Account need not be fully funded at the time of issuance of such Series of Bonds if (i) the Division elects by resolution adopted prior to issuance of such Series of Bonds, subject to the limits described below, to fully fund the applicable sub-account in the Debt Service Reserve Account over a period specified in such resolution not to exceed sixty (60) months, during which it shall make substantially equal monthly installments in order that the amounts on deposit therein at the end of such period shall equal the Debt Service Reserve Requirement for such sub-account, or (ii) it provides on the date of issuance of any Series of Bonds in lieu of such funds a Reserve Account Credit Facility in an amount equal to the difference between the Debt Service Reserve Requirement and the sums then on deposit (or required to be on deposit over a specified period as authorized above) in the applicable sub-account in the Debt Service Reserve Account. Such Reserve Account Credit Facility as provided above must provide for payment on any Interest Payment Date or Principal Payment Date on which a deficiency exists in moneys held hereunder for a payment with respect to the Bonds which cannot be cured by funds in any other account held pursuant to this Resolution and available for such purpose, and which shall name the Bond Registrar/Paying Agent or the Board for the benefit of the Bondholders as the beneficiary thereof. In no event shall the use of such Reserve Account Credit Facility be permitted if it would cause an impairment in any existing rating on the Bonds or any Series thereof. If the applicable sub-account in the Debt Service Reserve

Account is to be funded in installments pursuant to clause (i) above upon the issuance of any Additional Bonds, the deposits required pursuant to the foregoing may be limited to the amount which will be sufficient to pay the required monthly installments specified in such resolution, plus an additional amount necessary to make up any deficiencies caused by withdrawals or resulting from the semiannual valuation of the funds on deposit therein. If a disbursement is made from a Reserve Account Credit Facility as provided pursuant to clause (ii) above, the Department shall be obligated to either reinstate the maximum limits of such Reserve Account Credit Facility immediately following such disbursement or to deposit funds into the applicable sub-account in the Debt Service Reserve Account in the amount and manner provided under Section 4.03 (4) of this Resolution.

(4) In the case of the proceeds of refunding bonds issued pursuant to Section 6.04, an amount which, together with any other available funds, is sufficient to defease and refund the Outstanding Bonds selected by the Division and to pay the amount of fees and expenses estimated to be due in connection with the defeasance and refunding, to be deposited into a separate trust fund created pursuant to the Escrow Deposit Agreement.

(5) After making the transfers provided for in subsections (1) (2) (3) and (4) above, the balance of the proceeds of the Bonds sold shall be transferred to and deposited in the Turnpike Plan Construction Fund, hereinafter created, and used for the purposes of said Fund.

SECTION 3.03. TURNPIKE PLAN CONSTRUCTION TRUST FUND. There is hereby created a trust fund in the Treasury of the State of Florida to be known as the Florida Turnpike Plan Construction Trust Fund (which herein may be referred to as "Turnpike Plan Construction Fund"). The Turnpike Plan Construction Fund shall be used only for the payment of all or a portion of the costs of the Turnpike Plan, as provided in Section 1.03(H) of the Resolution. If the Bonds are issued in Series, separate accounts within the Turnpike Plan Construction Fund shall be established from the proceeds of the sale of each Series of Bonds to pay all or a portion of the cost of implementing those Turnpike Projects of the Turnpike Plan to be financed by that Series of Bonds which Turnpike Projects shall be identified by subsequent resolution adopted by the Division prior to the sale of the Bonds issued in the Series.

Requests for withdrawal of monies from the Turnpike Plan Construction Fund shall be made by the Department. Withdrawals from the Turnpike Plan Construction Fund shall be made upon warrants signed by the State Comptroller, countersigned by the Governor of the State of Florida, and drawn upon the State Treasury, or any other method provided by law. The warrant request shall be accompanied by a certificate of the Department to the effect that such withdrawal is a proper expenditure for the cost of the Turnpike Plan and, in the event the withdrawal is for reimbursement to the Department for payment of a cost of the Turnpike Plan the liability for which was incurred prior to the date of the adoption of this Resolution, by an opinion of nationally recognized bond/tax counsel that such payment will not adversely affect the exemption from Federal and State income taxation of interest on any of the Bonds. After performance of all audit review functions required by law and of all other actions required by law with respect to such warrant request, the State Comptroller will issue its warrant for each payment so requested.

If any unexpended balance of funds shall remain in any account of the Turnpike Plan Construction Trust Fund after the completion of the Turnpike Projects of the Turnpike Plan for which the Bonds were issued such unexpended balance shall be deposited in the Bond Redemption Account in the Sinking Fund, hereinafter created, to be used to purchase or redeem Bonds, unless otherwise requested by the Department, provided that, prior to any such other application, the Department receive an opinion of nationally recognized bond/tax counsel that such application will not adversely affect the exemption from Federal and State income taxation of interest on any of the Bonds.

SECTION 3.04. INVESTMENT OF TURNPIKE PLAN CONSTRUCTION FUNDS. Any moneys in the Turnpike Plan Construction Fund, not immediately needed for the purposes of said Fund, may be temporarily invested and reinvested, but only in the securities authorized in Section 18.10, Florida Statutes; provided, however, that such investments shall mature, or be subject to redemption on demand by the holder at a price not less than 100%, not later than the date when such moneys will be required for the purposes of said Fund.

Any and all income and interest received upon any investment or reinvestment of moneys in the Turnpike Plan Construction Trust Fund shall be deposited in said Fund and all investments or reinvestments shall be liquidated whenever necessary to provide moneys needed for the purposes of said Fund.

SECTION 3.05. LIEN OF BONDHOLDERS ON TURNPIKE PLAN CONSTRUCTION TRUST FUNDS. The Holders of each Series of Bonds shall have a lien on all the proceeds of such Series of Bonds deposited in the Turnpike Plan Construction Fund until such moneys are applied as provided herein.

SECTION 3.06. SECURITY FOR THE TURNPIKE REVENUE BONDS. The Bonds shall be payable from, and secured by a first lien upon, the Net Revenues.

ARTICLE IV
PAYMENT AND APPLICATION OF REVENUES

SECTION 4.01. CREATION OF FUNDS AND ACCOUNTS. The following funds and accounts are hereby created and established:

The "Turnpike System Revenue Fund" (hereinafter referred to as the "Revenue Fund").

The "Turnpike System Operation and Maintenance Fund" (hereinafter referred to as the "O & M Fund"). There are hereby created two separate accounts in the O & M Fund to be known as the "Cost of Operation Account" and the "Cost of Maintenance Account".

The "Bond Interest and Sinking Fund" (hereinafter referred to as the "Sinking Fund"). There are hereby created five separate accounts in the Sinking Fund to be known as the "Interest Account", the "Principal Account", the "Bond Amortization Account", the "Debt Service Reserve Account" and the "Bond Redemption Account".

The "Turnpike System Renewal and Replacement Fund" (hereinafter referred to as the "Renewal and Replacement Fund" or "R & R Fund").

The "Turnpike System Operation and Maintenance Reserve Fund" (hereinafter referred to as the "O & M Reserve Fund").

The "Turnpike System General Reserve Fund" (hereinafter referred to as the "General Reserve Fund").

Except for the O & M Fund and the O & M Reserve Fund, the funds and accounts created and established by this Article IV, including the Collection Account(s), shall all constitute trust funds for the purposes provided in this Resolution, and the Holders of the Bonds shall have a lien on all moneys in such funds and accounts until applied as provided in this Article IV.

SECTION 4.02. COLLECTION OF REVENUES. From and after the time of issuance of any Bonds pursuant to this Resolution, all Revenues shall be collected by the Department and shall be deposited daily into a special account in one or more depositories. Said account shall be designated the "Florida Turnpike Collection Account" (the "Collection Account"). The Department shall transfer, no less than weekly, all moneys in the Collection Account(s) to the Board for deposit into the Revenue Fund. All such Revenues shall continue to be collected, deposited into the Collection Account(s) and transferred to the Board until provision has been made for the payment of the principal of all Bonds, premium, if any, and all interest on the Bonds.

SECTION 4.03. APPLICATION OF REVENUES. In each month while any of the Bonds remain outstanding and unpaid, the Gross Revenues received by the Board pursuant to Section 4.02 of this Resolution shall be deposited by the Board into the Revenue Fund.

The moneys in the Revenue Fund shall be applied in the following manner and for the following purposes:

(1) Revenues shall first be used, to the fullest extent necessary, on the fifteenth (15th) day of each month, beginning with the fifteenth (15th) day of the first calendar month following the date on which any of the Bonds are delivered to the purchaser thereof:

(a) for deposit into the Cost of Operation Account such sums as shall be sufficient to pay one-twelfth of the Cost of Operation for such Fiscal Year as set forth in the Annual Budget of the Department.

(b) for deposit into the Cost of Maintenance Account such sums as shall be sufficient to pay one-twelfth of the Cost of Maintenance for such Fiscal Year as set forth in the Annual Budget of the Department.

No distinction shall exist in the use of the moneys on deposit in the Revenue Fund for payment into the Cost of Operation Account and the Cost of Maintenance Account, such accounts being on a parity with each other as to payment from the Revenue Fund. References to Annual Budget of the Department shall be deemed to include any amendment thereto made in accordance with the Resolution with the monthly payments increased or decreased, as appropriate, to reflect such amendment.

(2) Revenues shall next be used, to the full extent necessary, for deposit into the Interest Account in the Sinking Fund, on the fifteenth (15th) day of each month, beginning with the fifteenth (15th) day of the first full calendar month following the date on which any or all of the Bonds are delivered to the purchaser thereof, such sums as shall be sufficient to pay one-sixth of the interest becoming due on the Bonds on the next semi-annual Interest Payment Date, provided, however, that such monthly deposits for interest shall not be required to be made into the Interest Account to the extent that money on deposit therein is sufficient for such purpose and, provided further, that in the event the Division has issued Variable Rate Bonds pursuant to the provisions of the Resolution, Revenues shall be deposited at such other or additional times and amounts as necessary to pay interest becoming due on the Variable Rate Bonds on the next Interest Payment Date, all in the manner provided in the subsequent resolution of the Division authorizing such Variable Rate Bonds. Such subsequent resolution shall require Revenues to be deposited no less frequently than monthly and in an amount equal to either:

(a) the interest accrued during the preceding month on such Variable Rate Bonds, or

(b) substantially equal monthly amounts reasonably calculated to provide sufficient amounts to pay the interest accrued as of the succeeding Interest Payment Date, plus an amount to be deposited in the month prior to the Interest Payment Date not less than the difference between (i) the sum of the monthly deposits since the preceding Interest Payment Date and (ii) the interest payable on the next Interest Payment Date.

In the event that the period to elapse between Interest Payment Dates will be other than six (6) months, then such monthly payments shall be increased or decreased as appropriate, in sufficient amounts to provide the required interest amount due on the next Interest Payment Date. Any monthly payment out of Revenues to be deposited as set forth above, for the purpose of meeting interest payments for any Series of Bonds, shall be adjusted, as appropriate, to reflect the frequency of Interest Payment Dates applicable to such Series.

(3) Revenues shall next be used, to the full extent necessary:

(a) for deposit in the Principal Account on the fifteenth (15th) day of each month in each year, in the case of Serial Bonds which mature semi-annually, one-sixth (1/6th) of the principal amount of the Serial Bonds which will mature and become due on such semi-annual maturity dates and, in the case of Serial Bonds which mature annually, one-twelfth (1/12th) of the principal amount of the Serial Bonds which will mature and become due on such annual maturity dates, beginning with the fifteenth (15th) day of the first full calendar month following the date on which any or all of the Bonds are delivered to the purchaser thereof, or on such date as shall hereafter be determined by subsequent resolution of the Division; provided, however, that such monthly deposits for principal shall not be required to be made into the Principal Account to the extent that money on deposit therein is sufficient for such purpose.

In the event the period to elapse between the date of delivery of the Bonds and the next principal payment date will be other than six (6) months, in the case of Serial Bonds which mature semi-annually, or twelve (12) months, in the case of Serial Bonds which mature annually, then such monthly payments shall be increased or decreased, as appropriate, in sufficient amounts to provide the required principal amount maturing on the next principal payment date. Any monthly payment of Revenues to be deposited as set forth above for the purpose of meeting payments of principal of the Bonds, shall be adjusted, as appropriate, to reflect the frequency of principal payments applicable to such Series of Bonds.

(b) for deposit into the Bond Amortization Account on the fifteenth (15th) day of each month in each year, beginning with the fifteenth (15th) day of the first full calendar month following the date on which any or all of the Bonds are delivered to the purchaser thereof, or on such date as determined by subsequent resolution, and in such amounts in each year as may be required for the payment of the Term Bonds payable from the Bond Amortization Account, as shall hereafter be determined by subsequent resolution of the Division.

The moneys in the Bond Amortization Account shall be used solely for the purchase or redemption of the Term Bonds payable therefrom. The Board may at any time purchase any of said Term Bonds at prices not greater than the then redemption price of said Term Bonds. If the Term Bonds are not then redeemable prior to maturity, the Board may purchase said Term Bonds at prices not greater than the redemption price of such Term Bonds on the next ensuing redemption date. The Board shall be mandatorily obligated to use any moneys in the Bond Amortization Account for the redemption prior to maturity of such Term Bonds in such manner and at such times as shall be determined by subsequent resolution of the Division. If, by the application of moneys in the Bond Amortization Account, the Board shall purchase or call for redemption in any year Term Bonds in excess of the installment requirement for such year, such excess of Term Bonds so purchased or redeemed shall be credited in such manner to the remaining amortization installments for the Term Bonds of the same Series and maturity as the Term Bonds so purchased or redeemed as the Board shall determine.

No distinction or preference shall exist in the use of the moneys on deposit in the Sinking Fund for payment into the Interest Account, the Principal Account and the Bond Amortization Account, such accounts being on a parity with each other as to payment from the Sinking Fund. Any deficiencies for prior payment into the Interest Account, the Principal Account and the Bond Amortization Account shall be restored from the first Net Revenues available to the Department.

(4) Revenues shall next be used, to the full extent necessary, for deposit into each sub-account in the Debt Service Reserve Account on the fifteenth (15th) day of each month in each year, beginning with the fifteenth (15th) day of the first full calendar month following the date on which any or all of the Bonds issued hereunder are delivered to the purchaser thereof, such sums as shall be at least sufficient to maintain an amount equal to the Debt Service Reserve Requirement established for the Bonds unless the Division has elected to fund the Debt Service Reserve Account over a period of time, in which case this maintenance requirement shall commence when the time period to fund the Account has ended.

Notwithstanding the foregoing provisions, in lieu of the required deposits of Revenues into the Debt Service Reserve Account, the Division may cause to be deposited into one or more sub-accounts in the Debt Service Reserve Account a Reserve Account Insurance Policy, a Reserve Account Letter of Credit, or other form of Reserve Account Credit Facility for the benefit of the Registered Owners of the Bonds for which such sub-account has been established in the amount required above which Reserve Account Insurance Policy or Reserve Account Letter of Credit or other Reserve Account Credit Facility shall be payable or available to be drawn upon, as the case may be, on any Interest Payment Date or Principal Payment Date on which a deficiency exists which cannot be cured by funds in any other account held for such Bonds pursuant to this Resolution and available for such purpose. If a disbursement is made under the Reserve Account Insurance Policy, the Reserve Account Letter of Credit or other Reserve Account Credit Facility, the Department shall be obligated to either reinstate such Reserve Account Insurance Policy, Reserve Account Letter of Credit or other Reserve Account Credit Facility, immediately following such disbursement to the amount required to be maintained in the Debt Service Reserve Account or to deposit into the applicable sub-account in the Debt Service Reserve Account from the Net Revenues, as herein provided, funds in the amount of the disbursement made under such Reserve Account Insurance Policy, Reserve Account Letter of Credit or other Reserve Account Credit Facility, or a combination of such alternatives as shall equal the amount required to be maintained.

In the event that any moneys shall be withdrawn by the Board from the Debt Service Reserve Account for deposit into the Interest Account, Principal Account or Bond Amortization Account, such withdrawals shall be subsequently restored from the first Net Revenues available to the Department after all required payments have been made into the Interest Account, Principal Account and Bond Amortization Account, including any deficiencies for prior payments, unless restored by a reinstatement under a Reserve Account Insurance Policy, Reserve Account Letter of Credit or other Reserve Account Credit Facility of the amount withdrawn.

Moneys in the Debt Service Reserve Account shall be used only for deposit into the Interest Account, Principal Account and Bond Amortization Account when the other moneys in the Sinking Fund available for such purpose are insufficient therefor.

The Division shall establish one or more separate sub-accounts in the Debt Service Reserve Account. Each sub-account may be established for one or more Series of Bonds. Each sub-account shall be available only to cure deficiencies in the accounts in the Sinking Fund with respect to the Series of Bonds for which such sub-account has been established, and no amounts in the other sub-accounts in the Debt Service Reserve Account shall be available for such purpose. Such separate sub-account shall be established and designated in the supplemental resolution authorizing such Series of Bonds. Such supplemental resolution may also specify the method of valuation of the amounts held in such separate sub-account.

Any moneys in a sub-account in the Debt Service Reserve Account in excess of the amount required to be maintained therein shall first be used to cure any deficiency in any other sub-account in the Debt Service Reserve Account and any remaining monies shall be transferred by the Board to the Renewal and Replacement Fund and used as provided herein for said Fund.

Notwithstanding any other provisions of section 4.03 to the contrary, the following requirements shall apply to the extent that they are additional or more restrictive than the provisions which would otherwise apply pursuant to this Resolution in the event the Debt Service Reserve Requirement is fulfilled by a deposit of a credit instrument (other than a credit instrument issued by Financial Guaranty Insurance Company ["Financial Guaranty"]) in lieu of cash:

(a) A surety bond or insurance policy issued to the entity serving as trustee or paying agent (the "Fiduciary"), as agent of the Bondholders, by a company licensed to issue an insurance policy guaranteeing the timely payment of debt service on the Bonds (a "municipal bond insurer") may be deposited in the appropriate Debt Service Reserve sub-account to meet the Debt Service Reserve Requirement if the claims paying ability of the issuer thereof shall be rated "AAA" or "Aaa" by S&P or Moody's, respectively.

(b) A surety bond or insurance policy issued to the Fiduciary, as agent of the Bondholders, by an entity other than a municipal bond insurer may be deposited in the appropriate Debt Service Reserve sub-account to meet the Debt Service Reserve Requirement if the form and substance of such instrument and the issuer thereof shall be approved by Financial Guaranty.

(c) An unconditional irrevocable letter of credit issued to the Fiduciary, as agent of the Bondholders, by a bank may be deposited in the appropriate Debt Service Reserve sub-account to meet the Debt Service Reserve Requirement if the issuer thereof is rated at least "AA" by S&P. The letter of credit shall be payable in one or more draws upon presentation by the beneficiary of a sight draft accompanied by its certificate that it then holds insufficient funds to make a required payment of principal or interest on the Bonds. The draws shall be payable within two days of presentation of the sight draft. The letter of credit shall be for a term of not less than three years. The issuer of the letter of credit shall be required to notify the Department, the Division and the Fiduciary, not later than 30 months prior to the stated expiration date of the letter of credit, as to whether such expiration date shall be extended, and if so, shall indicate the new expiration date.

If such notice indicates that the expiration date shall not be extended, an amount sufficient to cause the cash or Permitted Investments on deposit in the appropriate Debt Service Reserve sub-account together with any other qualifying credit instruments, to equal the Debt Service Reserve Requirement on all Outstanding Bonds, shall be deposited in the Debt Service Reserve Account, such deposit to be paid in equal installments on at least a semi-annual basis over the remaining term of the letter of credit, unless the Reserve Account Credit Facility is replaced by a Reserve Account Credit Facility meeting the requirements in any of (a)-(c) above. The letter of credit shall permit a draw in full not less than two weeks prior to the expiration or termination of such letter of credit if the letter of credit has not been replaced or renewed. The Resolution shall, in turn, direct the Fiduciary to draw upon the letter of credit prior to its expiration or termination unless an acceptable replacement is in place or the appropriate Debt Service Reserve sub-account is fully funded in its required amount.

(d) The use of any Reserve Account Credit Facility pursuant to this paragraph shall be subject to receipt of an opinion of counsel acceptable to Financial Guaranty and in form and substance satisfactory to Financial Guaranty as to the due authorization, execution, delivery and enforceability of such instrument in accordance with its terms, subject to applicable laws affecting creditors' rights generally, and, in the event the issuer of such credit instrument is not a domestic entity, an opinion of foreign counsel in form and substance satisfactory to Financial Guaranty. In addition, the use of an irrevocable letter of credit shall be subject to receipt of an opinion of counsel acceptable to Financial Guaranty and in form and substance satisfactory to Financial Guaranty to the effect that payments under such letter of credit would not constitute avoidable preferences under Section 547 of the U.S. Bankruptcy Code or similar state laws with avoidable preference provisions in the event of the filing of a petition for relief under the U.S. Bankruptcy Code or similar state laws by or against the issuer of the Bonds (or any other account party under the letter of credit). Any discretion exercised by FGIC under this paragraph shall be exercised in a reasonable manner.

(e) The obligation to reimburse the issuer of a Reserve Account Credit Facility for any fees, expenses, claims or draws upon such Reserve Account Credit Facility shall be subordinate to the payment of debt service on the Bonds. The right of the issuer of a Reserve Account Credit Facility to payment or reimbursement of its fees and expenses shall

be subordinated to cash replenishment of the appropriate Debt Service Reserve sub-account, and, subject to the second succeeding sentence, its right to reimbursement for claims or draws shall be on a parity with the cash replenishment of the appropriate Debt Service Reserve sub-account. The Reserve Account Credit Facility shall provide for a revolving feature under which the amount available thereunder will be reinstated to the extent of any reimbursement of draws or claims paid. If the revolving feature is suspended or terminated for any reason, the right of the issuer of the Reserve Account Credit Facility to reimbursement will be further subordinated to cash replenishment of the appropriate Debt Service Reserve sub-account an amount equal to the difference between the full original amount available under the Reserve Account Credit Facility and the amount then available for further draws or claims. If (i) the issuer of a Reserve Account Credit Facility becomes insolvent or (ii) the issuer of a Reserve Account Credit Facility defaults in its payment obligations thereunder or (iii) the claims-paying ability of the issuer of the insurance policy or surety bond falls below a S&P "AAA" or a Moody's "Aaa" or (iv) the rating of the issuer of the letter of credit falls below a S&P "AA", the obligation to reimburse the issuer of the Reserve Account Credit Facility shall be subordinate to the cash replenishment of the appropriate Debt Service Reserve sub-account

(f) If (i) the revolving reinstatement feature described in the preceding paragraph is suspended or terminated or (ii) the rating of the claims paying ability of the issuer of the surety bond or insurance policy falls below a S&P "AAAI" or a Moody's "Aaa" or (iii) the rating of the issuer of the letter of credit falls below a S&P "AAI", either (x) an amount sufficient to cause the cash or Permitted Investments on deposit in the appropriate Debt Service Reserve sub-account to equal the Debt Service Reserve Requirement on all Outstanding Bonds shall be deposited into the appropriate Debt Service Reserve sub-account, such amount to be paid over the ensuing five years in equal installments deposited at least semi-annually or (y) such instrument shall be replaced with a surety bond, insurance policy or letter of credit meeting the requirements in any of (a)-(c) above within six months of such occurrence. In the event (i) the rating of the claims-paying ability of the issuer of the surety bond or insurance policy falls below "A" or (ii) the rating of the issuer of the letter of credit falls below "A" or (iii) the issuer of the Reserve Account Credit Facility defaults in its payment obligations or (iv) the issuer of the Reserve Account Credit Facility becomes insolvent, either (x) an amount sufficient to cause the cash or Permitted Investments on deposit in the appropriate Debt Service Reserve sub-account to equal the Debt Service Reserve Requirement on all Outstanding Bonds shall be deposited into the appropriate Debt Service Reserve sub-account, such amount to be paid over the ensuing year in equal installments on at least a monthly basis or (y) such instrument shall be replaced with a surety bond, insurance policy or letter of credit meeting the requirements in any of (a)-(c) above within six months of such occurrence.

(g) Where applicable, the amount available for draws or claims under the Reserve Account Credit Facility may be reduced by the amount of cash or Permitted Investments deposited in the appropriate Debt Service Reserve sub-account pursuant to clause (x) of the preceding paragraph (f).

(h) If the above described alternatives to a cash-funded Reserve Fund are chosen, any amounts owed to the issuer of such credit instrument as a result of a draw thereon or a claim thereunder, as appropriate, shall be included in any calculation of debt service requirements required to be made pursuant to the Authorizing Document for any purpose, e.g., rate covenant or additional bonds test.

(j) The Resolution hereby requires the Fiduciary to ascertain the necessity for a claim or draw upon the Reserve Account Credit Facility and to provide notice to the issuer of the Reserve Account Credit Facility in accordance with its terms not later than three days (or such longer period as may be necessary depending on the permitted time period for honoring a draw under the Reserve Account Credit Facility prior to each interest payment date.

(k) Cash on deposit in the appropriate Debt Service Reserve sub-account shall be used (or investments purchased with such cash shall be liquidated and the proceeds applied as required) prior to any drawing on any Reserve Account Credit Facility. If and to the extent that more than one Reserve Account Credit Facility is deposited in the appropriate Debt Service Reserve sub-account, drawings thereunder and repayments of costs associated therewith shall be made on a pro rata basis, calculated by reference to the maximum amounts available thereunder."

(5) Revenues shall next be used, to the full extent necessary, for deposits in the Renewal and Replacement Fund on the fifteenth (15th) day of each month, beginning with the fifteenth (15th) day of the first full calendar month following the date on which any or all of the Bonds issued hereunder are delivered to the purchasers thereof, such sums as shall be sufficient to pay one twelfth (1/12th) of the amount certified by the Consulting Engineer for such Fiscal Year as necessary for the purposes of the Renewal and Replacement Fund provided, however, that (i) such required amounts for deposit may be increased or

decreased as the Consulting Engineer shall certify is necessary for the purposes of the Renewal and Replacement Fund, and (ii) in the event that the Consulting Engineer shall certify that the amounts on deposit are not necessary for the purposes of the Renewal and Replacement Fund such excess amount may be withdrawn from the Renewal and Replacement Fund by the Department and transferred to any other Fund and used as provided herein for said Fund.

The moneys in the Renewal and Replacement Fund shall be used, when necessary, for the purpose of paying the cost of replacement or renewal of capital assets or facilities, excluding non-Toll roads except Feeder Roads, of the Turnpike System, or extraordinary repairs of the Turnpike System excluding non-Toll roads except Feeder Roads. The moneys in the Renewal and Replacement Fund shall be used for payment into the Interest Account, Principal Account and Bond Amortization Account only when the moneys in the Revenue Fund and the Debt Service Reserve Account (including the Reserve Account Credit Facility, if any) are insufficient therefor.

The Renewal and Replacement Fund shall be a trust fund in the Treasury of the State of Florida. Requests for withdrawal of monies from the Renewal and Replacement Fund shall be made by the Department. Withdrawals shall be made upon warrants signed by the State Comptroller, countersigned by the Governor and drawn upon the State Treasury, or any other method provided by law. The warrant request shall be accompanied by a certificate of the Department to the effect that such withdrawal is a proper expenditure, in accordance with this Resolution, for the cost of major and non-ordinary renewal and replacement projects on the Florida Turnpike, other similar costs not included in Cost of Maintenance or Cost of Operations, or other purposes permitted herein. Investment of the moneys in the Renewal and Replacement Fund, not immediately needed for the purposes of said Fund, may be temporarily invested and reinvested, but only in the securities authorized in Section 18.10, Florida Statutes.

(6) Revenues shall next be used, to the full extent necessary, for deposit into the O & M Reserve Fund on the fifteenth (15th) day of each month, beginning with the fifteenth (15th) day of the first full calendar month following the date on which any or all of the Bonds issued hereunder are delivered to the purchasers thereof, such sums as shall be at least sufficient to maintain an amount on deposit in the O & M Reserve Fund at least equal to one-eighth (1/8th) of the sum of the Cost of Operation and the Cost of Maintenance for such Fiscal Year as set forth in the Annual Budget of the Department. The moneys in the O & M Reserve Fund shall be used, when necessary, for the purpose of curing any deficiency in the O & M Fund, except as otherwise provided by this Resolution. Any moneys in the O & M Reserve Fund in excess of the amount required to be maintained therein may be transferred at the direction of the Department to the General Reserve Fund.

(7) Thereafter, the balance of any monies remaining in the Revenue Fund not needed for the payments required in paragraphs (1) to (6), above, shall be deposited in the General Reserve Fund and applied by the Department for any lawful purpose; provided, however, that no such deposit shall be made unless all payments required in paragraphs (1) to (6), above, including any deficiencies for prior payments, have been made in full to the date of such deposit.

The General Reserve Fund shall be a fund in the Treasury of the State of Florida. Requests for withdrawal of monies shall be made by the Department in the manner provided by law. Investment of the moneys in the General Reserve Fund, not immediately needed, may be temporarily invested and reinvested as provided by law.

SECTION 4.04. INVESTMENT OF FUNDS. Unless otherwise provided, all moneys maintained at any time in the funds under the provisions of Section 4.03 may be invested in Permitted Investments; provided, however, that any investments of moneys needed to meet the requirements of Section 4.03 shall mature not later than the dates on which such moneys are needed. Unless otherwise provided herein or by subsequent resolution, any and all income and interest received upon any investments of the moneys in the funds created under Section 4.01 and administered by the Board, except such amounts required to be deposited in the Rebate Fund, shall be deposited by the Board in the Revenue Fund and used in the same manner and order of priority as other moneys on deposit therein.

SECTION 4.05. BOARD FISCAL AGENT FOR REVENUE FUND. Pursuant to Section 215.69 Florida Statutes, and other applicable statutes, from and after the date of the Bonds, the Board will administer the Revenue Fund pursuant to this Resolution.

Pursuant to the provisions of Section 215.69, Florida Statutes, after the Division receives the proceeds of the Bonds, pays its costs, and transfers the remainder of such proceeds as provided herein, the Board shall succeed to the powers, authority, duties, and discretions of the Division with regard to said Bonds and shall receive, manage, and disburse all moneys and administer and maintain all funds, and receive a fee therefor, except the Turnpike Plan Construction Fund, the Renewal and

Replacement Fund, and the General Reserve Fund, which will be administered by the Treasurer of the State of Florida pursuant to this Resolution.

SECTION 4.06. VALUATION OF FUNDS. Except as provided in Section 4.03(4), in computing the amount in any fund or account created under provisions of the Resolution for any purpose provided in the Resolution, obligations purchased as an investment of moneys therein shall be valued at the "cost" thereof, exclusive of accrued interest.

SECTION 4.07. BOND REDEMPTION ACCOUNT. Amounts held in the Bond Redemption Account shall be applied in each year as follows:

(i) The Board shall endeavor to purchase Bonds then Outstanding at the most advantageous price obtainable with reasonable diligence, such price not to exceed the principal of, and accrued interest on, such Bonds, plus the premium, if any, which would be payable on the next optional redemption date to the Registered Owners of such Bonds if such Bonds were called for optional redemption on such date.

(ii) Any remaining balance shall be applied as soon as practical to call for optional redemption or to provide for the payment of (in accordance with Section 7.01 hereof) such Bonds as the Department in its sole discretion shall determine.

However, there shall not be any obligation to redeem Bonds prior to maturity unless and until there are sufficient moneys on deposit in the Bond Redemption Account to provide for the redemption of at least Twenty-five Thousand Dollars (\$25,000) principal amount of Bonds at any one time.

ARTICLE V COVENANTS WITH BONDHOLDERS

SECTION 5.01. PLEDGE OF NET REVENUES. So long as any of the Bonds or interest thereon are outstanding and unpaid, all of the Net Revenues, as defined herein, shall be and are hereby pledged to the payment of the principal of and interest on the Bonds in the manner provided in this Resolution. The Holders of the Bonds shall have a valid and enforceable first lien on the Net Revenues until paid out and applied in the manner provided herein.

SECTION 5.02. REVENUE COLLECTION, DEPOSIT AND TRANSFER. The Department shall punctually collect, deposit and transfer the Revenues in the manner and at the times provided in this Resolution.

SECTION 5.03. ENFORCEABILITY BY BONDHOLDERS. This Resolution, including the pledge of the Net Revenues, as provided herein, shall be deemed to have been made for the benefit of, and shall be a contract with, the Holders from time to time of the Bonds, and such pledge and all the provisions of this Resolution shall be enforceable in any court of competent jurisdiction by any Holder or Holders of such Bonds, against either the Department or the Division. However, no covenant or agreement contained in this Resolution or any Bond issued pursuant thereto shall be deemed to be the covenant or agreement of any officer or employee of the State of Florida, in his or her individual capacity and neither the officers nor employees of the State of Florida nor any official executing any of the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

SECTION 5.04. MAINTENANCE BY DEPARTMENT. The Florida Turnpike shall be maintained by the Department or as otherwise may be provided by law.

SECTION 5.05. IMPLEMENTATION OF TURNPIKE PLAN. Upon receipt of the proceeds of any Series of the Bonds, the Department shall promptly proceed with the construction of those Turnpike Projects of the Turnpike Plan to be financed, in whole or in part, by the proceeds of such Series of Bonds in accordance with the plans and specifications prepared therefore and approved by the Department; the Department shall complete such construction with reasonable expedition in accordance with such plans and specifications, or such modifications or alterations thereof, including changes in design, alignment or location, which in the judgment of the Consulting Engineers will not substantially increase the cost of the Turnpike Plan and in the judgment of the Traffic Engineers will not materially adversely affect the Tolls.

SECTION 5.06. OPERATION BY DEPARTMENT. The Department shall be in full and complete charge of the operation of the Florida Turnpike and shall comply fully with the provisions of this Resolution relating to such operation.

SECTION 5.07. TOLL COVENANTS. (A) As long as any of the Bonds are Outstanding, the Department shall fix, establish and collect Tolls for the use of the Florida Turnpike (except non-Toll roads) and, in fixing and determining the rates of such Tolls, the Department shall take into consideration the amounts needed for the payment of the principal of and interest on the Bonds and the other payments required to be made under this Resolution.

(B) The Tolls shall at all times be fixed and established at such rates, and revised from time to time whenever necessary, so that the Gross Revenues shall be sufficient in each Fiscal Year to pay at least one hundred percent (100%) of an amount equal to the Cost of Maintenance and Cost of Operation, and so that the Net Revenues shall be sufficient in each Fiscal Year to pay at least one hundred twenty percent (120%) of an amount equal to the Annual Debt Service Requirement for the Bonds and at least one hundred percent (100%) of all other payments required by the terms of this Resolution.

The collection of the Revenues in any Fiscal Year in an amount in excess of the estimated Toll revenues specified above for such Fiscal Year shall not be taken into account as a credit against the requirement specified above for any subsequent Fiscal Year or Years. The Toll rates shall be established in the manner provided by law.

(C) The Department shall be without power to reduce Toll rates or remove Tolls from all or a portion of the Turnpike System except in the manner provided herein, until all the Bonds and interest thereon have been fully paid and discharged, or such payment has been fully provided for. For purposes of this Section 5.07, conversion from one system of Toll collection (such as a ticket system) to another system of Toll collection (such as a barrier/ramp system) shall not be considered a removal of Tolls.

(D) Any such reduction of the Toll rates or removal of Tolls from all or a portion of the Turnpike System shall be based upon a survey and recommendation of the Traffic Engineers who shall certify that in their opinion the amount of Tolls to be produced by said reduced rates or Toll removal in each Fiscal Year thereafter will be sufficient to comply with (B) above.

(E) On or before February 1 in each Year the Department will review the financial condition of the Florida Turnpike and the Bonds in order to estimate whether the Revenues for the following Fiscal Year will be sufficient to comply with the provisions of (B) above and shall by resolution make a determination with respect thereto. Copies of such resolutions, properly certified, together with a certificate of an Authorized Officer of the Department setting forth a reasonably detailed statement of the actual and estimated Revenues and other pertinent information for the year upon which determination was made, shall be filed with the Board on or before said February 1. If the Department determines that the Revenues for the following Fiscal Year may not be sufficient for such purpose, the Department will forthwith cause the Traffic Engineers to make a study and to recommend a schedule of Tolls which will provide Revenues sufficient to comply with the provisions of (B) above in the following Fiscal Year and to restore any deficiency at the earliest practicable time; and, if there shall be such a deficiency indicated, the Department shall place such schedule of Tolls in effect as soon as practicable but not later than the next July 1.

(F) Provided there is not a failure to pay the interest of and principal on the Bonds, as the same become due or mature, failure to comply with the Toll covenant contained in (B) above will not constitute a default if (i) the Department complies with the provisions of (E) above, or (ii) the Traffic Engineers are of the opinion that a Toll schedule which will comply with such Toll covenant is impracticable at that time, and so certifies, and the Department establishes a schedule of Tolls which is recommended by the Traffic Engineers to comply as nearly as practicable with such Toll covenant.

(G) The Department may increase Toll rates and may increase the number of toll gates at any time and from time to time upon the written recommendation of the Traffic Engineers. The Department may make any other adjustment or reclassification of Toll rates or establish special Toll rates, except for Toll rate reduction, provided that such action (i) is recommended by the Traffic Engineers and affects traffic of a character specified by such Engineers accounting for less than 10% of the Revenues, as evidenced by a certificate of the Traffic Engineers and (ii) will not result in a reduction of Net Revenues for the then current or any future Fiscal Year, as determined by a certificate of the Traffic Engineers setting forth estimated Revenues and of the Department setting forth estimated payments for the Cost of Operation and the Cost of Maintenance. Toll rate reduction can be accomplished only as provided in (D), above.

(H) The Department covenants that forthwith upon the adoption of any schedule of Tolls or revision thereof, certified copies thereof will be filed with the Board.

(I) Nothing in the Resolution shall prevent the Department from continuing to collect Tolls after the Bond Retirement Date if the Department is authorized to do so pursuant to provisions of law.

SECTION 5.08. NO FREE USE OF FLORIDA TURNPIKE. The Department shall not allow or permit any free use of the Toll roads of the Florida Turnpike, except to officials or employees of the Department whose official duties in connection with the Florida Turnpike require them to travel over the Florida Turnpike, or except as may be provided by laws in effect on the date of the adoption of this Resolution. No discrimination in rates shall be made between users of the Florida Turnpike within the same class. Provided, however, that nothing in this Section 5.08 shall restrict the power of the Department to promulgate reasonable rules for the use of the Florida Turnpike or to provide for one-way Toll roads, nor affect the provisions of any Department rule in effect on the date of the adoption of this Resolution.

SECTION 5.09. ANNUAL BUDGETS. The Department shall annually, at least forty-five days preceding the beginning of each of the Fiscal Years, or at any other time as requested by the Board, prepare a detailed budget of the estimated expenditures for Cost of Operation and Cost of Maintenance of the Florida Turnpike during the succeeding fiscal year. The budget shall be adopted by resolution of the Department, and shall not be changed during the Fiscal Year except by the same procedure by which it was adopted. Copies of the annual budget and any changes therein shall be filed with the Board and, upon request, mailed to the original purchasers of the Bonds and any Bondholder.

SECTION 5.10. INSURANCE. The Department covenants that it will at all times cause to be maintained, to the extent reasonably obtainable, the following kinds and the following amounts of insurance, with such variations as shall reasonably be required to conform to applicable standard or customary insurance practice and subject to such exceptions and permissible deductions as are ordinarily required:

(a) Multi-risk insurance on the facilities of the Turnpike System which are of an insurable nature and of the character usually insured by those operating similar facilities, covering direct physical loss or damage thereto from causes customarily insured against, in such amounts as the Consulting Engineers shall certify to be necessary or advisable to provide against such loss or damage and to protect the interest of the Department and the Bondholders;

(b) Use and occupancy insurance covering loss of Revenues by reason of necessary interruption, total or partial, in the use of facilities of the Turnpike System, due to loss or damage to any such facility on which multi-risk insurance is maintained as provided in this Section, in such amount as the Consulting Engineers shall certify will provide income during the period of interruption, but in no event less than 12 months, in the event of the occurrence of any such loss or damage, equal to the amount of the loss of Revenues, computed on the basis of Revenues for the corresponding period during the preceding calendar year, or if such facility was not in operation during the preceding calendar year, then computed on the basis of the Consulting Engineers' estimate, attributable to such loss or damage;

(c) War risk insurance, if obtainable from the United States Government or any agency thereof, covering direct physical loss or damage, and loss of Revenue attributable thereto, on the facilities of the Turnpike System which are insurable thereunder, in each case in the respective amount, as nearly as practicable, provided under clauses (a) and (b) above;

(d) During the period of construction or reconstruction of any portion of the facilities of the Turnpike System, the Department shall require contractors constructing any such portion of the facilities of the Turnpike System to file bonds or undertakings for the full performance of such contracts, and under which all risks from any cause whatsoever, without any exceptions, during the period of such construction, shall be assumed by such contractors; and

(e) Any additional or other insurance covering (i) loss or (ii) damage for which the Department is or may become liable.

The proceeds of the insurance policies referred to above, except use and occupancy insurance, shall be paid to the Department and used only for the purpose of restoring or replacing the damaged portions of the Florida Turnpike, excluding non-Toll roads except Feeder Roads, redeeming the Outstanding Bonds, as hereinafter provided, or reimbursing the Department when the Department has advanced its funds for such restoration or replacement. If such proceeds are more than sufficient for the purpose of restoration or replacement, the balance remaining shall be paid to the Board and deposited in the Bond Redemption Account in the Sinking Fund. If such proceeds shall be insufficient to restore or replace the damaged portions of the Florida Turnpike, excluding non-Toll roads except Feeder Roads, the deficiency shall be supplied by the Department to the extent permitted by law from available funds, provided, however, that if such insurance proceeds shall be sufficient to provide for the redemption of all Bonds then Outstanding and provide for the payment of all interest thereon, the Department may, in its discretion, direct the Board to provide for the redemption of all Bonds then Outstanding, and provide for the payment of all interest thereon, instead of restoring the Florida Turnpike, or parts thereof, as provided herein. In such event, such proceeds

shall be deposited in the Bond Redemption Account in the Sinking Fund and redemption made therefrom in the manner provided herein. Any restoration or replacement of the Florida Turnpike shall be promptly commenced and diligently prosecuted and completed according to plans approved by the Consulting Engineer. The proceeds of the use and occupancy insurance shall be deposited in the Revenue Fund.

Notwithstanding the foregoing, the Department may elect not to restore or replace part or all of the damaged portions of the Florida Turnpike if:

(i) The Department shall obtain and furnish the Division a certificate of the Consulting Engineer stating that in the opinion of the Consulting Engineer (a) failure to restore or replace such damaged portion will not impair the ability of the Department to comply with the Toll Covenant set forth in Section 5.07 hereof; or (b) restoration or repair of such damaged portion is not economically feasible; and

(ii) The insurance proceeds shall be deposited into the Bond Redemption Account and used for the purposes thereof.

All policies of insurance on the Florida Turnpike, or any parts thereof, shall be taken in the name of the Department, shall reference this Resolution and shall be filed with the Department.

SECTION 5.11. BOOKS AND RECORDS. The Department shall keep books and records of the acquisition and construction of the Turnpike Projects of the Turnpike Plan and the operation of the Florida Turnpike, which shall be separate and apart from all other books, records and accounts of the Department, in which complete and correct entries shall be made of the daily Tolls and other Revenues collected and of all transactions relating to the Turnpike Plan and the Florida Turnpike. Any Bondholder shall have the right at all reasonable times to inspect the Florida Turnpike upon payment of the regular Tolls for use of the Florida Turnpike and to inspect all records, accounts and data of the Department relating thereto.

The Board will keep books and records of the operation of the Revenue Fund provided for in this Resolution. Any holder of a Bond or Bonds will have the right at all reasonable times to inspect all records, accounts and data of the Board relating to such funds.

The Department covenants that, at least once each year, all the books, records and accounts relating to the Revenue Fund and other funds established by this Resolution, the acquisition and construction of the Turnpike Projects of the Turnpike Plan and the operation of the Florida Turnpike, including the collection of Tolls, are to be properly audited. Copies of the reports of such audits shall be mailed to the Board, and also, upon request, to any Bondholder. The provisions of this Section 5.11 shall fully apply until the Bond Retirement Date.

In the event that the holders of not less than twenty percent of the Bonds then Outstanding shall so request, the Department shall cause the audits referred to in this Section 5.11 to be made by a nationally known and recognized firm of certified public accountants (not more often, however, than once in any three year period) and the cost thereof shall be a Cost of Operation.

SECTION 5.12. BONDING OF OFFICIALS OR EMPLOYEES OF DEPARTMENT. All officials, employees, or agents of the Department engaged in the operation of the Florida Turnpike and handling in any way any of the Tolls or Revenues derived from the Florida Turnpike shall be required by the Department to furnish adequate bonds for the faithful accounting of all moneys likely to come into their hands.

SECTION 5.13. CONSULTING ENGINEER. Until all the Bonds and interest thereon have been paid or payment thereof has been provided for, the Department will retain, on an annual basis, a firm of nationally known and recognized engineers, as Consulting Engineer, to supervise generally the construction of the Turnpike Plan by making periodic construction inspections and reports. The Consulting Engineer will also advise and confer with the Department concerning the budget for operation, maintenance and repair of the Florida Turnpike, excluding non-Toll roads except Feeder Roads, and will annually make an independent inspection and a report concerning the condition thereof. Such reports, or reasonable summaries thereof, shall be mailed to the Holders of any Bond or Bonds requesting the same and filing his or her name and address with the Department, and shall also be mailed to the Board, and upon request to the original purchasers of the Bonds.

SECTION 5.14. TRAFFIC ENGINEERS. The Department shall retain a firm of nationally known and recognized Traffic Engineers whenever necessary to advise the Department with reference to Tolls and methods of collection of the same and for the performance of any acts or duties provided for such Traffic Engineers in this Resolution. The Traffic Engineer will annually provide a traffic and earnings report to the Department.

SECTION 5.15. COMPLIANCE WITH TAX REQUIREMENTS; REBATE FUND. (A) Except with respect to Taxable Bonds, in addition to any other requirement contained in this Resolution, the Division, the Board, and the Department hereby covenant and agree, for the benefit of the Holders from time to time of the Bonds, that each will comply with the requirements contained in Section 103 and Part IV of Subchapter B of Chapter 1 of the Internal Revenue Code of 1986, as amended, and temporary, proposed or permanent implementing regulations promulgated thereunder (the "Code") as shall be set forth in the non-arbitrage certificate of the Department dated and delivered on the date of original issuance and delivery of the Bonds. Specifically, without intending to limit in any way the generality of the foregoing, the Department covenants and agrees:

(i) to pay or cause to be paid by the Board to the United States of America from the Revenues and any other legally available funds, at the times required pursuant to Section 148(f) of the Code, the excess of the amount earned on all nonpurpose investments (as defined in Section 148(f)(6) of the Code) over the amount which would have been earned if such nonpurpose investments were invested at a rate equal to the yield on the Bonds, plus any income attributable to such excess (the "Rebate Amount");

(ii) to maintain and retain or cause to be maintained and retained all records pertaining to and to be responsible for making or causing to be made all determinations and calculations of the Rebate Amount and required payments of the Rebate Amount as shall be necessary to comply with the Code;

(iii) to refrain from using proceeds from the Bonds in a manner that might cause the Bonds or any of them, to be classified as private activity bonds under Section 141(a) of the Code; and

(iv) to refrain from taking any action that would cause the Bonds, or any of them to become arbitrage bonds under Section 148 of the Code.

The Department, the Division and the Board understand that the foregoing covenants impose continuing obligations that will exist throughout the term of the issue to comply with the requirements of the Code.

(B) The Department covenants and agrees that it shall maintain and retain all records pertaining to and it shall be responsible for making and having made all determinations and calculations of the Rebate Amount for each Series of Bonds issued hereunder for each Rebate Year within thirty (30) days after the end of such Rebate Year and within thirty (30) days after the final maturity of each such Series of Bonds. On or before the expiration of each such thirty (30) day period, the Department shall deposit or direct the Board to deposit into the Rebate Fund which is hereby created and established, from investment earnings or moneys deposited in the other Funds and Accounts created hereunder, or from any other legally available funds of the Department, an amount equal to the Rebate Amount for such Rebate Year. The Board shall use such moneys deposited in the Rebate Fund only for the payment of the Rebate Amount to the United States as required by subsection (A) of this Section 5.15, and as directed by the Department, which payments shall be made in installments, commencing not more than thirty (30) days after the end of the fifth Rebate Year and with subsequent payments to be made not later than five (5) years after the preceding payment was due except that the final payment shall be made within thirty (30) days after the final maturity of the last obligation of the series of Bonds issued hereunder. In complying with the foregoing, the Department may rely upon any instructions or opinions from a nationally recognized bond/tax counsel.

Notwithstanding anything in this Resolution to the contrary, to the extent moneys on deposit in the Rebate Fund are insufficient for the purpose of paying the Rebate Amount and other funds of the Department are not available to pay the Rebate Amount, then the Board shall pay the Rebate Amount first from Revenues and, to the extent the Revenues are insufficient to pay the Rebate Amount, then from moneys on deposit in any of the Funds and Accounts created hereunder.

If any amount shall remain in the Rebate Fund after payment in full of all Bonds issued hereunder and after payment in full to the United States in accordance with the terms hereof, such amounts shall be paid over to the Department and may be used for other purposes authorized by law.

The Rebate Fund shall be held separate and apart from all other funds and accounts of the Department and shall be subject to a lien in favor of the Bondholders, but only to secure payment of the Rebate Amount, and the moneys in the Rebate Fund shall be available for use only as herein provided.

The Division, the Board, and the Department shall not be required to continue to comply with the requirements of this Section in the event that the Department receives an opinion of nationally recognized bond/tax counsel that (i) such compliance is no longer required in order to maintain the exclusion from gross income for Federal income tax purposes of interest on the Bonds or (ii) compliance with some other requirement will comply with the provisions of the Code in respect of arbitrage rebate, or in the event that any other agency is subsequently designated by proper authority to comply with the requirements of this Section.

SECTION 5.16. FURTHER ASSURANCE. The Department shall, at any and all times so far as it may be authorized by law, pass, make, do, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights and Revenues and other moneys, securities and funds pledged or assigned under the Resolution, or intended so to be, or which the Department may hereafter become bound to pledge or assign.

SECTION 5.17. SALE AND LEASE OF PROPERTY. (A) The Department covenants that, except as otherwise permitted in the Resolution, it will not sell, lease or otherwise dispose of or encumber the Turnpike System or any part thereof, or properties or facilities thereof; provided, however, that, to the extent permitted by law, the Department may lease or make contracts or grant licenses for the operation of, or grant easements or other rights with respect to, any part of the Turnpike System, including but not limited to service stations, garages, stores, hotels, restaurants, recreational areas or facilities, or other concessions, only if such lease, contract, license or right does not, in the opinion of the Consulting Engineers, as shown by a certificate filed with the Department impede or restrict the operation by the Department of the Turnpike System, and does not in the opinion of nationally recognized bond/tax counsel adversely affect the exemption from federal and state income taxation of interest on any of the Bonds.

(B) The Department may, however, to the extent permitted by law, from time-to-time sell any real property, machinery, fixtures, apparatus, tools, instruments, or other movable property acquired by it in connection with the Turnpike System, or any materials used in connection therewith, if the Department shall determine that such articles are no longer essential in connection with the Turnpike System and the proceeds thereof shall be deposited into the Revenue Fund.

(C) Notwithstanding subsection (A) of this paragraph the Department may from time-to-time, to the extent permitted by law, sell, trade or lease such other property forming part of the Turnpike System as serves no useful purpose in connection with the Turnpike System and the proceeds of any such disposition shall be deposited into the Revenue Fund.

(D) Notwithstanding subsection (A) of this paragraph, the Department may from time-to-time, to the extent permitted by law, permanently abandon, sell, trade or lease any property forming a part of the Turnpike System but only if;

(i) there shall be filed with the Board before such abandonment, sale, trade or lease, a certificate, signed by the Secretary of the Department stating:

(a) that the Department is not then in default in the performance of any of the covenants, conditions, agreements or provisions contained in the Resolution; and

(b) that in the opinion of the Traffic Engineers the Department is in full compliance with the requirements of Section 5.07 and will continue to be in compliance after giving effect to such abandonment, trade, sale or lease; and

(ii) the proceeds of the sale of any property forming part of the Turnpike System under subsection (D) of this Section shall be deposited in the Revenue Fund.

SECTION 5.18. LEGISLATIVE APPROVAL; ECONOMIC FEASIBILITY. The Department covenants that only those Turnpike Projects with prior legislative approval as required by law will be financed with Bond proceeds. Prior to any proceeding authorizing the sale of any Bonds, the Department shall have made, if required by law, a determination of economic feasibility of the Turnpike Projects identified in Section 1.03(D)(1)(2) and (3) to be financed by the proceeds of such Bonds and

shall have filed with the Division a certificate by an Authorized Officer of the Department setting forth the determination and a reasonably detailed statement of the information upon which the determination was made.

SECTION 5.19. GENERAL. The Division and the Department covenant that upon the date of issuance of any of the Bonds, all conditions, acts and things required by the Constitution or statutes of the State of Florida or by the Resolution to exist, to have happened and to have been performed precedent to or in the issuance of such Bonds shall exist, have happened and have been performed. The covenants herein made shall be in effect so long as any of the Bonds are Outstanding.

ARTICLE VI
ADDITIONAL BONDS, REFUNDING BONDS
AND ISSUANCE OF OTHER OBLIGATIONS

SECTION 6.01. ISSUANCE OF ADDITIONAL BONDS. The Division shall have the power to issue Additional Bonds, after the issuance of the Bonds originally issued pursuant to this Resolution, for the purpose of financing the cost of construction or acquisition of Turnpike Projects, or for the purpose of refunding Bonds, but only under the following terms, limitations and conditions:

(A) The Board shall approve the fiscal sufficiency of the Additional Bonds prior to the sale thereof in accordance with Florida Law.

(B) Sufficient Revenues shall have been collected by the Department and transferred to the Board to make all prior and current payments under this Resolution and neither the Division nor the Department shall be in default in the performance of any of the obligations, provisions or covenants contained in this Resolution on the date of the delivery of the Additional Bonds.

(C) All principal of and interest on the Bonds which matured and became due on or prior to the date of delivery of the Additional Bonds shall have been fully paid.

(D) A certificate shall be filed with the Board and the Division signed by an Authorized Officer of the Department setting forth the amount of Net Revenues collected during the immediately preceding Fiscal Year or any twelve (12) consecutive months selected by the Department out of the fifteen (15) months immediately preceding the date of such certificate.

(E) A certificate shall be filed with the Board and the Division by the Traffic Engineer stating his estimate of the amount of Net Revenues to be collected during the current Fiscal Year and in each Fiscal Year thereafter to and including the third (3rd) complete Fiscal Year immediately succeeding the Consulting Engineer's estimated date for the completion and placing in operation of the Turnpike Project(s) to be financed by the Additional Bonds then proposed to be issued, taking into account any adopted revisions, to be effective during such period, of the Tolls, fees, rates, receipts, charges, rents and other income derived from or in connection with the operation of the Florida Turnpike.

(F) Determinations must be made by both the Board and the Division as follow:

(1) that the amount shown by the certificate of subsection (D) shall be not less than one hundred twenty percent (120%) of the amount of the Annual Debt Service Requirement for the current Fiscal Year on account of all Bonds then Outstanding; and

(2) that the amount shown by the certificate of subsection (E) for the current Fiscal Year and for each Fiscal Year to and including the first (1st) complete Fiscal Year immediately succeeding the Consulting Engineer's estimated date for the completion and placing in operation of the Turnpike Project(s) to be financed by the Additional Bonds then proposed to be issued shall be not less than one hundred twenty percent (120%) of the amount of the Annual Debt Service Requirement for each such Fiscal Year on account of all Bonds then Outstanding and the Additional Bonds then proposed to be issued; and

(3) that the amount shown by the certificate of subsection (E) for each of the three (3) complete Fiscal Years immediately succeeding the Consulting Engineer's estimated date for the completion and placing in operation of the Turnpike Project(s) to be financed by the Additional Bonds then proposed to be issued shall be not less than one hundred twenty percent (120%) of the Maximum Annual Debt Service for each such Fiscal Year on account of all Bonds then Outstanding and the Additional Bonds then proposed to be issued.

In making the determinations of this subsection (F), the debt service requirement of Bonds to be refunded, and defeased, from the proceeds of the Additional Bonds proposed to be issued should not be counted in addition to the debt service requirement of the refunding Additional Bonds.

SECTION 6.02. ADDITIONAL BONDS SECURED BY ORIGINAL RESOLUTION. All such Additional Bonds shall be deemed to have been issued pursuant to the Resolution authorizing the issuance of the Bonds. All of the provisions of this Resolution (except as to details inconsistent therewith) shall be deemed to be part of the proceedings authorizing such Additional Bonds, and except as to any necessary differences such as in the maturities thereof, or the rate or rates of interest, or the provisions for redemption or purchase and any differences respecting the use of moneys in various sub-accounts in the Debt Service Reserve Account for one or more Series of Bonds or the differences in Credit Facilities thereof, such Additional Bonds shall be on a parity as to lien on the Net Revenues and shall be entitled to the same benefit and security of this Resolution as the Bonds originally authorized and issued pursuant to this Resolution. Provided, however, that nothing in this Resolution shall prohibit the issuance of Additional Bonds for Turnpike Projects of a type different from those financed by the Bonds originally issued pursuant to this Resolution.

Whenever the words “Bond” or “Bonds” are used in this Resolution authorizing the issuance of the Bonds, such words shall be deemed to include, and shall include, any Additional Bonds hereafter issued and the terms, limitations and conditions in this Article VI.

SECTION 6.03. REFUNDING BONDS. All of the Bonds originally issued pursuant to this Resolution then outstanding, together with all Additional Bonds theretofore issued and then outstanding, may be refunded as a whole or in part. This Section 6.03 shall not be construed as a limitation on the Division's authority to issue refunding obligations that are junior to the Bonds or refunding Bonds for the purpose of refunding junior obligations. If the Annual Debt Service Requirement of the refunding Bonds in each Fiscal Year is equal to or less than the Annual Debt Service Requirement of the refunded Bonds, then the provisions of Section 6.01(D), (E) & (F) of this Resolution shall not apply to the issuance of the refunding Bonds.

SECTION 6.04. ISSUANCE OF OTHER OBLIGATIONS. The Division and Department covenant that until the Bonds are defeased as provided herein, they will not issue any other obligations, except the Bonds and Additional Bonds nor voluntarily create or cause to be created any other debt, lien, pledge, assignment, encumbrance or other charge, having priority to or being on a parity with the lien of the Holders of the Bonds issued pursuant to this Resolution upon the Net Revenues pledged as security for such Bonds in this Resolution. Any such other obligations hereafter issued by the Division and Department secured by the Net Revenues, in addition to the Bonds authorized by this Resolution and such Additional Bonds provided for in this Resolution, shall contain an express statement that such obligations are junior, inferior, and subordinate to the Bonds theretofore or thereafter issued, as to lien on and source and security for payment from the Net Revenues defined herein. The Department further covenants that it will not issue any obligations, or create, or cause or permit to be created, any debt, lien, pledge, assignment, encumbrance, or any charge upon any of the properties of the Florida Turnpike except for the Net Revenues or as otherwise provided in this Resolution.

SECTION 6.05. ASCENDING JUNIOR LIEN OBLIGATIONS. The Division shall have the power to issue obligations which are junior, inferior, and subordinate to the Bonds as to lien on and source and security for payment from the Net Revenues and to provide that such junior obligations shall ascend to parity status with the Bonds as to lien on and source and security for payment from the Net Revenues upon compliance with the conditions and requirements for Additional Bonds and upon such other terms, conditions and requirements as provided by subsequent resolution of the Division.

ARTICLE VII MISCELLANEOUS

SECTION 7.01. DEFEASANCE. The covenants, liens and pledges entered into, created or imposed pursuant to the Resolution may be fully discharged and satisfied with respect to the Bonds in any one or more of the following ways:

(a) By paying the principal of and interest on Bonds when the same shall become due and payable; or

(b) By depositing in the Interest Account, the Principal Account and the Bond Amortization Account and/or in such other accounts which are irrevocably pledged to the payment of Bonds, as the Department and the Division may hereafter create and establish by resolution, certain moneys which together with other moneys lawfully available therefor shall be sufficient at the time of such deposit to pay when due the principal, redemption premium, if any, and interest due and to become due on said Bonds on or prior to the redemption date or maturity date thereof; or

(c) By depositing in the Interest Account, the Principal Account and the Bond Amortization Account and/or such other accounts which are irrevocably pledged to the payment of Bonds as the Department and the Division may hereafter create and establish by resolution moneys which, together with other moneys lawfully available therefor when invested in such Defeasance Obligations as are described in clause (i) of the definition of “Defeasance Obligations” in Article I of this Resolution, will provide moneys (principal and interest thereof at maturity) which shall be sufficient to pay the principal, redemption premium, if any, and interest due and to become due on said Bonds on or prior to a date fixed for redemption or the maturity date thereof.

Upon such payment or deposit in the amount and manner provided in this section 7.01 of this Resolution, Bonds shall be deemed to be paid and shall no longer be deemed to be Outstanding for the purposes of the Resolution and all liability of the Department or Division with respect to said Bonds shall cease, terminate and be completely discharged and extinguished, and the Holders thereof shall be entitled for payment solely out of the moneys or securities so deposited.

(d) As to Variable Rate Bonds, whether discharged and satisfied under the provisions of subsection (a), (b) and (c) above, the amount required for the interest thereon shall be calculated at the maximum rate permitted by the terms of the provisions which authorized the issuance or sale of such Variable Rate Bonds; provided, however, that if on any date, as a result of such Variable Rate Bonds having borne interest at less than such maximum rate for any period, the total amount of moneys and Defeasance Obligations on deposit for the payment of interest on such Variable Rate Bonds is in excess of the total amount which would have been required to be deposited on such date in respect of such Variable Rate Bonds in order to fully discharge and satisfy such Bonds pursuant to the provisions of this Section, the Department or the Board may use the amount of such excess free and clear of any trust, lien, security interest, pledge or assignment securing said Variable Rate Bonds or otherwise existing under the Resolution.

(e) Notwithstanding any of the provisions of this Resolution to the contrary, Option Bonds may only be fully discharged and satisfied either pursuant to subsection (a) above or by depositing in the Interest Account, the Principal Account and the Bond Amortization Account, or in such other accounts which are irrevocably pledged to the payment of the Option Bonds, as the Department and Division may hereafter create and establish by resolution, moneys which together with other moneys lawfully available therefor shall be sufficient at the time of such deposit to pay when due the maximum amount of principal of and redemption premium, if any, and interest on such Option Bonds which could become payable to the Holders of such Bonds upon the exercise of any options provided to the Holders of such Bonds; provided, however, that if, at the time a deposit is made pursuant to this subsection (e), the options originally exercisable by the Holder of an Option Bond are no longer exercisable, such Bond shall not be considered an Option Bond for purposes of this subsection (e).

(f) Notwithstanding the foregoing, all references to the discharge and satisfaction of Bonds shall include the discharge and satisfaction of any Series of Bonds, any portion of any Series of Bonds, any maturity or maturities of any Series of Bonds, any portion of a maturity of any Series of Bonds or any combination thereof, provided that the provisions of this subsection (f) shall not affect the requirements regarding Option Bonds set forth in subsection (e).

(g) If any portion of the moneys deposited for the payment of the principal of and redemption premium, if any, and interest on any portion of Bonds is not required for such purpose, the Department or the Board may use the amount of such excess free and clear of any trust, lien, security interest, pledge or assignment securing said Bonds or otherwise existing under the Resolution.

SECTION 7.02. CONCERNING THE RESERVE ACCOUNT CREDIT FACILITY, AND THE BOND INSURANCE POLICY. As long as the Department shall have a Reserve Account Credit Facility on deposit in the Debt Service Reserve Account the Department covenants that it will comply with the provisions of the Reserve Account Credit Facility.

As long as any Series of Bonds are insured by a Bond Insurance Policy the Department covenants to comply with the requirements and conditions of the Bond Insurance Policy.

SECTION 7.03. MODIFICATION OR AMENDMENT. Except as otherwise provided in the second paragraph hereof, no material modification or amendment of the Resolution, or of any resolution amendatory thereof or supplemental thereto, may be made without the consent in writing of (i) the Holders of more than fifty percent in principal amount of the Bonds then Outstanding or (ii) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, the Holders of more than fifty percent in principal amount of the Bonds of each Series so affected and Outstanding

at the time such consent is given; provided, however, that no modification or amendment shall permit a change in the maturity of such Bonds or a reduction in the rate of interest thereon, or affecting the unconditional promise of the Department to fix, maintain and collect Tolls for the use of the Turnpike System, excluding non-Toll roads, or to pay the interest of and principal on the Bonds, as the same mature or become due, from the Net Revenues of the Turnpike System, or reduce the percentage of Holders of Bonds required above for such modification or amendments, without the consent of the Holders of all the Bonds.

For purposes of this Section of Article VII hereof, to the extent any Series of Bonds is insured by a Bond Insurance Policy and such Series of Bonds is then rated in as high a rating category as the rating category in which such Series of Bonds was rated at the time of initial issuance and delivery thereof by a Rating Agency, then the consent of the issuer of the Bond Insurance Policy shall constitute the consent of the Holders of such Series.

The Resolution may be amended, changed, modified and altered without the consent of the Holders of Bonds, (i) to cure any ambiguity, correct or supplement any provision contained herein which may be defective or inconsistent with any other provisions contained herein, (ii) to provide other changes including such changes as may be necessary in order to adjust the terms hereof so as to facilitate the issuance of various types of Bonds including, but not limited to, Variable Rate Bonds, Capital Appreciation Bonds, Option Bonds, Capital Appreciation and Income Bonds and Taxable Bonds which will not adversely affect the interest of such Holder of Bonds, (iii) to provide for the issuance of Bonds in coupon form if, in the opinion of a nationally recognized bond/tax counsel, such issuance will not affect the exemption from Federal income taxation of interest on the Bonds, (iv) to obtain credit enhancements or a higher rating in one of the three highest full rating categories of a Rating Agency, (v) to add to the covenants and agreements of the Division or the Department in the Resolution, other covenants and agreements to be observed by the Division or the Department which are not contrary to or inconsistent with the Resolution as theretofore in effect, (vi) to add to the limitations and restrictions in the Resolution, other limitations and restrictions to be observed by the Division or the Department which are not contrary to or inconsistent with the Resolution as theretofore in effect, (vii) to permit the qualification hereof and thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualification of the Bonds for sale under the securities laws of any of the states of the United States of America and (viii) to enable the Division and the Department to comply with their covenants, agreements and obligations under Section 5.15.

SECTION 7.04. USE OF ADDITIONAL FUNDS FOR DEBT PAYMENT. Nothing herein contained shall preclude the Department, the Division or the Board from using any legally available funds, in addition to the Net Revenues, which may come into their possession, including the proceeds of sale of refunding Bonds, contributions, or grants, for the purpose of payment of principal of and interest on the Bonds, or the purchase or redemption of such Bonds in accordance with the provisions of this Resolution.

SECTION 7.05. SEVERABILITY OF INVALID PROVISION. If any one or more of the covenants, agreements, or provisions of this Resolution shall be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements, or provisions shall be null and void and shall be deemed separable from the remaining covenants, agreements, or provisions, and shall in no way affect the validity of all the other provisions of this Resolution or of the Bonds issued hereunder.

SECTION 7.06. NONPRESENTMENT OF BONDS: FUNDS HELD FOR BONDS AFTER MATURITY OF BONDS. In the event any Bond shall not be presented to the Bond Registrar/Paying Agent for payment within five years after the principal becomes due, either at maturity, or otherwise, the funds for payment of said principal on deposit with the Bond Registrar/Paying Agent shall be remitted to the Board for disposition in accordance with the laws of Florida. In the event the Bond Registrar/Paying Agent shall not have been able to pay the interest, either all or a portion thereof, on any Bond within five years after the principal thereof becomes due, either at maturity, or otherwise, the funds on deposit with the Bond Registrar/Paying Agent for the payment of said interest shall be remitted to the Board for disposition in accordance with the laws of Florida. The earnings on the funds which were held to pay the principal and the interest on said Bond shall be governed by the Registrar, Paying Agent and Transfer Agreement.

SECTION 7.07. BOND ANTICIPATION NOTES. Notwithstanding any other provision of this Resolution, if the Division shall deem it advisable, short-term obligations (hereinafter "Notes") are hereby authorized to be issued by the Division on behalf of the Department in anticipation of the sale and delivery of Bonds, to pay a portion of the costs of the Turnpike Plan. The Notes shall be payable from the proceeds received from the sale of the Bonds and, in the interim, from the Net Revenues. The Notes may be issued in such denomination or denominations, in the aggregate principal amount (in combination with Bonds, not to exceed \$4,419,997,419.20), in the form, may bear interest at the lawful rate or rates payable on such dates (not to exceed

five (5) years from the date of issue) and may be subject to such conditions and terms as the Division shall deem necessary or desirable in connection with such Notes, all as shall be provided by resolution of the Division adopted at or before sale of the Notes, in accordance with Section 215.68(7), Florida Statutes.

SECTION 7.08. CAPITAL APPRECIATION BONDS; CAPITAL APPRECIATION AND INCOME BONDS. (a) For the purposes of (i) receiving payment of the redemption price if a Capital Appreciation Bond is redeemed prior to maturity, or (ii) computing the amount of the Maximum Annual Debt Service and of Bonds held by the Registered Owner of a Capital Appreciation Bond in giving to the Department any notice, consent, request or demand pursuant to the Resolution for any purpose whatsoever, the principal amount of a Capital Appreciation Bond shall be deemed to be its Accreted Value.

(b) For the purposes of (i) receiving payment of the redemption price if a Capital Appreciation and Income Bond is redeemed prior to maturity, or (ii) computing the amount of the Maximum Annual Debt Service and of Bonds held by the registered owner of a Capital Appreciation and Income Bond in giving to the Department any notice, consent, request or demand pursuant to the Resolution for any purpose whatsoever, the principal amount of a Capital Appreciation and Income Bond shall be deemed to be its Appreciated Value.

SECTION 7.09. DEPARTMENT TO REPURCHASE OBLIGATIONS. The Department and the Board shall have the power to purchase Bonds and other obligations out of any funds available therefor. The Department and the Board may hold, cancel or resell such Bonds and other obligations subject to and in accordance with the proceedings of the Division.

SECTION 7.10. VALIDATION AUTHORIZED. The attorneys for the Division are herein and hereby authorized to institute proceedings to validate the proposed issue of Bonds.

SECTION 7.11. REPEAL OF INCONSISTENT RESOLUTIONS. All resolutions and parts of resolutions heretofore adopted pertaining to the subject matter of this Resolution, to the extent that they are inconsistent with this Resolution, are hereby repealed, revoked, and rescinded.

SECTION 7.12. EFFECTIVE DATE. This Resolution shall take effect immediately upon its adoption.

Adopted on October 25, 1988; amended and restated on May 17, 2005.

THIRTY-FOURTH SUPPLEMENTAL TURNPIKE REVENUE BOND RESOLUTION

A RESOLUTION (THE THIRTY-FOURTH SUPPLEMENTAL RESOLUTION) OF THE GOVERNING BOARD OF THE DIVISION OF BOND FINANCE OF THE STATE BOARD OF ADMINISTRATION OF FLORIDA SUPPLEMENTING THE TURNPIKE REVENUE BOND AUTHORIZING RESOLUTION, AS SUPPLEMENTED AND AMENDED; AUTHORIZING THE ISSUANCE AND THE COMPETITIVE SALE OF STATE OF FLORIDA, DEPARTMENT OF TRANSPORTATION TURNPIKE REVENUE REFUNDING BONDS, SERIES 2013 (TO BE DETERMINED); AUTHORIZING A NOTICE OF BOND SALE; PROVIDING FOR APPLICATION OF THE PROCEEDS OF THE SERIES 2013 (TO BE DETERMINED) BONDS; AUTHORIZING A PRELIMINARY AND A FINAL OFFICIAL STATEMENT; PROVIDING FOR OTHER TERMS AND AUTHORIZATIONS IN CONNECTION WITH THE SALE AND ISSUANCE OF THE SERIES 2013 (TO BE DETERMINED) BONDS; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, acting on behalf of the State of Florida Department of Transportation (the “Department”), the Governor and Cabinet sitting as the governing board (the “Governing Board”) of the Division of Bond Finance of the State Board of Administration of Florida (formerly the Division of Bond Finance of the State of Florida Department of General Services) (the “Division”) adopted a resolution on October 25, 1988 authorizing the issuance of State of Florida, Department of Transportation Turnpike Revenue Bonds, which resolution, as restated on May 17, 2005 (the “Authorizing Resolution”), was adopted to secure the issuance by the Division from time to time of one or more series of Turnpike Revenue Bonds, subject to the terms and conditions of the Authorizing Resolution; and

WHEREAS, the Department has adopted a resolution requesting the Division to proceed with the issuance and sale of State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2013 (to be determined) (the “Refunding Bonds”) to refund all or a portion of the callable Outstanding State of Florida, Department of Transportation Turnpike Revenue Bonds, Series 2003A and 2003B (when refunded, the “Refunded Bonds”); and

WHEREAS, the Governing Board has determined to sell the Refunding Bonds on behalf of the Department, under and pursuant to the Authorizing Resolution and pursuant to the request of the Department of Transportation; and

WHEREAS, the Governing Board wishes to authorize the publication of a Notice of Bond Sale for the competitive sale of the Refunding Bonds (the “Notice of Bond Sale”), and

WHEREAS, upon the adoption of this Thirty-fourth Supplemental Resolution and the completion of certain actions required hereunder and under the Authorizing Resolution, the execution and delivery of the Refunding Bonds will have been duly authorized and all things necessary to make the Refunding Bonds, when executed and authenticated in the manner set forth in the Authorizing Resolution, valid and binding legal obligations of the State of Florida and the Department and to make the Authorizing Resolution, as supplemented by this Thirty-fourth Supplemental Resolution, a valid and binding agreement with the Registered Owners of the Refunding Bonds, will have been done;

NOW, THEREFORE, BE IT RESOLVED by the Governor and Cabinet of the State of Florida sitting as the Governing Board of the Division of Bond Finance of the State Board of Administration of Florida, on behalf of the State of Florida Department of Transportation, as follows:

SECTION 1. DEFINITIONS. All terms used in this Thirty-fourth Supplemental Resolution are used with the same meaning throughout this Thirty-fourth Supplemental Resolution unless the context clearly requires otherwise. All terms used in this Thirty-fourth Supplemental Resolution that are defined in the Authorizing Resolution have the same meaning as in the Authorizing Resolution unless the context clearly requires otherwise.

SECTION 2. AUTHORITY FOR THIS THIRTY-FOURTH SUPPLEMENTAL RESOLUTION. This Thirty-fourth Supplemental Resolution is adopted pursuant to the provisions of the Act and constitutes a resolution authorizing bonds pursuant to the Act.

SECTION 3. RESOLUTION TO CONSTITUTE CONTRACT. In consideration of the purchase and acceptance of any and all of the Refunding Bonds by those who shall own the same from time to time, the Authorizing Resolution, as supplemented by this Thirty-fourth Supplemental Resolution, shall be deemed to be and shall constitute a contract between the Department and the Registered Owners from time to time of the Refunding Bonds; and the security interest granted and the pledge made in the Authorizing Resolution, as supplemented by this Thirty-fourth Supplemental Resolution, and the covenants and agreements therein set forth to be performed on behalf of the Department shall be for the equal benefit, protection and security of the Registered Owners of any and all of the Refunding Bonds, all of which, regardless of the time or times of their authentication and delivery or maturity, shall be of equal rank without preference, priority or distinction of any of the Refunding Bonds over any other thereof except as expressly provided in or permitted by the Authorizing Resolution, as supplemented by this Thirty-fourth Supplemental Resolution.

SECTION 4. AUTHORIZATION OF ISSUANCE AND SALE OF THE REFUNDING BONDS.

(A) The not exceeding \$490,000,000 State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2013 (to be determined) (or such other designation as may be provided by the Director) are hereby authorized to be issued and sold at competitive sale on the date and at the time to be determined by the Director. The Refunding Bonds may be sold at different times in more than one series. If sold in more than one series, the authorizations contained in this resolution shall apply to each of such series. The Refunding Bonds may also be sold separately or combined with any other Turnpike System Revenue Bonds authorized to be sold. The final maturity date of the Refunding Bonds shall not be later than 35 years from their date of issue. The Refunding Bonds shall be issued in fully registered form in denominations of \$1,000 or integral multiples thereof. The Refunding Bonds shall be dated and bear interest from such date, and be payable in each year, as indicated or provided for in the Notice of Bond Sale. The interest rates of the Refunding Bonds, not to exceed the maximum lawful rate on the date of sale of the Refunding Bonds, shall be determined in accordance with the Notice of Bond Sale, and the Refunding Bonds shall mature as determined by the Director in the Notice of Bond Sale. Interest on the Refunding Bonds will be paid by check or draft mailed on each Interest Payment Date [or by wire transfer, at the election of a Registered Owner, in the manner and under the terms provided for in the State's agreement with the Bond Registrar/Paying Agent (provided that such Registered Owner advances to the Bond Registrar/Paying Agent the amount, if any, necessary to pay the wire charges or authorizes the Bond Registrar/Paying Agent to deduct the amount of such payment)] to the Registered Owner thereof as of 5:00 p.m. on the Record Date at the address shown on the registration books maintained by the Bond Registrar/Paying Agent for the Refunding Bonds. Principal of the Refunding Bonds will be payable to the Registered Owners thereof upon their presentation and surrender when due at the corporate trust office of the Bond Registrar/Paying Agent.

(B) The Director or an Assistant Secretary of the Governing Board is authorized to determine the most advantageous date and time of a public sale and to provide notice pursuant to applicable law of such sale, at a time and in such manner as determined by the Director to be appropriate to provide adequate notice to potential bidders. Bids for the purchase of the Refunding Bonds will be received at the offices of the Division in Tallahassee, Florida, or at another location designated in the Notice of Bond Sale, until the time and date of sale determined by the Director.

(C) The Director is hereby authorized to distribute a Notice of Bond Sale and a form of proposal for the sale of the Refunding Bonds. The Notice of Bond Sale shall be in such form as shall be determined by the Director, with the advice of bond counsel, and shall contain such information as required by applicable law. Any prior distribution of a Notice of Bond Sale and form of proposal is hereby ratified.

(D) The Director or the Secretary or an Assistant Secretary of the Governing Board is authorized to award the sale of the Refunding Bonds in an aggregate principal amount not exceeding \$490,000,000 and to pay the costs, fees and expenses associated therewith. Such award by the Director or the Secretary or an Assistant Secretary shall be based on his or her determination of the best bid submitted in accordance with the terms of the Notice of Bond Sale and such award shall be final. The sale shall be reported to the Governing Board after award of the Refunding Bonds.

(E) In the event that conditions preclude, or circumstances render unnecessary or undesirable, the sale of the maximum principal amount of the Refunding Bonds authorized to be sold by this Thirty-fourth Supplemental Resolution, then in such event the Director or the Secretary or an Assistant Secretary of the Governing Board is hereby authorized to offer for sale a lesser principal amount than that set forth in the Notice of Bond Sale and to adjust the maturity schedule and redemption provisions for the Refunding Bonds, if necessary, to reflect the issuance of such lesser amount, and to modify the Notice of Bond Sale as may be required.

(F) The Refunding Bonds shall be subject to redemption as provided in the Notice of Bond Sale.

(G) The Director or the Secretary or an Assistant Secretary of the Governing Board is authorized to provide in the Notice of Bond Sale that the purchase price for the Refunding Bonds may include a discount to par not to exceed the statutory amount.

(H) The Chairman, Secretary or an Assistant Secretary of the Governing Board or their duly authorized alternative officers are hereby authorized on behalf of the Division to execute the Refunding Bonds (including any temporary bond or bonds) as provided in the Authorizing Resolution and any of such officers is hereby authorized, upon the execution of the Refunding Bonds in the form and manner set forth in the Authorizing Resolution, to deliver the Refunding Bonds in the amounts authorized to be issued hereunder to the Bond Registrar/Paying Agent for authentication and, upon receipt of payment of the purchase price (together with accrued interest), for delivery to or upon the order of the original purchaser of the Refunding Bonds, and to distribute the proceeds of the Refunding Bonds as provided herein and in the Authorizing Resolution.

(I) The Chairman, Secretary or any Assistant Secretary of the Governing Board, the Director, and such other officers and employees of the Division as may be designated as agents of the Division in connection with the issuance and delivery of the Refunding Bonds, are authorized and empowered, collectively or individually, to take all actions and steps, to execute all instruments, documents, and contracts, and to take all other action on behalf of the Division, in each case as they may deem necessary or desirable, in connection with the sale, execution and delivery of the Refunding Bonds.

SECTION 5. SECURITY FOR THE REFUNDING BONDS.

(A) The Refunding Bonds authorized by this Thirty-fourth Supplemental Resolution shall be payable on a parity and rank equally as to lien on and source and security for payment from the Net Revenues of the Turnpike System and in all other respects with the Outstanding Bonds.

(B) The Refunding Bonds authorized by this Thirty-fourth Supplemental Resolution shall be deemed to have been issued pursuant to the Authorizing Resolution as fully and to the same extent as the Outstanding Bonds and all of the covenants and agreements contained in the Authorizing Resolution shall be deemed to have been made for the benefit of the Registered Owners of the Refunding Bonds as fully and to the same extent as the Registered Owners of the Outstanding Bonds. The amount of Refunding Bonds herein authorized to be issued is in addition to the amount of Turnpike Revenue Bonds previously authorized in the Authorizing Resolution.

All of the covenants, agreements, and provisions of the Authorizing Resolution, except to the extent inconsistent herewith, shall be deemed to be part of this Thirty-fourth Supplemental Resolution to the same extent as if incorporated verbatim in this Thirty-fourth Supplemental Resolution, and shall be fully enforceable in the manner provided in the Authorizing Resolution by any of the Registered Owners of the Refunding Bonds.

SECTION 6. APPLICATION OF PROCEEDS. (A) Upon receipt of the proceeds of the Refunding Bonds, the Division shall transfer and apply such proceeds as follows:

(i) The amount necessary to pay all costs and expenses of the Division in connection with the preparation, sale and issuance of the Refunding Bonds, including a reasonable charge for the services of the Division, shall be transferred to the Division to be deposited in the Bond Proceeds Trust Fund, subject to disbursement of the funds to the Bond Fee Trust Fund and the Arbitrage Compliance Fund pursuant to written instructions at the delivery of the Refunding Bonds unless such amount shall be provided from another legally available source.

(ii) The accrued interest on the Refunding Bonds, if any, shall be deposited into the Interest Account and shall be used only for the purpose of paying the interest which shall thereafter become due on the Refunding Bonds.

(iii) The amount necessary to fund the Debt Service Reserve Requirement for the Refunding Bonds shall be deposited into the Debt Service Reserve SubAccount designated by the Director pursuant to Section 7 of this resolution.

(iv) All remaining proceeds shall be transferred to the Board for deposit into a trust fund, hereby created, to be known as the "State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2013 (to be determined) Escrow Deposit Trust Fund" (hereinafter referred to as the "Escrow Deposit Trust Fund"). Such amount, together with the income on the investment thereof, and other legally available funds, if required, shall be sufficient to pay when due the entire principal of the Refunded Bonds, together with interest accrued and to accrue thereon to their respective maturity dates or, if called for redemption prior to maturity, such prior redemption dates and redemption premiums, if any, and the expenses and fees listed in the Escrow Deposit Agreement as hereinafter provided in Section 6(B)(i) below.

(B) The moneys deposited by the Board in the Escrow Deposit Trust Fund shall be administered and applied as follows:

(i) The Escrow Deposit Trust Fund shall be held in irrevocable trust by the Board and, except as provided in Section 6(B)(ii) below, shall be applied solely to refund the Refunded Bonds and to the payment of the fees and expenses incurred in connection with such refunding. The application of the moneys in the Escrow Deposit Trust Fund shall be made for said purposes pursuant to an Escrow Deposit Agreement hereby authorized to be entered into by the Division and the Board and endorsed and accepted by the Department, in a form normally utilized by the Board.

(ii) Moneys on deposit in the Escrow Deposit Trust Fund shall be used to purchase Federal Obligations (as defined in the Escrow Deposit Agreement) in accordance with the schedules given in the Escrow Deposit Agreement. The maturing Federal Obligations, the earnings thereon, if required, and the cash on deposit in the Escrow Deposit Trust Fund shall be sufficient to accomplish the refunding described above. In the alternative, in the discretion of the Director of the Division of Bond Finance, moneys on deposit in the Escrow Deposit Trust Fund shall be invested in the State Treasury, or in such other legally authorized investments, or held uninvested, until such time as such funds, together with other legally available funds, if necessary, are needed to effect the redemption of the Refunded Bonds.

(C) The proceeds derived from the sale of the Refunding Bonds shall be applied and disbursed pursuant to the provisions of the Act and this Thirty-fourth Supplemental Resolution. The Registered Owners of the Refunding Bonds shall not have any responsibility whatsoever for the application or use of any of the proceeds derived from the sale of the Refunding Bonds, and the rights and remedies of the Registered Owners of Refunding Bonds and their right to payment, pursuant to the Authorizing Resolution as supplemented by this Thirty-fourth Supplemental Resolution, shall not be affected or impaired by the application or use of such proceeds. Upon the issuance of the Refunding Bonds, all the covenants and agreements between the Board and the Registered Owners of the Refunding Bonds contained in the Authorizing Resolution and this Thirty-fourth Supplemental Resolution shall be valid and binding covenants and agreements between the Division and the Registered Owners of the Refunding Bonds without regard to the application of the proceeds of the Refunding Bonds.

SECTION 7. RESERVE REQUIREMENT. The Refunding Bonds shall be secured, together with the Outstanding Turnpike Revenue and Revenue Refunding Bonds, and any other Series of Turnpike Bonds designated to be secured thereby, by the Debt Service Reserve Subaccount in the Debt Service Reserve Account securing the Series 1998A through Series 2012A Bonds or in such other Debt Service Reserve Subaccount as may be established, as needed, by the Director.

SECTION 8. BOND REGISTRAR/PAYING AGENT. U.S. Bank Trust National Association, New York, New York, is hereby designated as the Bond Registrar/Paying Agent for the Refunding Bonds on the terms and conditions set forth in the Registrar, Paying Agent and Transfer Agreement between the State of Florida and U.S. Bank Trust National Association.

SECTION 9. AUTHORIZATION OF OFFICIAL STATEMENT. The Division is hereby authorized to prepare and distribute preliminary and final Official Statements in connection with the Refunding Bonds, on behalf of the Department, pursuant to the State Bond Act. The Chairman, Secretary or an Assistant Secretary of the Governing Board and the Director are hereby authorized to execute the final Official Statement in connection with the Refunding Bonds, and the execution thereof shall be conclusive evidence that the Governing Board has approved the form and content of the Final Official Statement. The Division is further authorized to have up to 3,000 copies of the Preliminary Official Statement and 3,000 copies of the Final Official Statement relating to the Refunding Bonds printed and distributed; to contract with national rating services; to make a determination that the Preliminary Official Statement is “deemed final” for purposes of SEC Rule 15c2-12(b)(1); to conduct information meetings; and to take such other actions as may be deemed appropriate for the dissemination of information relating to the sale of the Refunding Bonds. Any prior printing and distribution of a Preliminary Official Statement is hereby ratified.

SECTION 10. FORM OF REFUNDING BONDS. (A) Notwithstanding anything to the contrary in the Authorizing Resolution, this Thirty-fourth Supplemental Resolution, or any other resolution relating to the Refunding Bonds (for the purposes of this section, collectively, the “Resolution”), the Refunding Bonds may be issued in book-entry only form utilizing the services of a Securities Depository (as used herein, “Securities Depository” means The Depository Trust Company, New York, New York, or its nominees, successors and assigns).

So long as a book-entry only system of evidence of transfer of ownership of all the Refunding Bonds is maintained in accordance herewith, any provision of the Resolution relating to the delivery of physical bond certificates shall be inapplicable, and the Resolution shall be deemed to give full effect to such book-entry system.

If the Refunding Bonds are issued in book-entry only form:

(1) The Refunding Bonds shall be issued in the name of the Securities Depository as the Registered Owner of the Refunding Bonds, and held in the custody of the Securities Depository or its designee.

(2) Transfers of beneficial ownership of the Refunding Bonds will be effected on the records of the Securities Depository and its Participants pursuant to rules and procedures established by the Securities Depository (“Participants” include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, as well other organizations that clear through or maintain a custodial relationship with such organizations, either directly or indirectly).

(3) Each Participant shall be credited in the records of the Securities Depository with the amount of such Participant's interest in the Refunding Bonds. Beneficial ownership interests in the Refunding Bonds may be purchased by or through Participants. The holders of these beneficial ownership interests are hereinafter referred to as the “Beneficial Owners.” The Beneficial Owners shall not receive Refunding Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the Participant from which such Beneficial Owner purchased its Refunding Bonds. Transfers of ownership interests in the Refunding Bonds shall be accomplished by book entries made by the Securities Depository and, in turn, by Participants acting on behalf of Beneficial Owners.

(4) Unless otherwise provided herein, the Department, the Division of Bond Finance, the Board of Administration and the Bond Registrar/Paying Agent (as used in this section, the “State and its agents”) shall treat the Securities Depository as the sole and exclusive owner of the Refunding Bonds registered in its name for the purposes of

(a) payment of the principal of, premium, if any, and interest on the Refunding Bonds or portion thereof to be redeemed or purchased. Payments made to the Securities Depository of principal, premium, and interest shall be valid and effective to fully satisfy and discharge the Department's obligations to the extent of the sums so paid;

(b) giving any notice permitted or required to be given to Registered Owners under the Resolution; and

(c) the giving of any direction or consent or the making of any request by the Registered Owners hereunder. The State and its agents may rely conclusively upon

(i) a certificate of the Securities Depository as to the identity of the Participants with respect to the Refunding Bonds; and

(ii) a certificate of any such Participant as to the identity of, and the respective principal amount of Refunding Bonds beneficially owned by, the Beneficial Owners.

(5) The State and its agents shall have no responsibility or obligations to the Securities Depository, any Participant, any Beneficial Owner or any other person which is not shown on the Refunding Bond Register, with respect to

(a) the accuracy of any records maintained by the Securities Depository or any Participant;

(b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption or purchase price of, or interest on, any Refunding Bond;

(c) the delivery of any notice by the Securities Depository or any Participant;

(d) the selection of the Participants or the Beneficial Owners to receive payment in the event of any partial redemption of the Refunding Bonds; or

(e) any consent given or any other action taken by the Securities Depository or any Participant.

(6) The requirements in the Resolution of holding, delivering or transferring Refunding Bonds shall be deemed modified to require the appropriate person to meet the requirements of the Securities Depository as to registering or transferring the book-entry Refunding Bonds to produce the same effect. Any provision hereof permitting or requiring delivery of the Refunding Bonds shall, while the Refunding Bonds are in book-entry only form, be satisfied by the notation thereof on the books of the Securities Depository in accordance with applicable state law.

(B) The Division of Bond Finance may discontinue the book-entry system with the then-current securities depository, subject to the terms of its agreement with such securities depository. In this event, the Division of Bond Finance shall either

(1) identify another qualified securities depository or

(2) prepare and deliver replacement Refunding Bonds in the form of fully registered bonds to each Beneficial Owner.

SECTION 11. FEDERAL TAX MATTERS. Upon the execution of a “Federal tax certificate,” “non-arbitrage certificate” or other certificate relating to compliance by the Department or the Division with Federal tax law requirements, the representations, terms and covenants in each such certificate shall be deemed to be incorporated in this Thirty-fourth Supplemental Resolution and shall be deemed to benefit the Registered Owners of the Refunding Bonds.

Notwithstanding anything contained in the Authorizing Resolution to the contrary, it is the intent of the Governing Board that interest on the Refunding Bonds be and remain excluded from gross income for federal income tax purposes and therefore to comply with all requirements of federal tax law applicable to the Refunding Bonds, or any series thereof, whether such requirements are now in effect, pending or subsequently enacted. The officers, employees and agents of the Division of Bond Finance are hereby authorized and directed to take all actions necessary with respect to the Refunding Bonds and each series thereof to comply with such requirements of federal tax law.

SECTION 12. CONTINUING DISCLOSURE.

(A) In order to comply with Rule 15c2-12 of the Securities and Exchange Commission, the Department of Transportation hereby agrees to provide or cause to be provided such information as may be required, from time to time, under such rule.

(B) The Secretary of the Department, in conjunction with the appropriate officers of the Division, is authorized and directed to execute and deliver any documents or agreements which are necessary to comply with the requirements of Rule 15c2-12 and the Securities and Exchange Commission.

SECTION 13. INCIDENTAL ACTION. The members and officers of the Governing Board and the staff of the Division are hereby authorized and directed to execute and deliver such other documents, and to take such other actions as may be necessary or appropriate in order to accomplish the sale, issuance and securing of the Refunding Bonds pursuant to the terms of the Authorizing Resolution and this Thirty-fourth Supplemental Resolution, and the performance of the obligations of the Division under the Authorizing Resolution.

SECTION 14. CONFIRMATION OF AUTHORIZING RESOLUTION/PRIOR RESOLUTIONS. As supplemented by this Thirty-fourth Supplemental Resolution, the Authorizing Resolution is in all respects ratified and confirmed, and this Thirty-fourth Supplemental Resolution shall be read, taken and construed as a part of the Authorizing Resolution. All prior or concurrent resolutions or parts of resolutions inconsistent with this Resolution are hereby amended by this Resolution, including the Notice of Bond Sale, but only to the extent of any such inconsistency.

SECTION 15. EFFECTIVE DATE. This Thirty-fourth Supplemental Resolution shall take effect on the date of its adoption by the Governing Board.

Adopted by the Governor and Cabinet of the State of Florida sitting as the Governing Board of the Division of Bond Finance of the State Board of Administration of Florida, on behalf of the Department of Transportation, on March 19, 2013.

**FORM OF APPROVING OPINION OF BOND COUNSEL
GREENBERG TRAURIG, P.A.,
MIAMI, FLORIDA**

_____, 2013

State of Florida
State Board of Administration
Division of Bond Finance
1801 Hermitage Boulevard, Suite 200
Tallahassee, Florida 32308

**\$206,035,000
STATE OF FLORIDA
DEPARTMENT OF TRANSPORTATION
TURNPIKE REVENUE REFUNDING BONDS
SERIES 2013B**

Ladies and Gentlemen:

We have acted as Bond Counsel in connection with the issuance and sale by the Division of Bond Finance of the State Board of Administration of Florida (the "Division"), on behalf of the Florida Department of Transportation (the "Department"), of \$206,035,000 aggregate principal amount of State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2013B (the "2013B Bonds"), initially issued and delivered on this date pursuant to the Constitution, Article VII, Section 11(d), and laws of the State of Florida, including particularly the State Bond Act, Sections 215.57-215.83, Florida Statutes, as amended, and the Florida Turnpike Enterprise Law, Sections 338.22-338.241, Florida Statutes, as amended (hereinafter collectively referred to as the "Act"), and pursuant to the Division's Turnpike Revenue Bond Resolution (the "Original Resolution"), adopted by the Governor and Cabinet of the State of Florida, sitting as the governing board of the Division (in such capacity, the "Board"), on behalf of the Division and on behalf of the Department on October 25, 1988 and certain resolutions amending and supplementing the Original Resolution (collectively the "Resolution").

The 2013B Bonds are dated and mature on the dates in the principal amounts and bear interest at the rates determined pursuant to the Resolution and are issuable only as fully registered bonds without coupons in denominations of \$1,000 or any integral multiple thereof. Principal of and interest on the 2013B Bonds will be paid by U.S. Bank Trust National Association, New York, New York, as paying agent, or by any alternate or successor paying agent, to the registered owners or registered assigns thereof. The 2013B Bonds are not subject to redemption by the Division prior to maturity.

Proceeds of the 2013B Bonds are being used to refund all or a portion of the outstanding State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2003A, and to pay costs of issuance associated with the 2013B Bonds.

The 2013B Bonds shall be payable solely from and secured as to the payment of the principal thereof, and interest thereon, in accordance with their terms and the provisions of the Resolution solely from the Net Revenues (as defined in the Resolution and as described below). The 2013B Bonds will be on a parity as to lien and security for payment from Net Revenues with Bonds (as defined in and outstanding under the Resolution), and with additional bonds, if any, issued under and secured by the Resolution that may be outstanding from time to time. The 2013B Bonds shall not constitute a general obligation of the State of Florida or any of its agencies or political

subdivisions, nor shall the full faith and credit of the State of Florida or any of its agencies or political subdivisions be pledged to the payment of the principal of the 2013B Bonds or the interest on the 2013B Bonds.

As defined in the Resolution, Net Revenues means Gross Revenues (all Tolls, revenues, rates, fees, charges, receipts, rents and other income derived from or in connection with the operation of the Florida Turnpike, including, unless otherwise indicated by the Resolution, income from investments of funds and accounts created by the Resolution deposited in the Revenue Fund and the proceeds of any use and occupancy insurance relating to the Florida Turnpike) remaining after any necessary contribution to fund the Cost of Maintenance (all costs and expenses which are usually and ordinarily the obligation of the Department in keeping the Turnpike System as defined in the Resolution open to public travel, excluding all costs included in Cost of Operation, and excluding all costs for non-Toll roads, except feeder roads) and the Cost of Operation (all costs and expenses which arise by virtue of portions of the Turnpike System being operated as toll facilities and including the cost of collecting and accounting for Tolls, insurance, employee bond premiums, fees of consulting engineers, and all other expenses which would not be incurred if the entire Turnpike System were being operated as a non-Toll facility), after taking into account other sources of funds available to fund the Cost of Maintenance and the Cost of Operation. In this regard, it should be noted that the Department has covenanted to pay such costs from moneys in the State Transportation Trust Fund.

The Division is authorized under the Act and the Resolution to issue turnpike revenue bonds on behalf of the Department in addition to the 2013B Bonds, upon the terms and conditions set forth in the Resolution, and such bonds, when issued shall, with all other such bonds theretofore and thereafter issued, be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Resolution.

In rendering the opinion in paragraph number 4 below, we have assumed continuing compliance with the requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be met after the issuance of the 2013B Bonds in order that interest on the 2013B Bonds not be included in gross income for federal income tax purposes. The failure by the Division, the State Board of Administration or the Department to meet such requirements may cause interest on the 2013B Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the 2013B Bonds. The Division, the State Board of Administration and the Department have covenanted in the Resolution to comply with the requirements of the Code in order to maintain the exclusion from gross income for federal income tax purposes of interest on the 2013B Bonds.

In connection with the issuance of the 2013B Bonds, we have examined the Act, the Resolution, certified copies of certain proceedings of the Division, the State Board of Administration and the Department and such other documents, instruments, proceedings and opinions as we have deemed necessary to render this opinion. As to questions of fact material to our opinion, we have relied upon representations furnished to us by the Division and the Department, without undertaking to verify such representations by independent investigation.

Based upon the foregoing, we are of the opinion that:

(1) Pursuant to the Act, the Department is empowered to request the issuance of the 2013B Bonds and the Division is empowered to issue the 2013B Bonds on behalf of the Department.

(2) The Resolution has been duly adopted by the Board, is valid and binding upon the Division and the Department and is in full force and effect and enforceable in accordance with its terms. The 2013B Bonds are entitled to the benefits and security of the Resolution for the payment thereof in accordance with the terms of the Resolution.

(3) The 2013B Bonds have been duly authorized, executed and issued in accordance with the Act and the Resolution. The 2013B Bonds represent valid special obligations of the Division and of the Department, enforceable in accordance with their terms and the terms of the Resolution. The 2013B Bonds are payable solely from the sources and in the manner described in the Resolution.

(4) Under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance by the Division, the State Board of Administration and the Department with their respective covenants in the Resolution, interest on the 2013B Bonds is excluded from gross income for federal income tax purposes. Interest on the 2013B Bonds is not an item of preference for purposes of the alternative minimum tax imposed on individuals and corporations, however interest on the 2013B Bonds is taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax imposed on corporations.

(5) The 2013B Bonds and the income thereon are not subject to taxation under the laws of the State of Florida, except as to estate taxes imposed by Chapter 198, Florida Statutes, as amended, and taxes imposed by Chapter 220, Florida Statutes, as amended, on interest income or profits on debt obligations owned by corporations as defined therein.

The opinions set forth in the numbered paragraphs 2 and 3 above are subject to state and federal laws and equitable principles affecting the enforcement of creditors' rights.

Except as set forth in numbered paragraph 4 above, we express no opinion regarding other federal tax consequences resulting from the ownership, receipt or accrual of interest on, or disposition of the 2013B Bonds.

In rendering the foregoing opinions, we have assumed the accuracy and truthfulness of all public records and of all certifications, documents and other proceedings examined by us that have been executed or certified by public officials acting within the scope of their official capacities and have not verified the accuracy or truthfulness thereof.

We have also assumed the genuineness of the signatures appearing upon such public records, certifications, documents and proceedings.

Respectfully submitted,

[This page intentionally left blank]

FORM OF CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (the “Disclosure Agreement”) is executed and delivered by the State of Florida Department of Transportation (the “Department”) and the Division of Bond Finance of the State Board of Administration of Florida (the “Division”) in connection with the issuance of \$206,035,000 State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2013B (the “Bonds”). This Disclosure Agreement is being executed and delivered pursuant to Section 12 of the resolution adopted by the Governor and Cabinet, as the Governing Board of the Division on March 19, 2013, providing for the sale of the Bonds. The Department and the Division covenant and agree as follows:

SECTION 1. PURPOSE OF THE DISCLOSURE AGREEMENT. This Disclosure Agreement is being executed and delivered by the Department and the Division for the benefit of the Registered Owners and Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with Rule 15c2-12 (the “Rule”) of the Securities and Exchange Commission (the “SEC”). It shall inure solely to the benefit of the Department, the Division, the Registered Owners, the Beneficial Owners and the Participating Underwriters.

SECTION 2. DEFINITIONS. In addition to the definitions set forth in the resolution of the Governor and Cabinet of the Division of Bond Finance adopted on October 25, 1988, as amended and restated on May 17, 2005 (the “Resolution”), which apply to any capitalized term used in this Disclosure Agreement, the following capitalized terms shall have the following meanings:

“Beneficial Owner” shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“Participating Underwriter” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

SECTION 3. CONTINUING DISCLOSURE. (A) Information To Be Provided. The Department assumes all responsibilities for any continuing disclosure as described below. In order to comply with the Rule, the Department hereby agrees to provide or cause to be provided the information set forth below, or such information as may be required to be provided, from time to time, under the Rule.

(1) Financial Information and Operating Data. For fiscal years ending on June 30, 2013, and thereafter, annual financial information and operating data shall be provided within nine months after the end of the State's fiscal year. Such information shall include:

- (a) Revenue, Expense and Debt Service Coverage;
- (b) Planned Toll Changes;
- (c) Comparative Passenger Car Tolls;
- (d) Total Toll Revenues;
- (e) Concession Revenue;
- (f) Operating Expenses; and
- (g) STTF Funds available for O&M.

(2) Audited Financial Statements. If not submitted as part of the annual financial information, a copy of the Turnpike System's audited financial statements, prepared in accordance with generally accepted accounting principles, will be provided when and if available.

(3) Material Events Notices. Notice of the following events relating to the Bonds will be provided in a timely manner, not in excess of ten business days after the occurrence of the event:

- (a) principal and interest payment delinquencies;
- (b) non-payment related defaults;
- (c) unscheduled draws on debt service reserves reflecting financial difficulties;
- (d) unscheduled draws on credit enhancements reflecting financial difficulties;
- (e) substitution of credit or liquidity providers, or their failure to perform;
- (f) adverse tax opinions the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security;
- (g) modifications to rights of security holders, if material;
- (h) bond calls, if material, and tender offers;
- (i) defeasances;
- (j) release, substitution or sale of property securing repayment of the securities, if material;
- (k) rating changes
- (l) bankruptcy, insolvency, receivership or similar event of the obligated person;
- (m) the consummation of merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- (n) appointment of a successor or additional trustee or the change of name of a trustee, if material.

(4) Failure to Provide Annual Financial Information; Remedies.

- (a) Notice of the failure of the Department to provide the information required by paragraphs (A) (1) or (A)(2) of this Section will be provided in a timely manner.
- (b) The Department acknowledges that its undertaking pursuant to the Rule set forth in this Section is for the benefit of the Beneficial Owners and Registered Owners of the Bonds and shall be enforceable only by such Beneficial Owners and Registered Owners; provided that the right to enforce the provisions of such undertaking shall be conditioned upon the same enforcement restrictions as are applicable to the information undertakings in the Resolution and shall be limited to a right to obtain specific enforcement of the Department's obligations hereunder.

(B) Methods of Providing Information.

(1)(a) Annual financial information and operating data described in paragraph 3(A)(1) and the audited financial statements described in paragraph 3(A)(2) shall be transmitted to the Municipal Securities Rulemaking Board (hereafter "MSRB") using the MSRB's Electronic Municipal Market Access System ("EMMA") or by such other method as may be subsequently determined by the MSRB.

(b) Material event notices described in paragraph 3(A)(3) and notices described in paragraph 3(A)(4) shall also be transmitted to the MSRB using EMMA or by such other method as may be subsequently determined by the MSRB.

(2)(a) Information shall be provided to the MSRB in an electronic format as prescribed by the MSRB, either directly, or indirectly through an indenture trustee or a designated agent.

(b) All documents provided to the MSRB shall be accompanied by identifying information as prescribed by the MSRB.

(C) If this Disclosure Agreement is amended to change the operating data or financial information to be disclosed, the annual financial information containing amended operating data or financial information will explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

(D) The Department's obligations hereunder shall continue until such time as the Bonds are no longer Outstanding or until the Department shall otherwise no longer remain obligated on the Bonds.

(E) This Disclosure Agreement may be amended or modified so long as:

(1) any such amendments are not violative of any rule or regulation of the SEC or MSRB, or other federal or state regulatory body;

(2) the amendment may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the obligated person, or type of business conducted;

(3) this Disclosure Agreement, as amended, would have complied with the requirements of Rule 15c2-12 of the SEC at the time of the primary offering, after taking into account any amendments or interpretations of the rule, as well as any change in circumstances; and

(4) the amendment does not materially impair the interests of Beneficial Owners or Registered Owners, as determined either by parties unaffiliated with the issuer or obligated person (such as bond counsel), or by approving vote of the Beneficial Owners and Registered Owners pursuant to the terms of the Resolution at the time of the amendment.

SECTION 4. ADDITIONAL INFORMATION. If, when submitting any information required by this Disclosure Agreement, the Department chooses to include additional information not specifically required by this Disclosure Agreement, the Department shall have no obligation under this Disclosure Agreement to update such information or include it in any such future submission.

Dated this 22nd day of August, 2013.

PROVISIONS FOR BOOK-ENTRY ONLY SYSTEM OR REGISTERED BONDS**The Depository Trust Company and Book-Entry Only System**

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE DIVISION BELIEVES TO BE RELIABLE; HOWEVER, THE DIVISION TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

DTC will act as securities depository for the State of Florida, Department of Transportation Turnpike Revenue Refunding Bonds, Series 2013B (the "2013B Bonds"). The 2013B Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the 2013B Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities and Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants" and together with Direct Participants, the "Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the 2013B Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2013B Bonds on DTC's records. The ownership interest of each actual purchaser of each 2013B Bond (a "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2013B Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2013B Bonds, except in the event that use of the book-entry system is discontinued.

To facilitate subsequent transfers, all 2013B Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2013B Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in Beneficial Ownership. DTC has no knowledge of the actual Beneficial Owners of the 2013B Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2013B Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2013B Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect

to the 2013B Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2013B Bond documents. For example, Beneficial Owners of 2013B Bonds may wish to ascertain that the nominee holding the 2013B Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners.

Redemption notices shall be sent to DTC. If less than all of the 2013B Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2013B Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Division as soon as practicable after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2013B Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and principal and interest payments on the 2013B Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Bond Registrar/Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, (nor its nominee), the Bond Registrar/Paying Agent, the Division, or the Florida Department of Transportation (the "Department"), subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Bond Registrar/Paying Agent; disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services with respect to the 2013B Bonds at any time by giving reasonable notice to the Division or Bond Registrar/Paying Agent and discharging its responsibilities with respect thereto under applicable law. The Division may decide to discontinue use of the system of book-entry transfers for the 2013B Bonds through DTC (or a successor securities depository). Under such circumstances, in the event that a successor securities depository is not obtained, certificates for the 2013B Bonds will be printed and delivered as provided in the documents authorizing the issuance and sale of the 2013B Bonds.

For every transfer and exchange of beneficial interests in the 2013B Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other government charge that may be imposed in relation thereto.

So long as Cede & Co., as nominee of DTC, is the registered owner of the 2013B Bonds, references herein to the Registered Owners or Holders of the 2013B Bonds shall mean Cede & Co. and not mean the Beneficial Owners of the 2013B Bonds unless the context requires otherwise.

The Division, the Department and the Bond Registrar/Paying Agent will not have any responsibility or obligation with respect to:

- (i) the accuracy of the records of DTC, its nominee or any DTC Participant or any successor securities depository, participants thereof or nominee thereof with respect to any beneficial ownership interest in the 2013B Bonds;
- (ii) the delivery to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any notice with respect to any 2013B Bond, including, without limitation, any notice of redemption;
- (iii) the payment to any DTC Participant or participant of any successor securities depository or any other person, other than a registered owner, as shown in the Bond Register, of any amount with respect to the principal of, premium, if any, or interest on the 2013B Bonds, or the purchase price of, any 2013B Bond;
- (iv) any consent given by DTC or any successor securities depository as registered owner; or

- (v) the selection by DTC or any DTC Participant or by any successor depository or its participants of the beneficial ownership interests in the 2013B Bonds for partial redemption.

So long as the 2013B Bonds are held in book-entry only form, the Division, the Department and the Bond Registrar/Paying Agent may treat DTC and any successor Securities Depository as, and deem DTC and any successor Securities Depository to be, the absolute owner of the 2013B Bonds for all purposes whatsoever, including, without limitation:

- (i) the payment of the principal of, premium, if any, and interest on the 2013B Bonds;
- (ii) giving notices of redemption and other matters with respect to the 2013B Bonds;
- (iii) registering transfers with respect to the 2013B Bonds; and
- (iv) the selection of the beneficial ownership interests in the 2013B Bonds for partial redemption.

Payment, Registration, Transfer and Exchange

The following provisions shall only be applicable if the book-entry-only system of registration is discontinued; for provisions which are applicable while the book-entry only system of registration is in effect, see "Book-Entry Only System" above.

The Division, the Department and the Bond Registrar/Paying Agent may treat the Registered Owner of any 2013B Bond as the absolute owner for all purposes, whether or not such 2013B Bond is overdue, and will not be bound by any notice to the contrary.

Principal of and premium, if any, on the 2013B Bonds will be payable upon presentation and surrender of the 2013B Bonds when due at the corporate trust office of U.S. Bank Trust National Association, New York, New York, as Bond Registrar/Paying Agent.

Each 2013B Bond will be transferable or exchangeable only upon the registration books by the Registered Owner or an attorney duly authorized in writing, upon surrender of such 2013B Bond to the Bond Registrar/Paying Agent together with a written instrument of transfer (if so required) satisfactory in form to the Division of Bond Finance and the Bond Registrar/Paying Agent, duly executed by the Registered Owner or a duly authorized attorney. Upon surrender to the Bond Registrar/Paying Agent for transfer or exchange of any 2013B Bond, duly endorsed for transfer or accompanied by an assignment in accordance with the Resolution, the Bond Registrar/Paying Agent will deliver in the name of the transferee(s) a fully registered 2013B Bond of authorized denomination of the same maturity for the aggregate principal amount which the Registered Owner is entitled to receive.

Neither the Division nor the Bond Registrar/Paying Agent may charge the Registered Owner or transferee for any expenses incurred in making any exchange or transfer of the 2013B Bonds. However, the Division and the Bond Registrar/Paying Agent may require payment from the Registered Owner of a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in relation thereto. Such governmental charges and expenses must be paid before any such new 2013B Bond is delivered.

The Bond Registrar/Paying Agent will not be required to issue, transfer or exchange any 2013B Bonds on the Record Date.
