Cash Will No Longer Be Accepted on Florida's Turnpike Mainline

Beginning at 2 a.m. Monday, November 8, cash will no longer be accepted to pay for tolls between the Lantana and Three Lakes Toll Plazas, making Florida's Turnpike Mainline (SR 91) an electronic toll facility. Electronic toll collection is the safest, most efficient way to collect tolls as it keeps customers moving, with no need to stop and pay or collect a ticket.

What payment methods do you accept if you are not collecting cash?

Using the latest in toll technology, tolls will only be accepted using a SunPass, E-Pass, E-ZPass, Peach Pass, Quick Pass, Leeway, or TOLL-BY-PLATE.

What is TOLL-BY-PLATE?

TOLL-BY-PLATE is a payment option for customers on electronic toll facilities who do not have a SunPass or any other Florida-accepted transponder. A photo is taken of the vehicle's license plate and an invoice is mailed for the toll(s) incurred over a 30-day period, plus a \$2.50 administrative charge. You can also avoid the administrative charge by linking your credit or debit card to a TOLL-BY-PLATE account to pay for future tolls.

Since I do not have a transponder, does that mean I will be billed using TOLL-BY-PLATE?

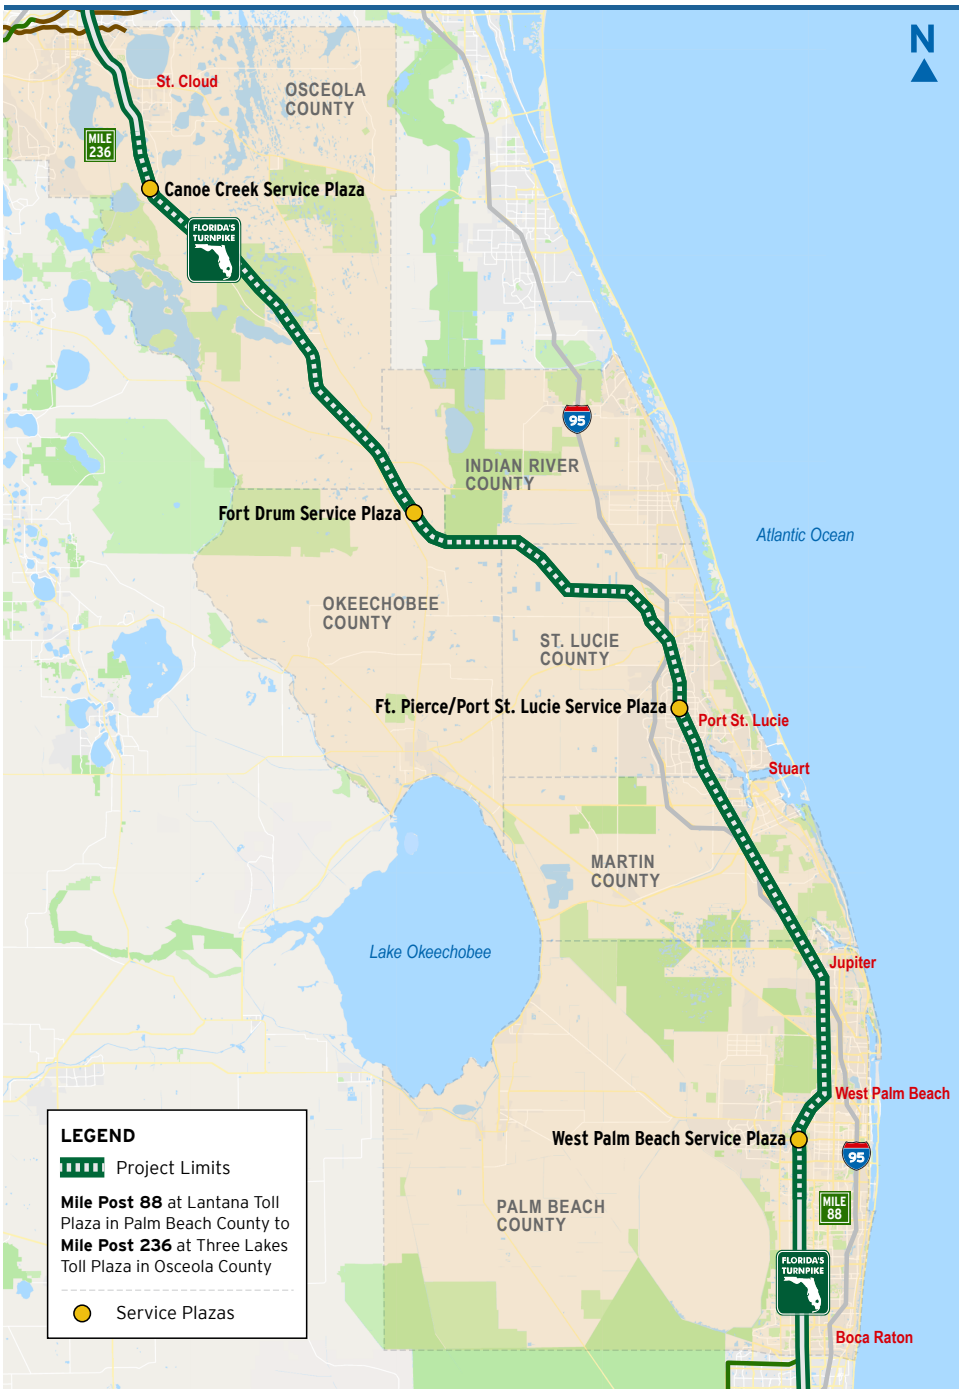

Yes. When you travel through a tolling point and an active SunPass or any other Florida-accepted transponder is not detected, you will be billed using TOLL-BY-PLATE. Therefore, if you are traveling between the Lantana and Three Lakes Toll Plazas, you could pick up a toll ticket at one location and find no one to collect your cash payment at the end of your trip. There is no need to worry. You do not have to stop since you will receive an invoice in the mail for your toll payment, plus the monthly administrative charge of \$2.50 per invoice.

How can I avoid the administrative charge?

Get a SunPass Mini starting at just \$4.99! If you want to travel in Florida and 18 other states, get a SunPass PRO for \$14.95. With SunPass you will always pay the lowest toll rates in Florida. Plus, you save an average of 25% on tolls when compared to TOLL-BY-PLATE. If you still want to pay cash, you can use cash to reload your SunPass at thousands of retail locations in Florida.

Where can I purchase a SunPass?

You can purchase SunPass at Turnpike Service Plazas or Gas Station convenience stores. If you need assistance, the SunPass Mobile Service Center team will be at the Ft. Pierce Service Plaza tonight, from 6 p.m. to midnight. You can also visit a Plaza Ambassador at the following service plazas from midnight to 8:30 a.m. - West Palm Beach, Fort Drum, Canoe Creek, Turkey Lake and Okahumpka. To learn more about the benefits of being a SunPass customer, please visit SunPass.com.
