

About the Project

Project Overview

This project covers approximately 8 miles of the Sawgrass Expressway (SR 869) mainline and includes the following three construction segments:

- NW 8th Street to Sunrise Boulevard (FPID 437155-5)
- Sunrise Boulevard to Oakland Park Boulevard (FPID 437155-1)
- Oakland Park Boulevard to Commercial Boulevard (FPID 437155-6)

Key Improvements:

- Widening from six to 10 lanes
- Interchange improvements at:
 - Sunrise Boulevard (CR 838)
 - Pat Salerno Drive
 - Oakland Park Boulevard (CR 816)
 - Commercial Boulevard (CR 870)
- New interchange at NW 8th Street

Related Projects

The majority of the Sawgrass Expressway (SR 869) is located on the western fringes of the Broward County urban area and is designated as an evacuation route providing connectivity to other evacuation routes such as I-75, the Florida's Turnpike Mainline (SR 91) and I-95.

Widening of the Sawgrass Expressway (SR 869) from south of NW 8th Street to south of SR 7/US 441 and corresponding interchange improvements will occur through a series of related projects which include:

- Atlantic Boulevard Interchange
- Atlantic Boulevard to Sample Road
- Sunrise Boulevard to Oakland Park Boulevard
- NW 8th Street to Sunrise Boulevard
- University Drive to SR 7/US 441
- Sample Road to University Drive
- Oakland Park Boulevard to Commercial Boulevard

- LEGEND:**
- Sawgrass Expressway Widening Limits
 - NW 8th Street to Sunrise Boulevard
 - Sunrise Boulevard to Oakland Park Boulevard
 - Oakland Park Boulevard to Commercial Boulevard
 - Interchange Improvements
 - New Interchange
